The Oxford Handbook of Leader-Member Exchange Talya N. Bauer, Berrin Erdogan, 2015-08-14 Leader member exchange LMX is the foremost dyadic theory in the leadership literature Whereas contemporary leadership theories such as transformational servant or authentic leadership theories focus on the effects of leader behaviors on employee attitudes motivation and team outcomes relational leadership theory views the dyadic relationship quality between leaders and members as the key to understanding leader effects on members teams and organizations This approach views trust and respect based relationships as the cornerstone of leadership LMX has grown from a new theory in the 1970s to a mature area of research in 2015 Interest in this theory has increased rapidly over the past four decades and the pace of research in this area continues to accelerate dramatically The Oxford Handbook of Leader Member Exchange takes stock of the literature to examine its roots what is currently known what research gaps may exist and what areas are in need of the most urgent research

Visions of the American West Gerald F. Kreyche, 2014-07-11 Countless studies of the American West have been written from the viewpoint of history psychology sociology and anthropology But the West has seldom been written about with the reflective pen of a philosopher Offering more than a fresh retelling in thoroughly human terms of the major historical events of the nineteenth century West Gerald Kreyche also leads the reader in a search for the spirit of the West itself That spirit was one with the American Dream which offered freedom individualism and self sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny Although the West was and is the most American part of America itself its natural wonders its spacious grandeur its myths and mystique have captured the hearts and imaginations of people the world over We have all experienced the quickened pulse at the mention of things indelibly western tumbleweed mountain men high plains cowboys and Indians sod houses coyotes and grizzlies And who doesn't react to such bigger than life figures as Jim

Bridger Buffalo Bill George Armstrong Custer Sitting Bull and Crazy Horse The personal humdrum of our times rapidly disappears when through the magic of western films TV shows and books we vicariously lose ourselves and then find ourselves in the American West of a bygone time The West then produced a quasi separate culture And as each culture must it gave birth to its own ethos its own special character its own tone and set of guiding beliefs Kreyche contends that in the process of westering the veneer of the sophisticated easterner was sloughed off leaving in sharp outline the frontiersman and the pioneer In their own manner these men and women produced a new species of homo americanus **The Bass**
