The Dragons of the Cuyahoga S. Andrew Swann,2001-10-01 It all started about a decade ago when the Portal suddenly opened up over the stadium right in the middle of a game Cleveland just hadn t been the same since what with electronic devices pretty much useless unless you were willing to spend a fortune in digital protection and redundancy equipment and all the dragons elves gnomes dwarves gargoyles etc who d come through the Portal to take up residence within the areas

covered by the Portal's magical field. For Kline Maxwell, City Hall reporter for the Cleveland Press, magic-based Cleveland had long since become the status quo. At least until a fellow reporter named Morgan came down with a case of eyeballs growing all over his body. The diagnosis stayed out of Portal territory and he'd be just fine. But that meant Maxwell and all the other reporters were going to have to take up the slack. And Maxwell hated the thought of doing fuzzy gnome stories. Still, he took his job seriously and when he was assigned to cover a dragon's death by crash landing into the Cuyahoga, he headed over to the accident site with only a modest number of curses. But what should have been a simple accident report soon led Maxwell in search of a much bigger story, one that would see him kidnapped by elves, framed for murder, holding secret meetings with dragons and fleeing not only from the cops but from pretty much everyone.

Old Settlers of Mecosta, Isabella and Montcalm Counties in Michigan Volume II Barbara Slater Nelson, 2019-08-06 The term Old Settlers refers to the group of mixed race people that came to MI in the late 1800s and settled in the newly opened land in the Mecosta, Isabella and Montcalm counties. The title is well known throughout the area and most know it refers to that group and anyone who descended from them. Volume two covers the original Old Settlers that came whose last names begin with D, R and follows each one of their descendants through every generation down to the current living generations. It includes photographs, family stories, articles and obituaries. They were an amazing group who settled the land, cleared it, farmed it, built homes, schools, churches, roads, married each other and raised families. There are many historical sites and monuments still there that are overseen by their descendants. Our history is kept alive by thousands of descendants and hundreds who work on genealogy and share their knowledge.

Horsemen of the Esophagus Jason Fagone, 2006-06-06 To be up on stage shoving food in your face beats everyday existence for most people. David Coondog, O Karma, competitive eater, Hungry Charles, Hardy Ed, Cookie Jarvis, Sonya The Black Widow, Thomas Joey Jaws, Chestnut Will, such names one day be looked back upon as the pioneers of a new manifestation of the irrepressible American appetite for competition, money, fame and self transformation. They will if the promoters of the newly emerging sport of competitive eating have their way. In *Horsemen of the Esophagus*, Jason Fagone reports on the year he spent in the belly of this awakening beast. Fagone's trek takes him to 27 eating contests on two continents, from the World Grilled Cheese Eating Championship in Venice Beach, California to Nagoya, Japan, where he pursues an interview with the legendary Takeru Kobayashi, perhaps the most prodigious eater in the world today, and to the Nathan's Famous Hot Dog Eating Contest at Coney Island, the sport's annual grand finale where Kobayashi has eaten more than 50 dogs in 12 minutes. Along the way, Fagone discovers an absurd, sometimes troubling subculture on the make, ready to bust out of its county fair and neighborhood fat guys niche and grab a juicy piece of the big time television sports Vegas spectacle jackpot. Fagone meets promoters like George Shea, the P. T. Barnum of the International Federation of Competitive Eating, aka IFOCE, the governing body of all stomach-centric sport, and enters the lives of three gurgitators: David Coondog, O Karma, a fiftyish six two house painter from Ohio who's not ready to become invisible; Bill El Wingador Simmons, the Philly

Wing Bowl legend who is shooting for a fifth chicken eating championship despite the fact that it may be killing him and Tim Eater X Janus a lean young Wall Street trader who takes a seriously scientific and athletic approach to the pursuit of ingesting mountains of food in record breaking times Each in his own way feels as if he has lost or not yet found something essential in life and each is driven by the desperate hope that through consumption he may yet find redemption that even in the junkiest of America s junk culture true nourishment might be found After all as it says on the official IFOCE seal In Voro Veritas In Gorging Truth With forays into the gastrointestinal mechanics of the alimentary canal it s what unbuilds the world to build you but hey you can skip that part if you like the techniques and tricks of the experienced gurgitators pouring a little club soda on top of high carb foods makes them easier to swallow and the historical roots of the competitive eating phenomenon Horsemen of the Esophagus gives the French something else to dislike about America And it gives the rest of us food for thought about the bizarre and unlikely places the American Dream can sometimes lead Also available as an eBook
