Kriya Yoga Yoga Niketan,Sailendra Sri Sailendra Bejoy Dasgupta,Sri Sailendra Bejoy Dasgupta,2006-06 This book is a rare gem Written and originally appearing at the end of the author s illustrious life it is one of the few books available today in which the accurate information on Kriya Yoga is given historical and otherwise and written by a man who was part of that sacred tradition during its very crucial years and who had personally known several of the authorized disciples of the Yogiraj Shyama Charan Lahiri Mahasaya including of course his own beloved Master the illustrious Swamiji Maharaj Sriyukteshvar Giri by whom he was initiated in year 1929 at age nineteen and with whom he remained in close association Kriya Yoga is a system of physical and mental discipline towards attainment of Yoga as defined in the Yoga Shastras The system taught by Yogiraj Shyama Charan Lahiri and down through his illustrious disciples is commonly termed Kriya The technique and

discipline taught are in conformity with the basic conceptions laid down in the Gita Patanjali Yoga and Tantra Shastras and the Manu Smriti and designed in the pattern of movements of heavenly bodies that cause appearance of the Yugas and their virtues The book also discusses similarities that can be traced in the teachings of Jesus Christ contained in selected expressions in the Holy Bible and the basic conceptions of the Hindu spiritual practices and scriptures Essentially Kriya Yoga is a universally applicable spiritual system without any inhibition with regard to faiths and nationalities and directed towards development of the complete man in body mind and in the unfoldment of the inner Spirit *The Mystery of Spirit* George Robbins, 2021-02-25 Focusing on techniques of spiritual development and awareness of the presence of spirit in ordinary life Robbins challenges the reader to move beyond spiritual blockages and obstacles and raise the vibrational frequencies that bring us to greater enlightenment This reduces negative emotions such as despair meaninglessness and unhappiness Robbins wants to help us increase our pro social activity thereby contributing to a more open minded service towards others In this book he shows how to use effective techniques for practical and spiritual change while following a path of heart

Primal Wisdom of the Ancients Laird Scranton, 2020-07-07 Examines how the similarities of symbols and wisdom across many cultures point to an ancient civilizing plan and system of ancient instruction Reveals the shared cosmological knowledge of Dogon and Maori cultures ancient Egypt Gobekli Tepe Vedic India the pre Indian Sakti civilization Buddhism the Tibetan Bon religion and the kabbalistic tradition of the Hebrews Explores symbols and techniques used to frame and preserve instructed knowledge as it was transmitted orally from generation to generation Explains how this shared ancient knowledge relates to the precessional year and the cycles of time known as the yugas Exploring the mystery of why so many ancient cultures separated by time and distance share remarkably similar cosmological philosophies and religious symbolism Laird Scranton reveals how this shared creation tradition upholds the idea that ancient instruction gave birth to the great civilizations each of which preserves fragments of the original knowledge Looking at the many manifestations of this shared cosmological knowledge including in the Dogon and Maori cultures and in ancient Egypt Gobekli Tepe Vedic India Buddhism the Tibetan Bon religion and the kabbalistic tradition of the Hebrews Scranton explores the thought processes that went into formulating the archetype themes and metaphors of the ancient symbolic system He examines how commonly shared principles of creational science are reflected in key terms of the ancient languages He discusses how the primal cosmology also transmitted key components of sacred science such as sacred geometry knowledge of material creation and the nature of a nonmaterial universe evidence for which lies in the orientation of ancient temples the drama of initiations and rituals and countless traditional myths He analyzes how this shared knowledge relates to the precessional year and the cycles of time known as the yugas He also explores evidence of the concept of a nonmaterial twin universe to our own the above to our below in the famous alchemical and hermetic maxim Through his extensive research into the interconnected wisdom of the ancients Scranton shows that the forgotten instructional tradition at the source of this knowledge was deliberately encoded

to survive for countless generations By piecing it back together we can discover the ancient plan for guiding humanity forward toward greater enlightenment Cargo Cults and Millenarian Movements G. W. Trompf,2012-10-25 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series Beyond Common Sense Dr Satinder Singh Malik,2020-06-03 Human sensors collect the information from environment and our body Intellect dwells upon the obvious looking information and extracts out of ordinary inferences The joy lies in knowing The art of knowing from routine information is called common sense In Sanskrit common sense is known as Vivek It arises from thought when intellect dwells upon the information for a slightly longer period than routine The intellect will dwell upon such information when it is used to when the mind is relatively free and not overburdened by sense pursuits What lies beyond common sense is the treasure of unmeasured potential Sixth sense is a sense which connects human cognitive complex to the dimension of consciousness and it is known as Pragyan in Sanskrit Pragyan is Intuition The root word for intuition is Latin intueri meaning in to you Intuition has spiritual roots which lie in the dimension of consciousness In the forthcoming chapters in this book a perspective of background environment is provided Science gives too specific but overall sketchy information about the complete picture whereas Philosophy does a better job on this Philosophy is also based on logic and reason but there is no need to establish proof in a laboratory and its scope is vast To complete our lifetimes we cannot await Science to buildup the complete picture and use that to carve a path for our lives Some key questions have been answered as to how this universe came in to being Big Bang theory assumed a primeval atom and the source of this atom remained unresolved Astronomers keep getting baffled after detecting matter in universe older than itself A summary of the applicable dimensions has been proposed along with nature of various dimensions Time is a substance which flows like a wave Origin of human life and presence of distinctive racial features has been explored Common information as to why there are 12 hours in a day or seven days in a week is also important steps in human understanding of life on this planet A unique link between astronomy and astrology has been established by replenishing the information which went missing down the ages A chapter on how to enhance the sixth sense is a practical guide which is simple and easy to follow This information is not freely available in a concise and logical manner Evolved human society has the potential to change the course of life on a planet The change starts with us and we have to accept the challenge of enhancing our sixth sense to connect to a dimension of consciousness and fulfill the life's goals **Prophecy in the New Millennium** Suzanne Newcombe,Sarah Harvey,2016-04-15 Secular and

spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life *Promise of Immortality* J. Kaivalya The Holy Science: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
