*British Politics Today* Bill Jones, Dennis Kavanagh, 2003 Over the last thirty five years British politics has undergone something of a revolution the collapse of strong class allegiance to parties the recovery of an economy once perceived to be in terminal decline the near twenty year rule of the Tories and the extraordinary emergence and establishment of the Blairite New Labour Party Together with these changes we have also seen the reshaping of the civil service the establishment of devolved assemblies the reform of the Lords the decline of ideology the apparent crushing of the Conservative Party and the ubiquity of media management as a tool of political persuasion This text outlines and contextualizes these major changes and more

**British Politics and Foreign Policy, 1727-44** Jeremy Black, 2016-04-15 Covering the period from the end of the Anglo French alliance in 1731 to the declaration of war between the two powers in 1744 this book charts a turbulent period in British politics that witnessed the last decade of the Walpole ministry the attempt to replace it by a Patriot government and the return of the Old Corps Whigs to a process of dominance In particular it reveals how ministerial change and political fortunes were closely linked to foreign policy with foreign policy both affecting and being affected by political developments The book draws upon a great range of foreign and domestic sources but makes particular use of foreign diplomatic records These are important as many negotiations were handled at least in part through envoys in London Moreover these diplomats regularly spoke with George II and his ministers and some were personal friends of envoys and could be used for secret negotiations outside normal channels The range of sources consulted ensures that the book offers more than any previous book to cover the period as a whole whilst not simply becoming a detailed study of a number of episodes Instead it retains the strong structural aspects of the relationship between foreign policy and politics necessary to examine questions about political stability motivation and effectiveness Following on from Jeremy Black's
