Israel's Air Force:

Air War on the Edge Bill Norton, 2004 Never before has there been a book published on the aircraft units and exploits of the Israel Air Force in such depth Interest in the IAF has always been high and seldom are its aircrew and aircraft out of the world's headlines Previous books have failed to satisfy either being sensationalist and low on factual content or lacking in fundamental research Bill Norton has trawled through thousands of documents reports and illustrations to produce a work that is staggering in its depth and knowledge Those that think they know the IAF will find a wealth of new material and countless previously published facts re-evaluated and righted Detailed type by type coverage supported by a barrage of photographs of the IAF from the mixed bag of aircraft of its formative days through the Suez Campaign the Six Day War Yom Kippur and on to be a sophisticated well equipped force arguably the most experienced in the world Included for the first time are all of the badges and heraldry of the units of the IAF in full color *Israeli A-4 Skyhawk Units in Combat* Shlomo Aloni, 2013-01-20 An illustrated combat history of the A-4 Skyhawk which flew numerous attack missions in Israeli service and initiated the Israeli Air Force's transition from French to US aircraft The light and agile A-4 Skyhawk was the first modern American jet to be offered to the Israeli Air Force marking the point where the US took over from France as Israel's chief military supplier Deliveries began too late for the A-4 to fight in the Six Day War but it soon formed the backbone of the IAF's ground attack force From 1969 to 1970 it flew endless sorties against Egyptian forces in the War of Attrition Then during the Yom Kippur War five squadrons of A-4s saw combat and 50 planes were lost as they battled against the Arab armored onslaught Using previously unpublished first hand accounts and rare photography from the IAF archives and pilots' private collections Shlomo Aloni tells the definitive history of the IAF's A-4 squadrons including the story of Ezra BABAN Dotan who became an ace with a unique double kill of MiG-17s *No Margin for Error* Ehud Yonay, 1993 The Israeli born award winning investigative reporter whose story about U.S. Navy fighters was made into the movie Top Gun presents an important military history with all the excitement of a high tech adventure focusing on a heroic group of youngsters as they are molded into the highly skilled pilots of one of the world's most sophisticated air forces Photos **Shield of David** Murray Rubenstein, Richard Martin Goldman, 1978 Beretter om det israelske flyvevæbns historiske udvikling samt dets indsats under forskellige krige og konflikter *Israeli Air Force Operations in the 1956 Suez War* Shlomo Aloni, 2016-01-20 By participating in 1956 Suez Crisis Israel exploited an opportunity to join forces with France and the United Kingdom in an attack against Egypt in order to accomplish diplomatic military and political objectives to open the Red Sea international shipping lane to ships sailing from and to Eilat to strengthen its alliance with France to end or at least to scale down Egyptian hosted Palestinian terror attacks against Israel to launch a preventive war in order to crush Egyptian military power before its completion of the transition to Soviet weapons could tempt Egypt to attack Israel and in order to accomplish a profound victory to deter Egypt from pursuing another round of war policy Operation KADESH was the Israeli part in the

