Maruvada,2020-03-02 It is hard enough for anyone other than a dedicated scholar to read all 18 cantos of the great epic Mahabharata let alone the Ramayana Bhagavata and the many Puranas as well In view of this and particularly today's fast paced life this book presents the stories of characters from all the books of Hindu Mythology in a compact English version While reading a Telugu book titled Purnagatha Lahari the author was surprised to discover many fascinating stories and substories even in books with which he was quite familiar He

was so impressed that he decided to make the stories accessible to a wider audience of Indians as well as the Indian diaspora by writing an English version based on the Telugu book A few examples of surprising details will illustrate the point Several great warriors on the Kaurava side in the Mahabharata war were known to be invincible to anyone in the Pandava forces The means of making the greatest of them Bhishma disarm himself was devised several lifetimes earlier in Brahma's court The wife of Sage Atri was able to turn the Trimurtis into infants and another ordinary woman was able to stop the dawn of a new day due to the spiritual power from being Pativrata Even Vishnu was not immune from accountability for His actions facing hardships in one incarnation from pain given to Him in a previous incarnation Whether one is inclined to read the whole book as a nonfiction narrative or use it as a reference to check particular stories there is much here to savour Rahu and Ketu in Vedic Astrology Ram Babu Sao, 2025-06-30 Our life is what our thoughts make it The book Rahu and Ketu in Vedic Astrology is a unique book which is very informative and easy to understand One book is truly equivalent of several books on Rahu and Ketu astrology You can make all predictions of horoscope with respect to Rahu and Ketu impacts in the Kundali for you or members of your family with the help of this single book This provides some of the elementary and in depth essential elements on complete Horoscope predictions with respect to Rahu and Ketu effects in the Kundali Many of the basics on Rahu and Ketu astrology are explained in detail Vedic Astrology predicts future on the basis of the birth chart To predict future according to this method the information of the birth time place and date are very important Predictions are not only the knowing your future but planning your future by averting the misshapeness by the right actions at the right time wearing Gems wearing Yantras chanting Mantras and Prayers It is important to realize that success comes only with the right actions at the right timing The whole secret of astrology is the right actions at the right timing to avoid the misshapeness This Book provides the best remedies for successful removal of the bad impacts of Rahu and Ketu Rahu and Ketu have immense influence on the natives of earth It takes about 18 years and 6 months to make a revolution around the Earth This becomes more important at present time of intense competition at various levels of survival for gains of physical comforts when we have been very prone to psycho-somatic problems which creep up cardiac and many other problems Rahu is the most malefic celestial body in the planetary system and his influence is deep and powerful Rahu symbolizes materialism and mischief It may also stand for theft speculation bad habits and the underworld and so on *Nadi Principles to Determine Past & Present Lives* Hemant Thakorbhai Bhatt, This book is the result of various methods available to map the three human births viz present past and future I tried to give only a few as applied in practical astrology Various methods are prevailing in practical and astrologers need to keep handy many methods to predict the event especially the positive side of the horoscope
