Halfway House Liam Martin,2021-10-19 Halfway House draws on three and a half years of intensive ethnographic fieldwork to open a window on the little known web of organizations governing prisoner reentry at the frontier of mass incarceration It tells the story of Joe Badillo along with a small cast of connected characters by following the ups and downs of his unfolding experience as he leaves jail and searches for a place in the world outside while confronting overwhelming obstacles Joe s first stop after release is Bridge House and the author moves into the program as a researcher around the same time he arrives the beginnings of the long term collaboration at the heart of the book This deeply personal account is weaved into a larger analysis of the halfway house as an institution a site of punishment and carceral control as well as housing and social support With a national push underway for decarceration and alternatives to imprisonment it provides an opportunity to rethink the pitfalls and possibilities of using the halfway house to challenge the worst excesses of mass incarceration

The book includes five newly commissioned reconstruction drawings showing what we now know about the bridge and its houses Laws of New-York New York, State of, William Walton, 1774 **Journals - House of Commons, Ottawa, Canada** Canada.
