Gr Derzhavina Poets Progress:

G. R. Derzhavin, a Poet's Progress Pierre R. Hart, 1978 *Russian Literature and the Classics* Peter I. Barta, David H. J. Larmour, Paul Allen Miller, 2013-12-02 Russian Literature and the Classics attempts to fill a gap To date there has been no book length systematic study of the impact of antiquity on Russian literature and culture While by no means claiming to offer a comprehensive approach the authors focus on various aspects of the influence which the Classics have had on Russian literature at particularly significant junctures the beginning of the nineteenth century the age of the great Russian realist novel the Silver Age Stalin's terror the Thaw after 1956 and the period just before the collapse of Soviet society In their introductory essay the editors offer an overview of the Classical Tradition In it they provide an insight into the contrasting ways in which that tradition manifested itself in the literatures of Western Europe and of Russia **Derzhavin** Vladislav Khodasevich, 2007-12-10 Russian poet soldier and statesman Gavriil Derzhavin 1743 1816 lived during an epoch of momentous change in Russia imperial expansion peasant revolts war with Turkey and struggle with Napoleon and he served three tsars including Catherine the Great Here in its first English translation is the masterful biography of Derzhavin by another acclaimed Russian man of letters Vladislav Khodasevich Derzhavin occupied a position at the center of Russian life uniting civic service with poetic inspiration and creating an oeuvre that at its essence celebrated the triumphs of Russia and its rulers particularly Catherine the Great His biographer Khodasevich by contrast left Russia in 1922 unable to abide the increasingly repressive regime of the Soviets For Khodasevich whose lyric poems were as commonplace in their focus as Derzhavin's odes were grand this biography was in a sense a rediscovery of a lost and idyllic era a period when it was possible to aspire to the pinnacles of artistic achievement while still occupying a central role in Russian society Khodasevich writes with humor intelligence and understanding and his work stands as a monument to the last three centuries of Russian history lending keen insight into Russia's past as well as its present and future Khodasevich's light narrative touch as translated by Brintlinger lends a novelistic quality to the biography making it a genuine tour de force All students and scholars of history literature poetry biography will find something of interest here Choice [An Anthology of Russian Literature from Earliest Writings to Modern Fiction](#) Nicholas Rzhevsky, 2019-09-16 Russia has a rich huge unwieldy cultural tradition How to grasp it This classroom reader is designed to respond to that problem The literary works selected for inclusion in this anthology introduce the core cultural and historic themes of Russia's civilisation Each text has resonance throughout the arts in Rublev's icons Meyerhold's theatre Mousorgsky's operas Prokofiev's symphonies Fokine's choreography and Kandinsky's paintings This material is supported by introductions helpful annotations and bibliographies of resources in all media The reader is intended for use in courses in Russian literature culture and civilisation as well as comparative literature *Reference Guide to Russian Literature* Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore

confidently recommended for addition to reference libraries be they academic or public

The Cambridge History of Russian Literature Charles Moser, 1992-04-30 An updated edition of this comprehensive narrative history first published in 1989 incorporating a new chapter on the latest developments in Russian literature and additional bibliographical information The individual chapters are by well known specialists and provide chronological coverage from the medieval period on giving particular attention to the nineteenth and twentieth centuries and including extensive discussion of works written outside the Soviet Union The book is accessible to students and non specialists as well as to scholars of literature and provides a wealth of information
