Go to War Rhonda M. Kohl, 2013-01-31 Cavalry units from Midwestern states remain largely absent from Civil War literature and what little has been written largely overlooks the individual men who served The Fifth Illinois Cavalry has thus remained obscure despite participating in some of the most important campaigns in Arkansas and Mississippi In this pioneering examination of that understudied regiment Rhonda M Kohl offers the only modern comprehensive analysis of a southern Illinois regiment during the Civil War and combines well documented military history with a cultural analysis of the men who served in the Fifth Illinois The regiment's history unfolds around major events in the Western Theater from 1861 to September 1865 including campaigns at Helena Vicksburg Jackson and Meridian as well as numerous little known skirmishes Although they were led almost exclusively by Northern born Republicans the majority of the soldiers in the Fifth Illinois remained Democrats As Kohl demonstrates politics economics education social values and racism separated the line officers from the common soldiers and the internal friction caused by these cultural disparities led to poor leadership low morale disciplinary problems and rampant alcoholism The narrative pulls the Fifth Illinois out of historical oblivion elucidating the highs and lows of the soldiers service as well as their changing attitudes toward war goals religion liberty commanding generals Copperheads and alcoholism By reconstructing the cultural context of Fifth Illinois soldiers *Prairie Boys Go to War* reveals how social and economic traditions can shape the wartime experience

The Silent General - Horne of the First Army Don Farr, 2007-06-08 Whether or not Henry Sinclair Horne was the silent General he might certainly if he were still alive lay claim to being the forgotten General of the Western Front His self-effacement in a profession not renowned for shrinking violets undoubtedly made its contribution to his relative anonymity he wrote no memoirs nor kept anything more than sketchy diaries but it is still surprising that such an important contributor to the defeat of the German army in the Great War has not until now received the attentions of a biographer After a customary slow start in the late Victorian army Henry Horne first made an impact during the Boer War fortuitously as it was to turn out under the

eyes of a Colonel Douglas Haig By the outbreak of the Great War Henry Horne was a Brigadier General Two years later he was a full General in command of the BEF's First Army His was one of the most rapid elevations to top rank recorded in the war In the two years he spent as an army commander he commanded the brilliant capture of Vimy Ridge the desperate defensive Battle of the Lys the successful assault on the Drocourt-Quatre Switch the outstanding crossing of the Canal du Nord and the liberation of Douai Cambrai Lens Valenciennes and Mons Napoleon always sought to ensure that his generals were lucky In that respect Henry Horne would have suited him He was lucky in having a long standing close professional relationship with the Commander in Chief FM Haig in having under his command at First Army the elite Canadian Corps and some distinguished British divisions and in having as his Chief of Staff one of the outstanding staff officers of the war But there was more to Henry Horne than just luck This belated biography assesses Henry Horne's relationship with Haig and the Canadian Corps It also evaluates his contribution to the technical advances of the artillery during the war and describes the battles which he conducted It attempts to accord to Henry Horne the recognition and credit that he deserves but which has for so long been withheld **Snagged and Sunk, Or, The Adventures of a Canvas Canoe** Harry Castlemon, 1888
