Institute the book is rich in new materials drawn from the GRI's diverse Mexican and South American surrealist collections which include the archives of Vicente Huidobro, Enrique Gómez Correa, César Moro, Enrique Lihn and Emilio Westphalen.

*Many-Valued Aesthetics* Hauke Ohls, 2024-08-02 Yes No Perhaps are the most written words in Mary Bauermeister's artworks. Together they stand for the concept of many-valued aesthetics in the German artist's oeuvre: an aesthetic that Bauermeister developed using many-valued logic. Hauke Ohls brings the artist's central groups of works in context with each other as well as with the neo-avant-garde of the post-war period in Europe and the USA. He shows that the development of Bauermeister's art may appear disparate but her canvas and relief works, drawings and writing, pictures, lens boxes and stone pictures are characterized by a reciprocal relationship of combinations and interconnections. Through the ubiquitous use of meta-references the entire oeuvre ultimately appears as an interconnected assemblage.

History of the Surrealist Movement Gérard Durozoi, 2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s, Durozoi tells the history of Surrealism through its activities, publications and reviews, demonstrating its close ties to some of the most explosive political as well as creative debates of the twentieth century. Unlike other histories which focus mainly on the pre-World War II years of the movement in Paris, Durozoi covers both a wider chronological and geographic range, treating in detail the postwar years and Surrealism's colonization of Latin America, the United States, Japan, Czechoslovakia, Belgium, Italy and North Africa. Drawing on documentary and visual evidence including 1,000 photos, many of them in color, he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting, photography and film. All the Surrealist stars and their most important works are here: Aragon, Borges, Breton, Buñuel, Cocteau, Crevel, Dalí, Desnos, Ernst, Man Ray, Soupault and many more, for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text.

**Surrealism and film after 1945** Kristoffer Noheden, Abigail Susik, 2021-07-06 This is the first volume to focus on the diverse permutations of international surrealist cinema after the canonical interwar period. The collection features eleven original contributions by prominent scholars such as Tom Gunning, Michael Lwy, Gavin Parkinson and Michael Richardson alongside other leading and emerging researchers. An introductory chapter offers a historical overview as well as a theoretical framework for specific methodological approaches. The collection demonstrates that renowned figures such as Leonora Carrington, Maya Deren, Alejandro Jodorowsky and Jan van Kesteren took part in shaping a vibrant and distinctive surrealist film culture following the Second World War. Addressing highly influential films and directors related to international surrealism during the second half of the twentieth century, it expands the purview of both surrealism and film studies by situating surrealism as a major force in postwar cinema.

**Georges Bataille** Dr Michael Richardson, Michael Richardson, 2005-07-26 George Bataille 1867-1962 is widely recognized as one of the most important thinkers of the twentieth century. **The Absence of Myth** Georges Bataille,2024-11-19 For Bataille the absence of myth had itself become the myth of the modern age In a world that had lost the secret of its cohesion Bataille saw surrealism as both a symptom and the beginning of an attempt to address this loss His writings on this theme are the result of profound reflection in the wake of World War Two The Absence of Myth is the most incisive study yet made of surrealism insisting on its importance as a cultural and social phenomenon with far reaching consequences Clarifying Bataille s links with the surrealist movement and throwing revealing light on his complex and greatly misunderstood relationship with Andre Breton The Absence of Myth shows Bataille to be a much more radical figure than his postmodernist devotees would have us believe a man who continually tried to extend Marxist social theory a pessimistic thinker but one as far removed from nihilism as can be Introduced and translated by Michael Richardson
