Flight of the Phoenix John Whiteside, 2012-08-21 Flight of the Phoenix provides insights to the series of management initiatives seeping the workplace such as re engineering restructuring and reinvention This title shows how employees can assert themselves and redress imbalances wrought by wave upon wave of management fads that masquerade as mutually beneficial but in fact serve the existing power structure Flight of the Phoenix delivers a useful positive message for the individual employee It presents strategies insights tools and case histories to help employees claim their rightful reward as an organisations most important asset It includes over 200 true stories of individuals all creating a new and better way to work

**Quantum Leaps** Charlotte Shelton, 2012-06-25 Quantum Leaps is a how to book for creating fundamental change in both ourselves and our organizations Charlotte Shelton s basic premise is that organizational change happens one person at a time Our workplaces simply mirror our individual and collective beliefs Therefore we change ourselves our workplaces and the world by changing our minds As our beliefs change we not only see the world differently we begin to be in the world in a different way thus creating a new reality Shelton uses the basic principles of quantum mechanics as the foundational metaphor for a new quantum skill set that recognizes the highly complex constantly changing totally unpredictable nature of life She demonstrates the inadequacy of our time honored skills of planning organizing directing and controlling She shows how these skills are directly tied to an obsolete view or reality ignoring the now fundamental requirements of extreme imagination and radical innovation Quantum Leaps introduces seven new skills skills that are compatible with life and work in the twenty first century These seven Quantum Skills enable us to see think feel know act trust and be radically different ways Collectively they form a comprehensive model for change These skills integrate quantum mechanical principles state of the art psychology and universal spiritual practices They balance the traditional left brain business skills with a new skill set that more fully utilizes both hemispheres of the brain As we master these skills Shelton states We create balanced lives and whole brain organizations and we become authentic change masters changing ourselves and our organizations from the inside out The Seven Quantum Skills are Quantum Seeing Quantum Thinking Quantum Feeling Quantum Knowing Quantum Acting Quantum Trusting and Quantum Being These 7 skills introduce a new way to access underutilized brain capacities as they acknowledge the role of intention intuition and interconnectivity

*Skill Wars* Edward E. Gordon, 2012-05-23 Skill Wars shows how to increase productivity and profits by making investments in human capital development It addresses the disparity between the available jobs and available workers By education and training only 20% of all American workers can fit well into our demanding high tech workplace How do we train the 80% Skill Wars defines the race between advanced technology investment and human resources investment and shows managers how to measure that investment It introduces a Human Capital Scoreboard of seven new business management measurement tools including a more accurate calculation of ROI Return on Investment for employee performance improvement programs It also provides case studies of how quality

training can deliver on more problem solving thinking skills It has a foreword by Joseph Boyett author of The Guru Guide and Workplace 2000 Skill Wars is a basic workplace performance primer that presents complex issues in a simple language and format that will move both business leaders and the American public to give their popular support There are few viable alternatives Gordon believes that Only at great peril can Americans continue to largely ignore the workplace as an important arena that helps structure learning for life Business Climate Shifts Warner Burke,William Trahant,Richard
