Conversations on Justice from National, International, and Global Perspectives Jean-Marc Coicaud, Lynette E. Sieger, 2019-01-03 Authors from a variety of fields including law political science international relations and economics discuss matters of justice at the national international and global levels

Justice and Law María José Falcón y Tella, 2014-05-08 Apart from considering classical theories of justice from Aristotle Plato Saint Thomas Aquinas the Bible and the Quran the aim of *Justice and Law* is to focus on the contemporary vista reviewing some of the modern ideas of justice advanced by legal philosophers of our time such as John Rawls Jürgen Habermas Ronald Dworkin Robert Nozick Richard A. Posner Wojciech Sadurski Marxism or Feminist Theories In the second part of the work María José Falcón y Tella deals with some of the principal themes relating to justice such as punishment civil disobedience conscientious objection just war conflict of duties and tolerance

Civil Disobedience in Global Perspective Michael Allen, 2017-07-12 This book explores a hitherto unexamined possibility of justifiable disobedience opened up by John Rawls *Law of Peoples* This is the possibility of disobedience justified by appeal to standards of decency that are shared by peoples who do not otherwise share commitments to the same principles of justice and whose societies are organized according to very different basic social institutions Justified by appeal to shared decency standards disobedience by diverse state and non state actors indeed challenge injustices in the international system of states The book considers three case studies disobedience by the undocumented disobedient challenges to global economic inequities and the disobedient disclosure of government secrets It proposes a substantial analytical redefinition of civil disobedience in a global perspective identifying the creation of global solidarity relations as its goal Michael Allen breaks new ground in our understanding of global justice Traditional views such as those of Rawls see justice as a matter of recognizing the moral status of all free and equal person as citizens in a state Allen argues that this fails to see things from the global perspective From this perspective disobedience is not merely a matter of social cooperation Rather it is a matter of self determination that guarantees the invulnerability of different types of persons and peoples to domination This makes the disobedience by the undocumented justified based on the idea that all persons are moral equals so that all sovereign peoples need to reject

dominating forms of social organization for all persons and not just their own citizens In an age of mass movements of people Allen gives us a strong reason to change our practices in treating the undocumented James Bohman St Louis University Danforth Chair in the Humanities This monograph is an important contribution to our thinking on civil disobedience and practices of dissent in a globalized world This is an era where non violent social movements have had a significant role in challenging the abuse of power in contexts as diverse yet interrelated as the Arab Spring protests and the Occupy protests Moreover while protests such as these speak to a local political horizon they also have a global footprint catalyzing a transnational dialogue about global justice political strategy and cosmopolitan solidarity Speaking directly to such complexities Allen makes a compelling case for a global perspective regarding civil disobedience Anyone interested in how the dynamics of non violent protest have shaped and reshaped the landscape for democratic engagement in a globalized world will find this book rewarding and insightful Vasuki Nesiah New York University Juvenile Justice in Global Perspective Franklin E. Zimring,Maximo Langer,David S. Tanenhaus,2017-05 Provides a comparison of criminal justice and juvenile justice systems across the world looking for points of comparison and policy variance that can lead to positive change in the United States Contributors discuss important issues such as the relationship between political change and juvenile justice the common labels used to unify juvenile systems in different regions and in different forms of government the types of juvenile systems that exist and how they differ and more Furthermore they use data on criminal versus juvenile justice in a wide variety of nations to create a new explanation of why separate juvenile and criminal courts are felt to be necessary From publisher description *Handbook of Transdisciplinarity: Global Perspectives* Roderick J. Lawrence,2023-05-09 This expansive Handbook guides readers through a multi layered landscape of the interpretations and uses of transdisciplinary thinking and practices worldwide It advances understanding of the strengths and limits of transdisciplinary research in the context of societal power relations institutional structures and social inequalities This title contains one or more Open Access chapters When Ministry Hurts Dale Scott Sanger,2024-11-26 Pentecostal clergy are among a group of professionals who may suffer from personal trauma and may also be susceptible to vicarious trauma Pentecostal theology does not have adequate resources to help clergy persons amid trauma to aid in comprehending what they are going through especially when there is no relief from the traumatic symptoms for the sufferer This phenomenological study and theological analysis reveals that there is a triumphalistic attitude within Pentecostalism that does not adequately prepare pastors to understand or cope with trauma The way forward is for clergy to understand trauma not through traditional Pentecostal theology but by incorporating Martin Luther s theologia crucis and his practice of lament into existing Pentecostal theology and praxis Consideration of literature on trauma studies Pentecostal theology and Luther s theology of the cross and his practice of lament are utilized to highlight the need and the suggested remedy

