Committee on Commerce, Science, and Transportation,1992 Biomedical Ambiguity Ian Whitmarsh,2011-02-23 Steadily increasing numbers of Americans have been diagnosed with asthma in recent years attracting the attention of biomedical researchers including those searching for a genetic link to the disease The high rate of asthma among African American children has made race significant to this search for genetic predisposition One of the primary sites for this research today is Barbados The Caribbean nation is considered optimal because of its predominantly black population At the same time the government of Barbados has promoted the country for such research in an attempt to take part in the biomedical future In Biomedical Ambiguity Ian Whitmarsh describes how he followed a team of genetic researchers to Barbados where he did fieldwork among not only the researchers but also government officials medical professionals and the families being tested Whitmarsh reveals how state officials and medical professionals make the international biomedical research part of state care bundling together categories of disease populations biological race and asthma He points to state and industry perceptions of mothers as medical caretakers in genetic research that proves to be inextricable from contested practices around nation race and family The reader s attention is drawn to the ambiguity in these practices as researchers turn the plurality of ethnic identities and illness meanings into a science of asthma and race at the same time that medical practitioners and families make the opaque science significant to patient experience Whitmarsh shows that the contradictions introduced by this misunderstanding paradoxically enable the research to move forward *If You Ever Meet a Weasel* Belinda MacGruder,2013-08-29 In the 1800s the lives of persons in the entertaining industry specifically theater were often as dramatic as the characters lives in some plays by Samuel Beckett Anton Chekhov Henrik Ibsen William Inge Arthur Miller Thornton Wilder and Tennessee Williams If You Ever Meet a Weasel by Belinda MacGruder is one such dramatic story Historical fiction this novel details the lives of theatre people who travel from Europe to the New World This novels main character must tolerate her fathers traditional attitudes toward marriage She must accept the separation from her European friends when she moves to the New World Of course New World customs are different from European customs As such this novels female main character must learn New World customs while retaining the Old World ones Natural and manmade tragedies afflict most if not all of the characters in If You Ever Meet a Weasel Highly unusual events occur Personality
