Lin, 1982 **Chow Chop Suey** Anne Mendelson, 2016-11-29 Chinese food first became popular in America under the shadow of violence against Chinese aliens a despised racial minority ineligible for United States citizenship The founding of late nineteenth century chop suey restaurants that pitched an altered version of Cantonese cuisine to white patrons despite a virulently anti Chinese climate is one of several pivotal events in Anne Mendelson's thoughtful history of American Chinese food Chow Chop Suey uses cooking to trace different stages of the Chinese community's footing in the larger white society Mendelson begins with the arrival of men from the poorest district of Canton Province during the Gold Rush She describes the formation of American Chinatowns and examines the curious racial dynamic underlying the purposeful invention of hybridized Chinese American food historically prepared by Cantonese descended cooks for whites incapable of grasping Chinese culinary principles Mendelson then follows the eventual abolition of anti Chinese immigration laws and the many demographic changes that transformed the face of Chinese cooking in America during and after the Cold War Mendelson concludes with the post 1965 arrival of Chinese immigrants from Taiwan Southeast Asia and many regions of mainland China As she shows they have immeasurably enriched Chinese cooking in America but tend to form comparatively self sufficient enclaves in which they unlike their predecessors are not dependent on cooking for a white clientele **The Breath of a**

Wok Grace Young, Alan Richardson, 2013-06-25 Award winning author Grace Young celebrates and demystifies the art of wok cooking for the Western home cook When Grace Young was a child her father instilled in her a lasting appreciation of wok hay the highly prized but elusive taste that food achieves when properly stir fried in a wok As an adult Young aspired to create that taste in her own kitchen Grace Young's quest to master wok cooking led her throughout the United States Hong Kong and mainland China Along with award winning photographer Alan Richardson Young sought the advice of home cooks professional chefs and esteemed culinary teachers like Cecilia Chiang Florence Lin and Ken Hom Their instructions stories

and recipes gathered in this richly designed and illustrated volume offer not only expert lessons in the art of wok cooking but also capture a beautiful and timeless way of life. With its emphasis on cooking with all the senses, *The Breath of a Wok* brings the techniques and flavors of old world wok cooking into today's kitchen, enabling anyone to stir fry with wok hay. IACP award winner Young details the fundamentals of selecting seasoning and caring for a wok, as well as the range of the wok's uses. This surprisingly inexpensive utensil serves as the ultimate multipurpose kitchen tool. The 125 recipes are a testament to the versatility of the wok, with stir-fried, smoked, pan-fried, braised, boiled, poached, steamed, and deep-fried dishes that include not only the classics of wok cooking like Kung Pao Chicken and Moo Shoo Pork but also unusual dishes like Sizzling Pepper and Salt Shrimp, Three Teacup Chicken, and Scallion and Ginger Lo Mein. Young's elegant prose and Richardson's extraordinary photographs create a unique and unforgettable picture of artisan wok makers in mainland China, street markets in Hong Kong, and a wok a thon in which Young's family of aunts, uncles, and cousins cooks together in a lively exchange of recipes and stories. A visit with author Amy Tan also becomes a family event when Tan and her sisters prepare New Year's dumplings. Additionally, there are menus for family style meals and for Chinese New Year festivities, an illustrated glossary, and a source guide to purchasing ingredients, woks, and accessories. Written with the intimacy of a memoir and the immediacy of a travelogue, this recipe-rich volume is a celebration of cultural and culinary delights. **Chop Suey, USA** Yong

Chen, 2014-11-04. American diners began to flock to Chinese restaurants more than a century ago, making Chinese food the first mass consumed cuisine in the United States. By 1980 it had become the country's most popular ethnic cuisine. *Chop Suey USA* offers the first comprehensive interpretation of the rise of Chinese food, revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption. Engineered by a politically disenfranchised, numerically small, and economically exploited group, Chinese food's tour de America is an epic story of global cultural encounter. It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle. Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience, which is why they preferred the quick and simple dishes of China while shunning its haute cuisine. Epitomized by chop suey, American Chinese food was a forerunner of McDonald's, democratizing the once exclusive dining out experience for such groups as marginalized Anglos, African Americans, and Jews. The rise of Chinese food is also a classic American story of immigrant entrepreneurship and perseverance. Barred from many occupations, Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market, creating a critical lifeline for their community. Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery. They streamlined certain Chinese dishes such as chop suey and egg foo young, turning them into nationally recognized brand names. **Florence Lin's Cooking with Fire Pots** Florence Lin, 1979 Food and Communication Mark McWilliams, 2016. The papers explored the use of food and cookery to explore the past and the exotic and food in corporations.
