## **Fanatics And Fools The Game Plan For Winning Back America:**

*Fanatics & Fools* Arianna Huffington, 2004-04-14 As America's leaders fight pre-emptive wars abroad and ordinary Americans fight to keep their heads above water here at home Arianna Huffington offers a no-holds-barred account of where we stand and a clear and remarkable vision of where we should be headed Taking aim at the ruthless fanatics in the Bush White House and the feckless fools in the all-too-compliant Democratic opposition the best-selling author of *Pigs at the Trough* paints a scathing picture of our contemporary political landscape peopled with scoundrels and cowards and awash in the constant and corrosive flow of dirty money But the book doesn't stop there Over the course of her run for governor of California Arianna Huffington learned that criticism and outrage are not enough She lays out her game plan for winning back America from our not-so-compassionately conservative president now firmly and happily in the grip of right-wing radicals like Dick Cheney Karl Rove and John Ashcroft With the 2004 election fast approaching Arianna Huffington sees fire in the ashes of the Democratic Party and reason for hope that this can be the year that the people finally take back control of their government and their country Fearless funny in full command of the facts and ever passionate Arianna Huffington offers not just a chapter-and-verse diagnosis of the fanaticism that drives the Bush White House but a bold vision of New Responsibility for rebuilding our broken democracy If you want to know what you can do to restore America to the promise and moral greatness envisioned by our greatest leaders from Abraham Lincoln and Teddy Roosevelt to FDR and Bobby Kennedy this book is required reading These are big dreams but as Arianna argues anything smaller guarantees the reelection of George Bush Book jacket [One Night in America](#) Steven W. Bender, 2015-12-03 Courageous Ilan Stavans author of *Spanglish* The Making of a New American Language Robert Kennedy and Cesar Chavez came from opposite sides of the tracks of race and class that still divide Americans Both optimists Kennedy and Chavez shared a common vision of equality They united in the 1960s to crusade for the rights of migrant farm workers Farm workers faded from public consciousness following Kennedy's assassination and Chavez's early passing Yet the work of Kennedy and Chavez continues to reverberate in America today Bender chronicles their warm friendship and embraces their bold political vision for making the American dream a reality for all Although many books discuss Kennedy or Chavez individually this is the first book to capture their multifaceted relationship and its relevance to mainstream U.S. politics and Latino politics today Bender examines their shared legacy and its continuing influence on political issues including immigration education war poverty and religion Mapping a new political path for Mexican Americans and the poor of all backgrounds this book argues that there is still time to prove Kennedy and Chavez right **This Is My Best** Retha Powers, Kathy Kiernan, 2005-05-05 Some of the world's most acclaimed writers including novelists essayists poets playwrights and cartoonists share what they consider their finest works accompanied by incisive commentary by each author on the work and the creative process **Liberty Means Freedom for All** Steven H. Propp, 2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an

election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved

**Right is Wrong** Arianna Huffington, 2008-04-29 With her trademark passion intelligence and devastating wit Huffington Post editor in chief Arianna Huffington tackles the issues that are crucial to this year's presidential election and even more so to the fate of the country Huffington makes the case that America has been hijacked from within by a radical element the lunatic fringe of the Right that has taken over the Republican Party Despite holding views at odds with the majority of Americans these zealots have given us an endless war in Iraq a sputtering economy a health care system on life support a war on science and reason

and an immoral embrace of torture But they haven't done it on their own they have been enabled by a compliant media that act as if there is no such thing as truth and are more interested in cozying up to those in power than in holding them accountable and by feckless Democrats who have allowed themselves to be intimidated into backing down again and again Both a withering indictment and a hopeful call to arms *Right Is Wrong* is an explosive boldly incisive work that will help set the national agenda
