Chicago Hustle and Flow Geoff Harkness, 2014-09-01 On September 4 2012 Joseph Coleman an eighteen year old aspiring gangsta rapper was gunned down in the Englewood neighborhood of Chicago Police immediately began investigating the connections between Coleman s murder and an online war of words and music he was having with another Chicago rapper in a rival gang In *Chicago Hustle and Flow* Geoff Harkness points out how common this type of incident can be when rap groups form as extensions of gangs Gangs and rap music he argues can be a deadly combination Set in one of the largest underground music scenes in the nation this book takes readers into the heart of gangsta rap culture in Chicago From the electric buzz of nightclubs to the sights and sounds of bedroom recording studios Harkness presents gripping accounts of the lives beliefs and ambitions of the gang members and rappers with whom he spent six years A music genre obsessed with authenticity gangsta rap promised those from crime infested neighborhoods a ticket out of poverty But while firsthand experiences with gangs and crime gave rappers a leg up it also meant carrying weapons and traveling collectively for protection Street gangs serve as a fan base and provide protection to rappers who bring in income and help to recruit for the gang In examining this symbiotic relationship *Chicago Hustle and Flow* ultimately illustrates how class stratification creates and maintains inequalities even at the level of a local rap music scene

Music Production Michael Zager, 2012 The guidance of a skilled music producer will always be a key factor in producing a great recording In that sense as Michael Zager points out in his second edition of *Music Production For Producers Composer Arrangers and Students* the job of a music producer is analogous to that of a film director polishing work product to its finest sheen And this is no small matter in an age when the recording industry is undergoing its most radical change in over half a century Although innate talent and experience are key elements in the success of any music producer *Music Production* serves as a roadmap for navigating the continuous changes in the music industry and music production technologies From dissecting compositions to understanding studio technologies from coaching vocalists to arranging and orchestration from musicianship to marketing advertising to promotion *Music Production* takes readers on a whirlwind tour of the world of music production letting readers keep pace with this rapidly changing profession The focus of the second edition is on such topics as the expanded role of music supervisors the introduction of new production techniques and the inclusion of new terms in music industry contracts Including new interviews with eminent industry professionals *Music Production* is the ideal handbook for the aspiring music production student and music professional

Truth and Consequences Mike Miley,2019-12-30 Although nearly every other television form or genre has undergone a massive critical and popular reassessment or resurgence in the past twenty years the game show s reputation has remained both remarkably stagnant and remarkably low Scholarship on game shows concerns itself primarily with the history and aesthetics of the form and few works assess the influence the format has had on American society or how the aesthetics and rhythms of contemporary life model themselves on the aesthetics and rhythms of game shows In *Truth and Consequences Game Shows in Fiction and Film* author Mike Miley seeks to broaden the conversation about game shows by studying how they are represented in fiction and film Writers and filmmakers find the game show to be the ideal metaphor for life in a media saturated era from selfhood to love to family to state power The book is divided into rounds each chapter looking at different themes that books and movies explore via the game show By studying over two dozen works of fiction and film bestsellers blockbusters disasters modern legends forgotten gems award winners self published curios and everything in between *Truth and Consequences* argues that game shows offer a deeper understanding of modern day America a land of high stakes spectacle where a game show host can become president of the United States

In the Zone Peter Wolfe,1997 The *Twilight Zone* explores the possibilities inhering in the ordinary A *Twilight Zone* episode can move us by being poignant and intimate rambunctious or thought provoking It can also be orchestrated as a set of intertwined plot developments or as a serial progression But regardless of whether it takes place on an asteroid in a city pool room or in the backwoods it will usually convey both a folklorist s eye for detail and the born

raconteur's sense of pace Rod Serling the show's founder main scriptwriter and artistic director knew how much burden he could place on his rhetorical and dramatic gifts Deservedly celebrated as a pioneer in TV science fiction he also writes about history and loyalty the grip of everyday reality and the dangers of both forgetting about one's ghosts and giving them the upper hand

Recording Studio Design Philip Newell, 2013-04-26 Philip Newell's comprehensive reference work contains pearls of wisdom which anyone involved in sound recording will want to apply to their own studio design He discusses the fundamentals of good studio acoustics and monitoring in an exhaustive yet accessible manner Recording Studio Design covers the basic principles their application in practical circumstances and the reasons for their importance to the daily success of recording studios All issues are approached from the premise that most readers will be more interested in how these things affect their daily lives rather than wishing to make an in depth study of pure acoustics Therefore frequent reference is made to examples of actual studios their various design problems and solutions Because of the importance of good acoustics to the success of most studios and because of the financial burden which failure may impose getting things right first time is essential The advice contained in Recording Studio Design offers workable ways to improve the success rate of any studio large or small
