Sufism in India and Central Asia Nasir Raza Khan, 2022-10-06 Sufism in India and Central Asia is an attempt to put into perspective the relevance of Sufism the concept and teaching and to provide a realistic assessment of its role in India and Central Asia The people of these regions with different ethnic backgrounds cultures and languages have been intermingling for many centuries as seen in the cross current exchanges of religious ideas and belief The word Sufism popularly known as mysticism is most likely derived from the Arabic word suf meaning wool more specifically it means the person wearing ascetic woollen garments Sufism is deeply rooted in Islam and its development began in the late 7th and 8th centuries The present volume is an attempt to look for answers to questions in relation to Sufism in India and Central Asia and to evaluate its relevance in the contemporary period A group of distinguished scholars from India and Central Asia have contributed papers to this volume This volume will be useful to students and researchers working on social and cultural aspects of India and Central Asia

Writings About Kashmir Nyla Ali Khan, 2022-12-26 Any attempt to homogenize Kashmiri society or the politico cultural discourse on Kashmir is a dangerously flawed exercise To that end the chapters in this book address various aspects of the political cultural and socioeconomic life in Kashmir These chapters are interdisciplinary interventions that could potentially bridge ethnic religiocultural and political divides in the region The book is divided into three sections the first section explores history and memory offering a critical dialogue between these phenomena and fiction The chapters in section two offer a critical dialogue between history politics and gender analyzing historical and political discourses to underscore the agential capacities of Kashmiri women which are traditionally subsumed within masculinist discourse The sole chapter in section three foregrounds the complex relationship between history trauma and poetry Taken together this book is a nuanced attempt at giving readers the opportunity to engage with multiple subjectivities historical understandings and political opinions It will be of interest to general readers scholars and advanced students of Literature Politics History Human Geography and Sociology This book was originally published as a special issue of the South Asian Review
