Hostile Takeover Tor Science Fiction:

Hostile Takeover Susan Shwartz, 2005-12-01 Caroline Cassandra Williams is on the fast track and determined to stay there. A financial analyst in one of the mega global corporates she's stayed one step ahead of her enemies to keep from losing her place as a valued salaryman and two steps in front of those colleagues who would grind her down in a nanosecond to reach the next rung of economic freedom. Even though she's clawed her way out of the insulae where working poor are warehoused she keeps herself grimly focused with nightmares of losing her job. Or being frozen into a shipsicle and shipped to the Outer Rim as an expendable drudge. Or worst case going bankrupt and dying slowly as the authorities harvest her limbs and other body parts. When the multiplanetary company she works for sends CC to audit Vesta Colony to learn why assets keep hemorrhaging away she knows this is her big chance to make the Ultimate Career Move. Assuming she gets the facts and pins the crooked trades and any other crimes she finds on someone or a bunch of someones she can turn in with a clear conscience she can go home first class collect her fianc and a fat bonus then march down the aisle in a perfectly event planned wedding into a prosperous ever after twin career track. She's already even planned vacations with their children to come at the theme parks on Easter Island the cofferdams surrounding Disney World and the Gobi Dinosaur Pavilions. If CC succeeds she's set for the rest of her life. But Vesta turns out to be unlike anything CC has ever seen and the deeper she delves the more twisted things get until her life not to mention her career hangs in the balance. As plots expose more plots CC finds herself confronting not just possible insider trading and fraud but attempted murder. Who's at fault? She's got a colony of suspects including old friends old rivals and a dashing EarthServ pilot who knows a whole lot more about CC and her worlds than he's letting on and shows signs of being able to shake them and her will power any time he wants. Someone among the analysts traders EarthServ and retired diplomats CC meets is hatching a deadly merger with the potential not just to crash the Solar System's economy but wipe out humankind. Will CC find out in time or will the takeover she fears turn not just hostile but deadly? At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied.

Vulcan's Soul #1: Exodus Josepha Sherman, Susan Shwartz, 2004-07-20 The first in a thrilling trilogy from the bestselling authors of *Vulcan's Forge* and *Vulcan's Heart* chronicles the latter day adventures of one of Star Trek's most beloved characters shedding new light on his world's fascinating history. One year after the end of the Dominion War the Romulan Star Empire comes under attack by a mysterious and alarmingly powerful enemy calling itself the Watraii a species with a long standing vendetta against the Romulans. Yet though they remain tenuously allied the Federation the Romulans and the Klingons are ill prepared to become embroiled in another sustained conflict forcing Ambassador Spock Admiral Uhura Admiral Chekov Captain Saavik and some unexpected allies to defy their governments in order to meet the new threat head on. But the first blood drawn may prove to be among the dearest of all. Unknown to the defenders the secret behind the Watraii's attack is buried in Vulcan's violent ancient past during the time of Surak himself. Now Spock must begin the first
