Challenges of Policing Democracies Dilip Das,Marenin Otwin,2012-10-12 In this text the editors analyze the diverse situations that police forces operate under and the challenges that they face in different kinds of democracies This cross cultural comparison of various systems highlights the universal observation that police are a anomaly in a democracy and explores how various influences for example large scale social violence a zeal for crime fighting and vulnerability to temptation often find police incapable of behaving in a democratic manner Challenges of Policing Democracies goes beyond just showing the similarities and differences of the policing challenges democratic societies face it also examines the responses and remedies adopted by police in various countries at different levels of democratic achievement and how every society struggles with the challenges of preserving democratic values without sacrificing the effectiveness of policing

Reclaiming the Streets Roy Coleman,2012-12-06 In an age of mass camera surveillance people in the UK have become the most watched catalogued and categorised people in the western world all with little public debate or opposition Nor has there been much more critical research that understands CCTV within the broader social relations out of which it has grown and consolidated The aim of this book is to analyse the use of CCTV within this broader social political and ideological context focusing on relations between surveillance power and social order using Liverpool as a case study At the same time the book provides a study of social control in Liverpool city centre exploring the development of and meaning attributed to social control practices by those at the centre of the implementation and management of these practices As such the book is a study of the locally powerful their organisation through the local state and their perceptions of order and disorder in the city centre Liverpool s CCTV network is thus seen as emblematic of the developments in social control which the book explores The book makes a key contribution to theoretical debates around social control in four respects it places the analysis of CCTV within an understanding of the social relations in which the technology emerged it analyses CCTV as a normative tool of social control and not merely as a piece of crime prevention technology it considers how social scientists and criminologists think about and understand social control in the contemporary setting and finally it seeks to draw lessons

from the Liverpool case study and considers their applicability to the study of CCTV more generally
