Miracles, Mysteries, and Prayer Philip S. Berg, 1993 Why do our prayers seem to go unanswered Do miracles really exist Can we ever know all the mysteries of our universe In *Miracles Mysteries and Prayer* Rav Berg takes us on a compelling journey where we discover many insightful secrets revealing a mysterious connection between the universe out there and the universe within ourselves The life enriching concepts of Kabbalah provide a clear light onto the profound answers and solutions that we personally seek We begin to realize that prayer can solve many of our own mysteries and create a miracle or two in our own lives as well The ancient Kabbalists provided us with a technology for
