Kalamazoo Lost Found:

Kalamazoo Lost & Found Lynn Smith Houghton, Pamela Hall O'Connor, 2001 **The Guitar** Chris Gibson, Andrew Warren, 2021-05-05 Guitars inspire cult like devotion an aficionado can tell you precisely when and where their favorite instrument was made the wood it is made from and that wood s unique effect on the instrument s sound In *The Guitar* Chris Gibson and Andrew Warren follow that fascination around the globe as they trace guitars all the way back to the tree The authors take us to guitar factories port cities log booms remote sawmills Indigenous lands and distant rainforests on a quest for behind the scenes stories and insights into how guitars are made where the much cherished guitar timbers ultimately come from and the people and skills that craft those timbers along the way Gibson and Warren interview hundreds of people to give us a first hand account of the ins and outs of production methods timber milling and forest custodianship in diverse corners of the world including the Pacific Northwest Madagascar Spain Brazil Germany Japan China Hawaii and Australia They unlock surprising insights into longer arcs of world history on the human exploitation of nature colonialism industrial capitalism cultural tensions and seismic upheavals But the authors also strike a hopeful note offering a parable of wider resonance of the incredible but underappreciated skill and care that goes into growing forests and felling trees milling timber and making enchanting musical instruments set against the human tendency to reform our use and abuse of natural resources only when it may be too late *The Guitar* promises to resonate with anyone who has ever fallen in love with a guitar
