an extensive but still limited hypothesis to explain events that cannot be explained by other hypotheses Hampton Roads Chronicles Paul Clancy, 2009-04-20 Just like the tide history flows through every corner of Old Dominion's Hampton Roads region and for decades it has been chronicled in the *Virginian Pilot's* column Our Stories. These stories are now told by local historian and longtime columnist Paul Clancy who offers up this unparalleled and uninhibited collection of articles and stunning historical images. Rediscover the history behind landmarks such as Fort Monroe, Sewell's Point and Cape Henry and take in the view from the vantage point of those who witnessed history being made before their eyes: stories about the hurricane of '33, the old fairgrounds on the bay, the trolleys that ran to Ocean View, the semipro baseball teams that battled for glory, the harrowing and courageous struggle for racial equality and the soldiers and sailors who went off to war. This is the real stuff of Hampton Roads history.

Journal of the Indian Wars Michael Hughes, 2000-03-01 *Journal of the Indian Wars* or JIW was a quarterly publication on the study of the American Indian Wars. Before JIW, no periodical dedicated exclusively to this fascinating topic was available. JIW's focus was on warfare in the United States, Canada and the Spanish borderlands from 1492 to 1890. Published articles also include personalities, policy and military technologies. JIW was designed to satisfy both professional and lay readers with original articles of lasting value and a variety of columns of interest, plus book reviews, all enhanced with maps and illustrations. JIW's lengthy essays of substance are presented in a fresh and entertaining manner. Most readers of the Civil War and Indian War history know that a small force of Indians participated in the Battle of Pea Ridge. John Pope was banished to Minnesota after his disastrous performance at Second Bull Run to face the rebellious Sioux. Stand Watie and Ely Parker rose to high rank in the Confederate and Union armies respectively, and a region labeled simply Indian Territory existed somewhere in the Trans-Mississippi Theater. All true. Yet the situation of American Indians during the Civil War period was much more complex, their fate more devastating and far-reaching than most students appreciate. Each of the articles in this issue underscores this point. In this edition: Foreword, Firm but Fair, The Minnesota Volunteers and the Coming of the Dakota War of 1862, The Most Terrible Stories, The 1862 Dakota Conflict in White Imagination, Chiefs by Commission, Stand Watie and Ely Parker Flowing with Blood and Whiskey, Stand Watie and the Battles of First and Second Cabin Creek, Nations Asunder, Western American Indian Experiences During the Civil War, 1861-1865, Part I: Interview, A Conversation with Battlefield Interpreter Doug Keller, Features, Wisconsin's 1832 Black Hawk Trail, The Indian Wars, Organizational, Tribal and Museum News, Thomas Online, Daughters of the Lance, Native American Women Warriors, Book Reviews, Index.

James T. Farrell and Baseball Charles DeMotte, 2019-12-01 *James T. Farrell and Baseball* is a social history of baseball on Chicago's South Side, drawing on the writings of novelist James T. Farrell along with historical sources. Charles DeMotte shows how baseball in the early decades of the twentieth century developed on all levels and in all areas of Chicago, America's second largest city at the time, and how that growth intertwined with Farrell's development as a fan and a writer who used baseball as one of the major themes of his work. DeMotte goes beyond Farrell's literary focus to

tell a larger story about baseball on Chicago's South Side during this time when Charles Comiskey's White Sox won two World Series and were part of a rich baseball culture that was widely played at the amateur semipro and black ball levels DeMotte highlights the 1919-20 Black Sox fix and scandal which traumatized not only Farrell and Chicago but also baseball and the broader culture By tying Farrell's fictional and nonfictional works to Chicago's vibrant baseball history this book fills an important gap in the history of baseball during the Deadball Era

Wald, 2025-04-03 The rubric Bohemian Bolsheviks captures Alan Wald's sustained fascination with persistent contradictions between the image of Left political commitment and the actuality of experience especially in relation to cultural work and cultural workers Marxist political alignment engages a welter of intimate and biographical factors enriching the record of a varied history of fiction poetry literary criticism and other intellectual practices Exploring a field of study marked by enduring paradoxes of modernity this volume is a sharp reminder that historical narrative not only shapes our sense of the terrain under our feet but also the horizon in front of us

War and Gender Joshua S. Goldstein, 2003-07-17 Gender roles are nowhere more prominent than in war Yet contentious debates and the scattering of scholarship across academic disciplines have obscured understanding of how gender affects war and vice versa In this authoritative and lively review of our state of knowledge Joshua Goldstein assesses the possible explanations for the near total exclusion of women from combat forces through history and across cultures Topics covered include the history of women who did fight and fought well the complex role of testosterone in men's social behaviours and the construction of masculinity and femininity in the shadow of war Goldstein concludes that killing in war does not come naturally for either gender and that gender norms often shape men women and children to the needs of the war system Illustrated with photographs drawings and graphics and drawing from scholarship spanning six academic disciplines this book provides a unique study of a fascinating issue
