Kate Bush The Whole Story:

Kate Bush , Kate Bush Kerry Juby, Karen Sullivan, 1988 *Under the Ivy: The Life & Music of Kate Bush* Graeme Thomson, 2015-02-09 Under the Ivy examines Bush s unconventional upbringing in South London the blossoming of her talent and her evolution into one of the most visually and sonically creative artists of the past four decades Graeme masterfully weaves over 70 new interviews with those close to both the public artist and the private woman into his narrative He grants unprecedented insight into Kate s unique working methods her pioneering use of the studio on landmark albums such as Hounds of Love her rejection of live performance her key relationships and her profound influence on successive generations of musicians The result is a detailed and utterly absorbing biography of Kate Bush written with wit style and substance Under The Ivy is the definitive and updated account of the life and music of one of the world s most gifted private and often misunderstood artists Kate Bush - The Dreaming Peter Kearns, 2024-11-21 You could consider Kate Bush s The Dreaming to be her finest moment depending on whether you value the rejection of compromise and see that as a sign of authenticity Or you may see her Hounds of Love equal parts artful and accessible as the benchmark for artistic integrity meeting commercial success a slippery and completely unpredictable schizoid beast at the best of times As much as The Dreaming seems to be viewed as Bush s most difficult record to consume it s easy to forget that it was a top 20 album in multiple countries In reality it has a beautiful simplicity if only for its intention to exist for its own sake as they say It is what it is and the rest is up to the listener What it is is perhaps one of rock s purest examples of a musician doing their thing simultaneously and conveniently operating at the top of their game without a care for what others thought Ultimately The Dreaming is just art music yes but it arguably crosses the line into sculpture You can walk around it try to decipher it and still be stumped Isn t that how art is supposed to be Peter Kearns is a New Zealand musician independent recording artist and producer Since the 1980s he has performed live as keyboardist and or recorded or co written with a range of artists from in and outside of his home country He is half of the duo Tabacco Kearns and as a writer he s contributed regularly to witchdoctor co nz New Zealand s technology and music website for grown ups This is his fourth book for Sonicbond He first heard Kate Bush in 1978 when he was 11 biking home from school hearing Wuthering Heights blasting from someone s house and he stood there in the rain transfixed wondering if it was possible to equal something so unique *Kate Bush* John Van der Kiste, 2021-02-22 Kate Bush began her career in 1978 at the age of 19 with the single Wuthering Heights inspired by a film adaptation of the Emily Bront novel the first No 1 UK single to be written and sung by a female artist and the accompanying album The Kick Inside both of which established her as a highly individual talent She has always preferred the recording studio with live performances and tours having been few and far between and all her albums have been very successful at home and abroad her third Never For Ever 1980 being the first by a female artist to enter the British chart at No 1 Her eclectic experimental musical style with its often literary and unconventional lyrical themes has defied easy

categorisation and earned the lasting admiration of fans fellow performers and music critics alike while an eclectic roster of guest artists including Eric Clapton Elton John Prince and Stephen Fry have appeared on her work This book provides a thorough examination of the songs on all her singles albums and occasional recorded collaborations with other artists