Anglo French attack and this title chronicles Israeli Air Force operations along the timeline of Operation KADESH from day 1 on 29 October 1956 until day 11 on 8 November 1956 in thus far unmatched depth and detail all known Israel Air Force missions and sorties are listed and described and all air combats between Israeli Mysteres and Egyptian MiGs and Vampires are presented and analyzed The large variety of aircraft flown Dassault Mysteres Dassault Ouragans and Gloster Meteors B 17 Flying Fortresses P 51 Mustangs and De Havilland Mosquitoes T 6 Texans Harvards and T 17 Kaydets Stearmans Nord 2501 Noratlases C 47 Skytrains Dakotas Pipers and Consuls and even a pair of Sikorsky S 55 helicopters are all covered in this title which presents Israeli Air Force operations during the Suez War in a depth and detail unseen in previous publications The text is supported by numerous photographs and color profiles Middle East War following on from our highly successful Africa War series Middle East War replicates the same format concise incisive text rare images and high quality color artwork providing fresh accounts of both well known and more esoteric aspects of conflict in this part of the world since 1945 Israel's Best Defense Eliezer Cohen,1993 *The Israel Defense Forces* Louis Williams,2000-09-29 Insiders view of the Army of Israel its structure its men and women and its most memorable actions Israeli Air Force, 1947-1960 Salvador Mafé Huertas,1998 The writing of this book the first in depth and fully detailed research about the early years of the Chel Ha avir from the light plane days to the supersonic fighters received roughly ten years later is the culmination of a long research period by the author Research that was made harder by the tight but understandable and respected security measures involving Israel s Forces An exceptional source of information has been the help provided by many Chel Ha Avir veterans who fought in the early days during 1948 1949 and those who helped establish a viable air force in 1949 1956 in spite of tight budgets obsolescent equipment and lack of experience and also those who fought in Sinai in late 1956 establishing the seeds for its future role as the airborne shield of Israel As the reader will discover the beginnings were extremely hard and the Chel Ha Avir had to face unfriendly attitudes from both the United States and the United Kingdom which took place while many people civilian and military were dying in the newborn Hebrew state But in observing that official policies do not always reflect the citizenship s feelings most of the colorful band of foreign volunteers that helped the Chel Ha avir and the other defense forces to resist fight back and win came from those countries These foreign volunteers mostly with combat experience in World War II provided a core in which many highly talented young Israelis learned fast One thing was certain then and now Israel exists because of the resolute people that live in this small country both civilian and military but above all because of the Chel Ha avir which in the following years would be proclaimed the most combat experienced air force in the world **Air Force Magazine** ,2007 **The Sword of David** Donald J. McCarthy,2014-05-20 Founded in 1948 the Israeli Air Force has seen involvement in some of the most dramatic and important conflicts of post World War II history In action during the Suez crisis and on call during the Gulf War the Force continued to see active deployment right through to the 2006 Lebanon War and beyond into recent conflicts in Gaza This is a timely release which sets recent events in historical

context and illustrates these key operations with a range of impressive color photographs many of which have never been published before Don McCarthy is an established and well respected aviation historian and as such is particularly well placed to produce such a work Controversial contemporary conflicts between Israel and Iran make the publication of this record particularly pertinent illustrating the history of these ongoing disputes and the conflicts that prefigured them Included are images of iconic relics such as the historic Mirage and Skyhawk as well as photographs of modern craft such as F 15s and F 16s This library of images work to paint an engaging history of this Force a presence in the skies for more than sixty five years Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Lavi John W. Golan, 2016 The Lavi fighter program the largest weapons development effort ever undertaken by the State of Israel envisioned a new generation of high performance aircraft In a controversial strategy Israel Aircraft Industries intended to develop and manufacture the fighters in Israel with American financial support The sophisticated planes developed in the mid 1980s were unique in design and intended to make up the majority of the Israeli air force Though considerable prestige and money were at stake developmental costs increased and doubts arose as to whether the Lavi could indeed be the warplane it was meant to be Eventually the program became a microcosm for the ambitions fears and internal divisions that shaped both the U S Israeli relationship and Israeli society itself But the fighter never made it to operational service and until now the full breadth and significance of the Lavi story have never been examined and presented Lavi The United States Israel and a Controversial Fighter Jet traces the evolution of the Lavi fighter from its genesis in the 1970s to its scrapping in August 1987 John W Golan examines the roles of Israeli military icons and political leaders such as Ezer Weizman Ariel Sharon Menachem Begin and Yitzhak Rabin in the program and in relation to their counterparts in the United States On the American side Golan traces the evolution of government policy toward the program detailing the complex picture of the U S foreign policy apparatus and of U S Israeli relations in general from President Reagan s public endorsement of the program on the White House lawn to Defense Secretary Caspar Weinberger s unrelenting attempts to cancel it in succeeding years

