Karl Lagerfeld A Portrait Of Dorian Gray:

A Portrait of Dorian Gray Karl Lagerfeld, 2005 Karl Lagerfeld has staged the core of Oscar Wilde's famous novel in his own way. He shows a luxurious Bohemian world as in the freeze frames of a film. It reflects a world of fashion and glamour and suggests the aesthetics of Caravaggio or the pre-Raphaelites.

Sissi's World Maura E. Hametz, Heidi Schlipphacke, 2018-07-12 Sissi's World offers a transdisciplinary approach to the study of the Habsburg Empress Elisabeth of Austria. It investigates the myths, legends, and representations across literature, art, film, and other media of one of the most popular, revered, and misunderstood female figures in European cultural history. Sissi's World explores the cultural foundations for the endurance of the Sissi legends and the continuing fascination with the beautiful empress, a Bavarian duchess born in 1837, the longest-serving Austrian empress, and the queen of Hungary who died in 1898 at the hands of a crazed anarchist. Despite the continuing fascination with the beloved Sissi, the Habsburg empress, her impact and legacy have received scant attention from scholars. This collection will go beyond the popular biographical accounts, recountings of her mythic beauty, and scattered studies of her well-known eccentricities to offer transdisciplinary cultural perspectives across art, film, fashion, history, literature, and media.

The Reception of Oscar Wilde in Europe Stefano Evangelista, 2010-05-06 Oscar Wilde 1854-1900 is now widely recognised not only as one of the most representative figures of the British fin de siècle but as one of the most influential Anglophone authors of the nineteenth century. In Britain, Wilde suffered a long period of comparative neglect following the scandal of his conviction for gross indecency in 1895, and it is only recently that his works have been reassessed. But while Wilde was subjected to silence in Britain, he became a European phenomenon. His famous dandyism, his witticisms, paradoxes, and provocations became the object of imitation and parody; his controversial aesthetic doctrines were a strong influence not only on decadent writers but also on the development of symbolist and modernist cultures. This collection of essays by leading international scholars and translators traces the cultural impact of Oscar Wilde's work across Europe from the earliest translations and performances of his works in the 1890s to the present day.

The Graphic Canon, Vol. 2 Russ Kick, 2019-04-02 The Graphic Canon Volume 2 gives us a visual cornucopia based on the wealth of literature from the 1800s. Several artists, including Maxon Crumb and Gris Grimly, present their versions of Edgar Allan Poe's visions. The great American novel *Huckleberry Finn* is adapted uncensored for the first time as Twain wrote it. The bad boys of Romanticism, Shelley, Keats, and Byron, are visualized here, and so are the Brontë sisters. We see both of Coleridge's most famous poems, *Kubla Khan* and *The Rime of the Ancient Mariner*, the latter by British comics legend Hunt Emerson. Philosophy and science are ably represented by ink versions of Nietzsche's *Thus Spake Zarathustra* and Darwin's *On the Origin of Species*. *Frankenstein*, *Moby Dick*, *Les Misérables*, *Great Expectations*, *Middlemarch*, *Anna Karenina*, *Crime and Punishment*, a hallucinatory take on the pivotal murder scene, *Thoreau's Walden* in spare line art by John Porcellino of King Cat Comics fame, *The Drunken Boat* by Rimbaud, *Leaves of Grass* by Whitman, and two of Emily Dickinson's greatest poems.

El retrat de Dorian Gray Oscar Wilde, 2021-01-20 Dorian Gray és un jove d'una bellesa extraordinària i d'una personalitat innocent que després d'observar el seu retrat queda fascinat per la seva pròpia imatge. Quan li aconsellen que aprofiti al màxim aquests dons, pren consciència del pas del temps i del fet que tard o d'hora els perdrà. A partir d'aquest moment la seva actitud canvia i es torna hedonista, corrupte i cruel. No dubta a l'hora de tractar els altres amb menyspreu i fer servir el seu atractiu per aconseguir tot all que vol. El seu comportament malvat no es reflecteix en el seu rostre però sí en el retrat que guarda en un lloc ben amagat perquè el seu secret no es descobreixi.

Dracula's Daughters Douglas Brode, Leah Deyneka, 2013-12-24 Almost as long as cinema has existed, vampires have appeared on screen. Symbolizing an unholy union between sex and death, the vampire male or female has represented the libido, a repressed force that consumed its victims. Early iconic representations of male vampires were seen in *Nosferatu* (1922) and *Dracula* (1931) but not until *Dracula's Daughter* (1936) did a female sex vampire assume the lead. Other female vampires followed, perhaps most provocatively in the Hammer films of the 1950s, 60s and 70s. Later incarnations in such films as *Near Dark* (1987) and *From Dusk till Dawn* (1996) offered modern takes on this now iconic figure. In *Dracula's Daughters: The Female Vampire on Film*, Douglas Brode and Leah Deyneka have assembled a varied collection of essays that explore this cinematic type that simultaneously frightens and seduces viewers. These essays address a number of issues raised by the female vampire film, such as violence perpetrated on and by women, reactions to the genre from feminists, antifeminists and postfeminists, the implications of female vampire films for audiences both gay and straight, and how films reflected the period during which they were created. Other topics include female vampire films in relationship to vampire fiction, particularly by women such as Anne Rice, the relationship of the vampire myth to sexually transmitted diseases like

AIDS issues of race and misogyny and the unique phenomenon of teen vampires in young adult books and films such as *Twilight* Featuring more than thirty photos spanning several decades this collection offers a compelling assessment of an archetypal figure an enduring representation of dark desires that continues to captivate audiences This book will appeal not only to scholars and students but also to any lover of transgressive cinema *The British National Bibliography* Arthur James Wells,2007 *The Advocate* ,1995-05 **Male Alopecia** Ralph M.
