

Kamikaze Legacy

Sheila Miyoshi Jager, Rana Mitter

Kamikaze Legacy:

The Kamikaze Legacy Jerry Ahern, *How Fighting Ends* Holger Afflerbach, Hew Strachan, 2012-07-26 There are many histories of how wars have begun but very few which discuss how they have ended This book fills that gap Beginning with the Stone Age and ending with globalized terrorism it addresses the specific issue of surrender rather than the subsequent establishment of peace At its heart is the individual warrior or soldier and his or her decision to lay down arms In the ancient world surrender led in most cases to slavery but a slave still lived rather than died In the modern world international law gives the soldiers rights as prisoners of war and those rights include the prospect of their eventual return home But individuals can surrender at any point in a war and without having such an effect that they end the war The termination of hostilities depends on a collective act for its consequences to be decisive It also requires the enemy to accept the offer to surrender in the midst of combat In other words like so much else in war surrender depends on reciprocity on the readiness of one side to stop fighting and of the other to accept that readiness This volume argues that surrender is the single biggest contributor to the containment of violence in warfare offering the vanquished the opportunity to survive and the victor the chance to show moderation and magnanimity Since the rules of surrender have developed over time they form a key element in understanding the cultural history of warfare

At the Edge of the Sun: The Flight of the Unknown Pilot Pasquale De Marco, 2025-05-05 In the annals of warfare few chapters are as haunting and perplexing as that of the kamikaze pilots of World War II Young men fueled by a potent cocktail of patriotism desperation and religious fervor willingly embraced death as a means to defend their homeland This book delves into the enigmatic world of the kamikaze pilots seeking to unravel the complexities of their motivations their training and their experiences Through meticulous research and gripping narratives it paints a vivid picture of their lives their sacrifices and the profound impact they had on the course of history Beyond the historical narrative this book also explores the enduring legacy of the kamikaze missions their portrayal in popular culture and their relevance to modern conflicts It examines the ongoing debate over the ethics and morality of such tactics and the lessons that can be learned from this dark chapter in human history In exploring the kamikaze phenomenon this book aims to shed light on one of the most fascinating and disturbing aspects of warfare offering a nuanced understanding of the factors that drove these young men to make the ultimate sacrifice It is a story that continues to captivate and horrify reminding us of the depths of human resilience fanaticism and the devastating consequences of war This book is a comprehensive and thought provoking examination of the kamikaze pilots providing a deeper understanding of their motivations actions and the profound impact they had on World War II and beyond It is a must read for anyone interested in military history the psychology of warfare or the enduring legacy of one of the most controversial and tragic chapters in human history If you like this book write a review on google books

The Student Warriors: Diaries of Japanese Student Soldiers in World War II Pasquale De Marco, 2025-05-18 In the annals of warfare few chapters are as

poignant and thought provoking as the story of the kamikaze pilots of World War II These young men barely old enough to grasp the full weight of their actions were thrust into the maw of a conflict that seemed poised to devour them whole This book delves into the lives of these student soldiers exploring the motivations fears and aspirations that fueled their fateful missions As the specter of war cast its ominous shadow across the globe Japan found itself embroiled in a struggle that threatened to engulf the world in flames In the face of seemingly insurmountable odds the government issued a desperate call to arms seeking young men willing to make the ultimate sacrifice for their emperor and their homeland Among those who answered the call were university students bright and promising minds plucked from the halls of academia and thrust into the unforgiving crucible of combat Leaving behind their families friends and dreams of a future beyond the battlefield they embarked on a path that would forever alter the course of their lives These student soldiers hailing from diverse backgrounds and walks of life shared a common bond a profound love for their country and a willingness to lay down their lives for what they believed in They left behind letters and diaries that offer a glimpse into their inner worlds revealing their hopes dreams and the emotional turmoil that tormented them Their stories both heartrending and awe inspiring serve as a stark reminder of the human cost of war As we delve into the lives of these young men we gain a deeper understanding of the sacrifices made by those who fought and died in the name of their nation This book is a tribute to the kamikaze pilots whose courage and sacrifice will never be forgotten It is a powerful reminder of the horrors of war and the importance of peace If you like this book write a review on google books