When Did we See You Naked? Jayme R. Reaves,David

Tombs,Rocio Figueroa,2021-03-31 Was the stripping and exposure of Jesus a form of sexual abuse If so why does such a reading of Jesus suffering matter The combined impact of the MeToo movement and a further wave of global revelations on church sexual abuse have given renewed significance to recent work naming Jesus as a victim of sexual abuse Timely and provocative When did we see you naked presents the arguments for reading Christ as an abuse victim as well as exploring how the position might be critiqued and what implications and applications it might offer to the Church

Here We Stand Craig L.

Nessan,Victor I. Vieth,2025-07-17 Although the life and writings of Martin Luther and other reformers have a great deal to

say about children and our need to protect them from maltreatment this legacy of the Lutheran churches and of Christianity as a whole has largely been forgotten Here We Stand reclaims the Lutheran heritage as it sets forth a Lutheran theological and ethical foundation for the church's response to child abuse The book models rooting our response to child abuse in fertile biblical and theological soil Written by Lutheran theologians and child abuse prevention experts the groundbreaking book provides practical direction for the pastoral ministry of clergy and for congregations that wish to develop robust policies and practices in order to protect children Part 1 Lutheran Theological Foundations for Addressing Child Abuse explores core Lutheran commitments by retrieving historical confessional and theological sources Part 2 Lutheran Interpretation of Challenging Biblical Texts addresses misinterpretations of Scripture and the Lutheran traditions Part 3 Lutheran Theology Addressing the Sin of Child Abuse provides practical instruction for ministry challenges related to child abuse

International Perspectives on Consumers' Access to Justice Charles E. F. Rickett, Thomas G. W. Telfer, 2003-03-20 Consumer protection law in the age of globalisation poses new challenges for policy makers This book highlights the difficulties of framing regulatory responses to the problem of consumers access to justice in the new international economy The growth of international consumer transactions in the wake of technological change and the globalisation of markets suggests that governments can no longer develop consumer protection law in isolation from the international legal arena Leading scholars consider the broader theme of access to justice from socio legal law and economics perspectives Topics include standard form contracts the legal challenges posed by mass infections such as mad cow disease and CJD ombudsman schemes class actions alternative dispute resolution consumer bankruptcy conflict of laws and cross border transactions This book demonstrates that advancing and achieving access to justice for consumers proves to be a challenging and sometimes elusive task

African American Readings of Paul Lisa M. Bowens, 2020-10-13 The letters of Paul especially the verse in Ephesians directing slaves to obey their masters played an enormous role in promoting slavery and justifying it as a Christian practice Yet despite this reality African Americans throughout history still utilized Paul extensively in their own work to protest and resist oppression responding to his theology and teachings in numerous often starkly divergent and liberative ways In the first book of its kind Lisa Bowens takes a historical theological and biblical approach to explore interpretations of Paul within African American communities over the past few centuries She surveys a wealth of primary sources from the early 1700s to the mid twentieth century including sermons conversion stories slave petitions and autobiographies of ex slaves many of which introduce readers to previously unknown names in the history of New Testament interpretation Along with their hermeneutical value these texts also provide fresh documentation of Black religious life through wide swaths of American history African American Readings of Paul promises to change the landscape of Pauline studies and fill an important gap in the rising field of reception history
