The Political Christopher Nolan Jesse Russell, 2023-05-26 Many of Christopher Nolan s films ironically both embrace the tradition of surrealist and Avant Garde filmmaking while simultaneously providing at least tacit support for the Anglo American liberal world order For Nolan this world order which relies on global capitalism technocratic supremacy and ultimate control of world cultural production is a much greater alternative to either left or right wing challenges to this liberalism In Nolan s films this liberalism must occasionally use violence and violate some of its core principals of privacy and

freedom to maintain its dominance Nonetheless Anglo American liberalism in Nolan s vision provides a world that is freer more humane and more prosperous than other anarchic Marxist or fascist alternatives Finally and perhaps most importantly for Nolan the security wealth and freedom of this liberal world order enables the world of art and film to blossom and the opportunity for Christopher Nolan to create post ironic dream worlds or in the words of Jean Baudrillard a hyperreality