Blossoms in the Wind M. G. Sheftall, 2023-05-09 A revelatory and groundbreaking account of Imperial Japan's kamikaze the suicide pilots of World War II as told through the eyes of the survivors In the final year of World War II a horrific new weapon was unleashed in the Pacific the kamikaze Idealistic young Japanese men had been taught that there was no greater glory than to sacrifice one's life to defend the homeland Now with the war all but lost thousands of these determined warriors were hastily trained in the basics of piloting an airplane then sent out in waves to crash into enemy warships suicide attacks that killed altogether some seven thousand American sailors But what of those men who took the sacred oath to die in battle and lived In the wake of 9/11 ethnographer M G Sheftall was given unprecedented access to the cloistered community of Japan's last remaining kamikaze survivors As an American fluent in Japanese Sheftall was the only westerner to ever sit face to face with these men and hear their stories The result is a fascinating journey into the lives indoctrination and mindsets of the kamikaze through the eyes of participants who are now lost to time

Ruptured Histories Sheila Miyoshi Jager, Rana Mitter, 2007-04-30 New forms of nationalism have affected American policy in the Pacific challenging the post communist world order This book explores the wars of the modern era illuminating regional and global changes in East Asia and underscoring the need to redefine the Cold War language that still continues to inform U S East Asian relations

Defeat and Memory J. Macleod, 2008-11-03 The legacy of defeat in war reverberates through private and collective memory and remains a sub text in international relations and political discourse

This book examines the manner in which a series of military defeats have been understood and remembered by individuals and societies in the era of modern industrialised warfare **Beyond the Rising Sun** Bruce Stronach,1995-01-30 Japan's aggressive economic development has led many Americans to fear that it will lead to an equally aggressive nationalism reminiscent of the pre World War II period *Beyond the Rising Sun* demonstrates that such fears are unfounded Although cultural nationalism is strong Japan today is a stable and peaceful democracy Professionals academics government officials business people and the general public will find this challenge to many current views about Japanese politics people and U S Japanese relations provocative There has long been concern that Japan's aggressive economic development might be a harbinger of an equally aggressive nationalism reminiscent of the dark era leading up to World War II The media has fueled the image of a newly aggressive Japan by using martial metaphors such as Samurai capitalism that is invading American markets Moreover the Japanese are also portrayed as subservient members of a conformist society manipulated by political authority However a long time resident in Japan and scholar on U S Japanese relations argues that contemporary Japanese nationalism has no connection to its prewar embodiment and fears of an authoritarian and aggressive Japan have no basis in reality Of the many changes in Japan since the end of the war the most significant has been the development of a deeply ingrained democratic political culture Although a strong force in Japan today nationalism is manifested by a strong ethnic cultural and racial identification and not by citizen identification with the state By examining the wide varieties of nationalism in contemporary Japan and by explaining the role that they play in society and politics academics professionals government officials business people and the general public will find this analysis invaluable for understanding contemporary Japan This short text is designed also for use in courses in Japanese politics contemporary Japanese society and culture and U S Japanese relations *The Golden Shield of IBF* Jerry Ahern, *Shipmates* Gary Burns,2016-09-27 In late 1944 78 U S Navy sailors and officers climbed aboard a ship just 150 feet long and 23 feet wide and headed toward the sound of gunfire One of a class of gunboats known as mighty midgets LCS 52 carried an arsenal equal to ships twice its size Yet its shallow draft enabled it to maneuver to within a few hundred feet of any beach Packed inside the tiny craft the diverse crew were farmers students cooks and teachers They ranged from age 17 to middle aged a few had seen combat in the Atlantic and the Pacific This book tells the story of the ship's extensive service in World War II's Pacific Theater Most of the crew survived the war as did LCS 52 itself serving in the U S Navy and Japanese Maritime Self Defense Force until 1958 when it was decommissioned and used for artillery practice A roll call of crew members is included with biographical information when available **River of Gold** Jerry Ahern,2013-03 **The Lost Squadron of China** Pasquale De Marco,2025-07-26 Prepare to be immersed in the untold story of the forgotten heroes of World War II in *The Lost Squadron of China* by Pasquale De Marco This captivating narrative transports you back in time to witness the courageous exploits of the 308th Bombardment Group a valiant team that played a pivotal role in the air war over China *The Lost Squadron of China* chronicles the

