Easley,Steven L. Cox,2006-10 Gospel harmonies were inevitable One of the first impulses of someone studying a teaching or an event in Jesus life is to seek as many perspectives on that event as possible Around AD 160 Tatian compiled a single narrative of the four Gospels reducing the number of verses from 3 780 four separate Gospels to 2 769 verses without excluding any event or teaching from the life of Jesus This Holman Christian Standard Harmony of the Gospels builds on a tradition of harmonization begun in the 19TH century by John A Broadus and continued by his protege A T Robertson The

HCSB Harmony contains the full text of each of the four Gospels in the Holman Christian Standard Bible. The Harmony contains interpretive and clarifying notes by a number of scholars, some with differing views on the relationship between various Gospel accounts. Beyond the Harmony, this volume includes articles designed to address issues that arise when one compares the four Gospels and seeks to give an integrated account of the life and teachings of Jesus. The HCSB Harmony is unique in that it contains eight four-color maps that illuminate the life and ministry of Jesus. This resource will be valuable to pastors, lay Bible teachers, and will serve well as a primary textbook in college and seminary courses on the Gospels and on the Life and Teachings of Jesus. **The Earliest View of New Testament Tongues** Maurice E.

Vellacott, 2024-11-11 This book is a groundbreaking paradigm-shifting look at the languages/tongues problem of the first century AD Corinthian church. It adduces that in a multilingual setting, new converts were expressing themselves in their native dialect without translation, where Koine Greek was not yet overriding all regional dialects. This cuts against the idea that tongues were supernatural earthly languages, an idea not found before AD 160. Vellacott also argues against the view that tongues were heavenly languages as claimed by Pentecostals/Charismatics. This, he says, is a novel trend started about 145 years ago by German higher critical scholars and seized upon after the 1906 Los Angeles Azusa Street Revival, whose supposed supernatural earthly languages proved to be a mirage whereupon a redefinition to heavenly/angelic/non-earthly languages occurred. This book soundly establishes the credibility of an ancient third view regarding tongues: that they were non-supernatural, learned earthly languages. The author endeavors to demonstrate that this is the earliest known Christian interpretation of New Testament tongues/languages.

**NEW TESTAMENT CONTEXTUAL COMMENTARY** Dr. Robert R.

Seyda, 2024-05-16 Here John advises us that loving one another is not an option or a suggestion; it is a commandment. John doesn't want any believer to become like Adam and Eve's firstborn, Cain. That happened because Cain was under the influence of Satan. This is therefore a warning not to mess with the world. So what if they hate us? We are bound for everlasting life in the presence of God. That's why death has no power over us. And that's why if our thoughts do not tell us that we are guilty, we will not be afraid to come to God. We can pray to God, and we can ask Him to help us. He will give us what we ask Him for. That is because we obey His commands and we do the things that please Him. Furthermore, we should all love each other because God makes us able to love other people. Everyone who loves other people confirms our claim to be a child of God. If anyone says clearly that Jesus is the Son of God, God lives in that person, and that person lives together with God, we know the kind of love that God has for us. That's why if we love God, we will not be afraid of Him. So how do we know that we love God's children? We know it when we love God and we do what He tells us to do.