The Arab Military Option Saad Shazly, 1986 An analysis of the future balance of power in the Middle East General Shazly examines the present and future military capabilities of Israel and the Arab countries and analyses them in relation to the historic political and economic conditions that shape them He contends that the Arabs can negotiate a just settlement only from a position of strength and explains why political options are not viable unless backed by an Arab military capability Publisher s description

The Liberty Incident Revealed A. Jay Cristol, 2013-09-15 *The Liberty Incident Revealed* is the complete and final story about the Israeli Air Force and Navy attack on the USS Liberty during the Six Day War in June 1967 Cutting through all of the controversy and conspiracy theories about Israel's deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol's first book on the subject *The Liberty Incident* was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol's successful Freedom of Information Act lawsuit against the NSA while resulting in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that will be regarded as the final chapter in the long simmering debate about this incident

Fighting Back Jeffrey Weiss, Craig Weiss, 2022-05-17 *Fighting Back* is the story of Stan Andrews an assimilated American Jew and World War II veteran who became one of the first fighter pilots in the history of the Israeli Air Force Jeffrey and Craig Weiss have uncovered the story of a Jewish hero in the mold of a Leon Uris character Readers will enjoy trying to keep up with Stan Andrews a typical Jewish New Yorker turned daring combat pilot as he chases history from the air force planes of the United States and the nascent state of Israel Dan Senor New York Times bestselling co author of *Start Up Nation The Story of Israel's Economic Miracle* Absorbing and beautifully written *Fighting Back* tells the thrilling story of an unlikely American Jewish hero At a time when some American Jews are distancing themselves from the Jewish state this book is a powerful reminder of the deep roots connecting American Jewry and Israel Yossi Klein Halevi senior fellow Shalom Hartman Institute author *Letters to My Palestinian Neighbor* In 1948 Stan Andrews left a comfortable postwar life in Los Angeles to travel to the war torn Middle East where a four front Arab invasion threatened to destroy the newly declared State of Israel There he joined the Israeli Air Force and became one of its first fighter pilots Andrews was an unexpected volunteer for the fight for a Jewish state He was many things an artist writer assimilated Jew ladies man pilot and combat veteran of the Pacific War He had previously been

aloof from the struggle for Jewish independence but found himself so roused by the anti-Semitism of 1940s America that he decided to go to Israel and risk everything Stan made the most of his time in Israel serving in fighter and bomber squadrons and leaving his mark on an Israeli Air Force that has since become the stuff of legend **Military Aspects of the**

Israeli-Arab Conflict Louis Williams, 1975-01-01 The Arab-Israeli conflict is fraught with political complexity. It entails long standing entrenched views on the part of all the participants direct and indirect and is heavily charged with emotion. It is a subject of great political and military actuality. The Middle East is fast becoming a testing ground for modern weapons systems and for modern conventional war doctrines a recent example being the Yom Kippur War. Most publications articles papers books on the war were produced while sentiments were still high and the armies still formulating their conclusions. Confusion controversy and emotions eclipsed clarity. An international symposium was held two years after the war to objectively debate the war its lessons and the Middle East conflict in general. This book contains all of the speeches and papers presented at that symposium plus a record of three related events. These were question and answer sessions with Prime Minister Yitzhak Rabin Foreign Minister Yigal Allon and Jerusalem Mayor Teddy Kollek. These interviews along with the symposium contribute to an understanding of the Middle East conflict and of the thinking and personalities of key figures in Israeli life and politics. Contents and Contributors OPENING CEREMONY Shimon Peres THE ART OF WAR EAST AND WEST Saadia Amiel Uzi Eilam Amnon Sella Edward Luttwak Kenneth Hunt Moshe Arens Daniel Shimshoni QUESTION AND ANSWER SESSION Teddy Kollek MILITARY REPORTING IN CLOSED AND OPEN SOCIETIES Dina Goren Michael Elkins Arnon Zuckerman SUPERPOWER COMPETITION IN THE MIDDLE EAST Abraham Becker Arnold Horelick Geoffrey Kemp Nissan Oren Haim Bar-kai Haim Shaked QUESTION AND ANSWER SESSION Yigal Allon MILITARY BALANCE OF POWER IN THE MIDDLE EAST Shimon Shamir David Kochav Shlomo Gazit Yehezkel Dror Matityahu Mayzel Mordechai Gur MEET THE PRESS Yitzhak Rabin THE YOM KIPPUR WAR A REVIEW OF THE MAIN BATTLES IN RETROSPECT AND THEIR LESSONS Benyamin Telem Binyamin Peled David Elazar Haim Bar-Lev **Israel's Military Doctrine** Ehud

