The Moralist International Kristina Stoeckl, Dmitry

Uzlaner, 2022-12-20 The Moralist International analyzes the role of the Russian Orthodox Church and the Russian state in the global culture wars over gender and reproductive rights and religious freedom. It shows how the Russian Orthodox Church in the past thirty years first acquired knowledge about the dynamics, issues, and strategies of Right Wing Christian groups, how the Moscow Patriarchate has shaped its traditionalist agenda accordingly, and how the close alliance between church and state has turned Russia into a norm entrepreneur for international moral conservatism. Including detailed case studies of the World Congress of Families anti-abortion activism and the global homeschooling movement, the book identifies the key factors, causes, and actors of this process. Kristina Stoeckl and Dmitry Uzlaner then develop the concept of conservative aggiornamento to describe Russian traditionalism as the result of conservative religious modernization and the globalization of Christian social conservatism. The Moralist International continues a line of research on the globalization of the culture wars that challenges the widespread perception that it is only progressive actors who use the international human rights regime to achieve their goals by demonstrating that conservative actors do the same. The book offers a new original perspective that firmly embeds the conservative turn of post-Soviet Russia in the transnational dynamics of the global culture wars. The Moralist International is available from the publisher on an open access basis.

Conscious Parenting Workbook

Bhadra Mitchell, 2014-11-12 By choosing to parent children or to serve as a friend, educator, or informal mentor, you have taken up an admirable and challenging task. Committing yourself to the care and education of children sets you on a journey that is ripe with enormous opportunities for personal growth, expanded love, joy, self-understanding, and compassion. It also introduces you to areas of your own life that may have been unexamined, confronting you with limiting beliefs and issues of your own self-esteem. This Workbook is the companion volume to *Conscious Parenting* by Lee Lozowick, Hohm Press, 2010, and is designed to be a useful map and travel guide for you on this adventure. The *Conscious Parenting Workbook*, like *Conscious Parenting* itself, aims to assist you in aligning with a big view of the subject, an overall context from which to parent and educate. Years of personal experience combined with solid foundations shared with many great educators have made Lee Lozowick's *Conscious Parenting* a pragmatic handbook much appreciated by his peers and by thousands of parents worldwide. But especially and perhaps uniquely, his work relies on life-affirming principles culled from his own spiritual understanding along with those from other longstanding spiritual traditions. His work then speaks to the ways and means for transforming ordinary family life with children into a primary means of spiritual practice, including the inevitable challenge
