Fan The Flame:

Fan the Flame Jim Cymbala, John Blattner, 2022-09-20 What if we modeled our churches after what Jesus intended His church to look like What if our hope for our ministries rested not on human wisdom but on God's power Over the past few years we've all seen how quickly circumstances can change and many of us have experienced firsthand how church growth trends and popular models fail us Churches across the country are struggling and many pastors are deeply discouraged We work hard and with great sincerity but our efforts don't seem to be helping our churches flourish Jim Cymbala New York Times best selling author and long time pastor of The Brooklyn Tabernacle has been watching the pressing need for back to the basics spiritual leadership among Christians and he's seen so many churches come to defeat because so many leaders forget this one truth Your church is not your church It's Christ's church In order for his church to flourish we have to minister his way With this posture of humility and a refreshing return to the model of Paul's church leadership and philosophy of preaching shown in the book of Acts Cymbala has written an urgent message for all those in ministry that Identifies the many pitfalls that church leaders can fall into Reasserts the need for total confidence in the Gospel Preaches complete dependence on the Holy Spirit while showing you how to see the new things that the Spirit can do through your work Offers practical guidance on inevitable leadership challenges such as money division and priorities With honesty and clarity Jim Cymbala has written *Fan the Flame* to ministers church leaders staff members and any Christians serious about God's church He's written this book in order to help you face these difficult times in the name of the Lord He's written so that our prayer as God's people with God's mission might be Lord show us how to do your work so that in the midst of dark times we can still see you fan the flames of your power and Spirit Lord use us to that end Amen