extraordinary journey of these brave men and women from their harrowing experiences on the Burma Road to their decisive contributions in the Pacific theater Through meticulous research and firsthand accounts Pasquale De Marco recreates the challenges sacrifices and triumphs of the 308th shedding light on a largely overlooked chapter of military history This book is not merely a tribute to the heroes of the 308th Bombardment Group it is also an insightful exploration of the complex geopolitical forces that shaped World War II Pasquale De Marco deftly weaves together military strategy historical context and personal narratives to provide a comprehensive understanding of the air war in China and its impact on the course of the war In *The Lost Squadron of China* you ll discover The untold stories of the brave pilots ground crew and support personnel who made up the 308th Bombardment Group A gripping account of the air battles bombing missions and personal sacrifices that defined their wartime experiences The challenges and triumphs of operating in a remote and unforgiving environment The role of the 308th in major campaigns including the Burma Road New Guinea the Philippines and Okinawa The legacy of the 308th Bombardment Group and its impact on the outcome of World War II *The Lost Squadron of China* is a captivating blend of military history human drama and geopolitical intrigue It is a fitting tribute to the forgotten heroes of the air war in China and a must read for anyone interested in this fascinating and under explored chapter of World War II history If you like this book write a review

Flight R.G. Martyrdom in Modern Islam Meir Hatina,2014-04-28 An in depth analysis of modern Islamic martyrdom and its various interpretations positing martyrdom as a vital component of contemporary identity politics and power struggles

Chinese and Japanese Films on the Second World War King-fai Tam,Timothy Y. Tsu,Sandra Wilson,2014-10-24 This book examines representations of the Second World War in postwar Chinese and Japanese cinema Drawing on a wide range of scholarly disciplines and analysing a wide range of films it demonstrates the potential of war movies for understanding contemporary China and Japan It shows how the war is remembered in both countries including the demonisation of Japanese soldiers in postwar socialist era Chinese movies and the pervasive sense of victimhood in Japanese memories of the war However it also shows how some Chinese directors were experimenting with alternatives interpretations of the war from as early as the 1950s and how despite the resurgence of nationalism in japan since the 1980s the production of Japanese

movies critical of the war has continued

Aces of the Air: Daring Feats and Thrilling Combats in the Skies Pasquale De Marco, 2025-04-28 Immerse yourself in the captivating history of air combat during World War II with *Aces of the Air: Daring Feats and Thrilling Combats in the Skies* a comprehensive exploration of the pivotal battles iconic aircraft and human stories that defined this extraordinary era Journey through the skies of the Second World War from the Battle of Britain to the Battle of Midway and witness firsthand the bravery of pilots the ingenuity of engineers and the significance of air power in shaping the course of the war Discover the legendary aircraft that soared through the clouds from the sleek and deadly fighters to the mighty bombers that rained destruction upon enemy targets Delve into the personal accounts of those who lived and fought in this tumultuous time Hear from pilots who risked their lives in daring missions ground crews who kept the aircraft flying and civilians who witnessed the air war from the ground Their firsthand accounts offer a glimpse into the sacrifices triumphs and tragedies that unfolded amidst the chaos of war Explore the technological advancements that revolutionized air warfare during World War II The development of radar jet propulsion and aerial photography had a profound impact on the conduct of the air war and their legacy continues to shape aviation to this day Beyond the battles and the aircraft *Aces of the Air: Daring Feats and Thrilling Combats in the Skies* delves into the cultural and artistic legacy of the air war From the iconic paintings of war artists to the novels and films that have immortalized the stories of this era we examine the ways in which art has captured the essence of the air war and preserved its memory for future generations *Aces of the Air: Daring Feats and Thrilling Combats in the Skies* is a comprehensive and captivating account of the air war of World War II offering a unique perspective on one of the most significant conflicts in human history Through its engaging narratives stunning visuals and expert insights this book brings the past to life honoring the men and women who fought valiantly in the skies and forever changed the course of warfare If you like this book write a review on google books
