Kansas Pioneers:

THE LINDSEYS - KANSAS PIONEERS 1855 - 2024 Marvin L, Steven E Lindsey, 2024-03-03 This book was written largely for the benefit of the writers children and grandchildren so they would know something of the life and hardships faced by their pioneering ancestors It was inspired by their questions about our childhood and youth and their own memories of many visits to the Kansas farms of their grandparents and great grandparents However we think many other readers will enjoy learning something about what it was like growing up on a midwestern farm in the 1940s and 50s A time that was in many ways much simpler but certainly not easy We had the privilege of knowing personally grandparents and great grandparents who had lived through the many profound changes that occurred around the change of the century Automobiles tractors and telephones had only arrived on the farm about 30 years earlier and the grandparents barns and garages were still filled with horse drawn equipment and harnesses from an earlier era Electricity and graveled roads only occurred after WWII in our memory and running water and indoor bathrooms were still not common on many farms as late as 1955 It was a different and changing world of which we were privileged to be a part Almost all our relatives lived nearby and neighbors all knew us and didn't hesitate to let our parents know if we were up to any mischief We were expected to take responsibility work hard always be truthful stay out of trouble study hard and plant straight rows All are excellent traits that unfortunately are not as valued today as they were then In the book we have shared some history of the area and some stories of incidents from our lives that were not uncommon among farm families We hope readers enjoy learning about us and our families

Hope Amid Hardship Linda Johnston, 2013-08-06 Why did they stay Despite the challenges of loneliness drought and political turmoil Kansas pioneers faced many found and wrote about joy and beauty in their adopted communities Letters and diaries describe the times that gave them reason to sing dance and celebrate moments when their burdens were lighter This volume brings together reflections of 50 individuals of different ages backgrounds and outlooks who helped shape the identity of the Sunflower State

Pioneer Women Joanna Stratton, 2013-05-28 From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century Joanna Stratton has created a collection hailed by Newsweek as uncommonly interesting and a remarkable distillation of primary sources Never before has there been such a detailed record of women's courage such a living portrait of the women who civilized the American frontier Here are their stories wilderness mothers schoolmarm Indian squaws immigrants homesteaders and circuit riders Their personal recollections of prairie fires locust plagues cowboy shootouts Indian raids and blizzards on the plains vividly reveal the drama danger and excitement of the pioneer experience These were women of relentless determination whose tenacity helped them to conquer loneliness and

privation Their work was the work of survival it demanded as much from them as from their men and at last that partnership has been recognized These voices are haunting The New York Times Book Review and they reveal the special heroism and industriousness of pioneer women as never before Pioneers with Eminence Stephen L. Wood,2019-05-09 The making of America The Fighting Meekers of Northfield New Jersey enlisted in the American Army at the age of 70 and fought in the American Revolution in the same company as his 9 sons 2 sons in laws and 1 grandson Pioneer Women s Journey West while walking most all children and women would pick up dried buffalo chips as that was the fuel for their night and morning fires When stopped for the night the wagons would form a circle or large V shape thus protecting the animals and people and it made it easy for the look outs to watch for intruders Indians road agents buffalo coyotes bears and such Indians were always trying to stampede or steal their livestock Most all wagons used tents set up on the sides of their wagons for shelter and sleeping some attached others freestanding unlike portrayed in most all movies as most all immigrants had their wagons packed with the necessities needed for settling in their new homes in the frontier So who really settled the west It took both hardy men and women to do so but in my humble opinion the women had it the hardest and endured their load willingly 76 years of events in my grandfather s life September 13 1916 Mary a circus elephant is hung in the town of Erwin Tennessee for killing her handler Walter Red Eldridge How the hell do you hang an elephant Cattle Drives Charles Goodnight is credited for inventing and using the first chuck wagon His cooks name Bose Ikard is credited for the son of a gun stew There are many recipes for this stew as it became rather famous not only to the hundreds of chuck wagon cooks on the various cattle trails but also the wagon trains used it several times a month in their crossing the vast plains Diaries of the wagon trains west Elizabeth K Bedwell 1852 Diary of the Oregon Trail As written May 29th traveled 20 miles 8 miles from the river Elk Horn brought us to the raging Platte you must not water there but keep on until you come to the first byo where you must gather wood for the night and morning and it would be well to haul water too 12 miles farther we camped in sight of Platte river on a byo plenty of grass and water south of the road *The Pioneer* William Arch McKeever,1912 Pioneer Mother Monuments Cynthia Culver Prescott,2019-04-04 For more than a century American communities erected monuments to western pioneers Although many of these statues receive little attention today the images they depict sturdy white men saintly mothers and wholesome pioneer families enshrine prevailing notions of American exceptionalism race relations and gender identity Pioneer Mother Monuments is the first book to delve into the long and complex history of remembering forgetting and rediscovering pioneer monuments In this book historian Cynthia Culver Prescott combines visual analysis with a close reading of primary source documents Examining some two hundred monuments erected in the United States from the late nineteenth century to the present Prescott begins her survey by focusing on the earliest pioneer statues which celebrated the strong white men who settled and conquered the West By the 1930s she explains when gender roles began shifting new monuments came forth to honor the Pioneer Mother The angelic woman in a sunbonnet armed with a rifle or a

Bible as she carried civilization forward an iconic figure resonated particularly with Mormon audiences While interest in these traditional monuments began to wane in the postwar period according to Prescott a new wave of pioneer monuments emerged in smaller communities during the late twentieth century Inspired by rural nostalgia these statues helped promote heritage tourism In recent years Americans have engaged in heated debates about Confederate Civil War monuments and their implicit racism Should these statues be removed or reinterpreted Far less attention however has been paid to pioneer monuments which Prescott argues also enshrine white cultural superiority as well as gender stereotypes Only a few western communities have reexamined these values and erected statues with more inclusive imagery Blending western history visual culture and memory studies Prescott s pathbreaking analysis is enhanced by a rich selection of color and black and white photographs depicting the statues along with detailed maps that chronologically chart the emergence of pioneer monuments
