

by these people and blank our ears out of their constructive suggestions. It is because it doesn't come from within us. And when something comes from within you, you always try your best to do justice to it. Self-talk can thus ameliorate our status. Each one of us has some good points and some bad ones.

Though we hardly admit in public, we know in our mind that we could do better in some areas of our personal landscape. This get better attitude can be converted into a practical reality using self-talk.

If you are an introvert and you want to be the gregarious person like your friend next door, all you need to do is talk to yourself. Tell yourself with all the sincerity and emotions that I can be like him. I am a natural born speaker. I do like

people and speaking comes naturally to me. I just have to be ready to listen and speak. Suppose you love a person and want

to tell him or her, then just say to yourselves I love her with all my heart. She is the only one and I know it. If I don't let her know, it would be grave injustice on my part.

Every person loves to be loved. Even she will. These are just some examples I have explained. It's up to you to program your own mind. If you are highly optimistic to do better there is no better motivator than self-talk. So guys start talking.
