collection contains any pictures Instead each book gives you information a typical guidebook ignores history fun facts and interesting sights along the way This isn't to say that there are no pictures involved in a Travel Bits collection Each Travel Bits collection is optimized for reading as an e book This format makes each Travel Bit interactive with links to official websites and other information where it is appropriate Thus instead of raising the cost of the book to include pictures we take advantage of the Internet's enormous wealth of information to take you to where the pictures already exist In case it isn't obvious because of the interactive nature of e books we highly recommend reading the Travel Bits collections using an e book reader as the print versions do not have these interactive features Thank you and please enjoy this entry in the Travel Bits series