Eilam, 2018-05-29 Israel's military doctrine was aimed at defeating powerful Arab militaries mostly those of Egypt Syria and Jordan. In the years 1948-1982 Israel and Arab states had a series of wars i.e. high intensity wars. Israel since 1948 also dealt with guerrilla and terror attacks. Since 1982 and mostly in the last 15 years Israel faced hybrid forces Hamas and Hezbollah. Those groups are a mix between a conventional military and a guerrilla group. Israel fought against Hezbollah in Lebanon in 2006 and against Hamas in the Gaza Strip mostly in two wars in 2008-2009 and in 2014. This book begins with explaining Israel's national security policy. Then it focuses on how the IDF Israel defense forces had to adjust its doctrine and build up to confront hybrid forces by examining Israel's air and the ground corps and major issues such as offense and defense infrastructure and manpower. The IDF can inflict heavy casualties and damages to a hybrid foe. Yet destroying the latter is a tall order because Hezbollah and Hamas are too elusive they hide inside populated areas etc. However compared with past

wars against Arab states there is much less danger to Israel let alone to its survival since even a coalition between Hezbollah Hamas and other groups can't defeat the IDF Furthermore since fighting a hybrid force is less demanding than running a high intensity war against an Arab state then Israel does not rely that much on the United States in receiving weapon systems ammunition and spare parts

How Israel was Won Baylis Thomas,1999-01-01 This is the only book you need in order to comprehend the complexities of the modern Middle East Unlike most writing on the Arab Israeli conflict How Israel Was Won is a balanced well researched and insightful chronicle of Israel in the twentieth century Baylis Thomas's concise history synthesizes for the general reader the vast number of historical studies and recently declassified documents from the United States and Israel to create a sophisticated and completely original interpretation of this conflict The narrative reveals the complex story behind Israel's founding its early struggle for survival and its movements toward reconciliation with its Arab neighbors Thomas also investigates the critical roles played by Great Britain France the Soviet Union and the United States and he explores the political and psychological attitudes of the protagonists and of the international community How Israel Was Won is the most current and most accessible account of the Arab Israeli conflict written to date To understand the events behind tonight's breaking news in the Middle East read this book

Arab-Israeli Military Forces in an Era of Asymmetric Wars Anthony H. Cordesman,2006-09-30 The reality of the Arab Israeli balance now consists of two subordinate balances Israel versus Syria and Israel versus the Palestinians The book analyzes these two balances in detail and their impact on defense planning in each country and on the overall strategic risk to the region as a whole It covers military developments in each of six states Egypt Israel Jordan Lebanon Syria and Palestine and provides an analytical view with charts and tables of how the changing natures of the military and political threats faced by each is impacting its military force readiness and development The book has the most comprehensive data on past current and future military force structure currently available drawn from the widest range of sources Responding to the most recent of events in the region this book is the first to deal with the effects on the Arab Israeli military balance of the strategic uncertainty created by the Iraqi insurgency and the Iranian nuclear program It also studies how the Gaza pullout the Syrian withdrawal from Lebanon the changing political landscape in Israel and the threat of nuclear proliferation are having impacts on the Egyptian Israeli and Jordanian Israeli peace accords and the prospects for a settlement between the Palestinians and Israelis The roles of Hezbollah Hamas and Palestinian Islamic Jihad are analyzed in light of the changing political landscape in both Israel and Palestine Given the role of Syria in the Palestinian Israeli affairs the book also explores the ways that internal instability in Lebanon could escalate into a regional conflict
