# Extensive Reading Activities For Teaching Language

**Chris Sowton**

## **Extensive Reading Activities For Teaching Language:**

**Extensive Reading Activities for Teaching Language** Julian Bamford, Richard R. Day, 2004-08-16 This lively collection of over 100 classroom activities allows teachers to exploit fully the language learning potential of extensive reading. The activities contributed by teachers who have used them successfully in classrooms all over the world introduce extensive reading to students and link it with the rest of the language curriculum. Here is a wealth of ideas for encouraging students to read and for using students' reading experiences for further language practice and learning. These creative and enjoyable speaking, listening, role play, reading, writing, and vocabulary activities are suitable for students of all ages and levels. Each activity is clearly explained together with a personal note from its author. This is a handbook for teachers of general language courses or grammar, listening, speaking, writing, or reading courses. It is written for teachers both non-native and native speaking and for teachers both novice and experienced. It will also be of interest to teacher educators. **Extensive**

The activities contributed by teachers who have used them successfully in classrooms all over the world introduce extensive reading to students and link it with the rest of the language curriculum. Here is a wealth of ideas for encouraging students to read and for using students' reading experiences for further language practice and learning. These creative and enjoyable speaking, listening, role play, reading, writing, and vocabulary activities are suitable for students of all ages and levels. Each activity is clearly explained together with a personal note from its author. This is a handbook for teachers of general language courses or grammar, listening, speaking, writing, or reading courses. It is written for teachers both non-native and native speaking and for teachers both novice and experienced. It will also be of interest to teacher educators. **Extensive Reading Activities for Teaching Language** Julian Bamford, Richard R. Day, 2014 *Bringing extensive reading into the classroom* Richard

Day, et al, 2013-01-10 Extensive reading brings substantial benefits to language learning. Find out about the importance of extensive free reading, how to develop extensive reading materials, choosing the right graded readers for your class, exploiting class readers, developing class libraries, and setting up and running reading circles. English Teaching Forum, 2000 **A**

**Course in English Language Teaching** Penny Ur, 2012-04-12 This book provides a comprehensive introduction to English language teaching and is suitable for teachers in a variety of educational settings, including compulsory education. It has been completely revised and updated to cover essential new topics for the modern English languages teacher. These include English as an international language, language acquisition theories, and teaching methodologies. Using digital supplementary materials, Content and language integrated learning (CLIL). Back cover **Forum**, 2000 **Teaching ESL/EFL Reading and Writing** I.S.P. Nation, John Macalister, 2020-10-01 The second edition of this bestselling text, *Teaching ESL/EFL Reading and Writing*, is a fully updated and expanded guide for teaching learners at all levels of proficiency, how to develop their

reading and writing skills and fluency Practical and accessible this book covers a diverse array of language teaching techniques suitable for all contexts Updated with cutting edge research and theory the second edition is an essential and engaging text Key insights and suggestions are organised around four strands meaning focused input meaning focused output language focused learning and fluency development to allow teachers to design and present a balanced programme for their students Bringing together research and theory in applied linguistics and education the text includes useful examples and practical strategies and features new topics related to technology assessment and genre The second edition includes new tasks and further reading sections in every chapter Teaching ESL EFL Reading and Writing is designed for practising and pre service teachers of all levels and is ideal for certificate diploma masters and doctoral courses in English as a second or foreign language

**Intensive vs. Extensive Approaches in Foreign Language Teaching** Carmen Neagu,2023-01-22 The purpose of this theoretical and experimental paper is to clarify the influence of an extensive learning program on high school students language comprehension and attitude towards reading The experiment was administered throughout a school semester with a control group following the intensive approach and an experimental group subject to the extensive approach The intervention of the experiment was represented by the two teaching approaches extensive vs intensive whereas the measured outcome consisted in the learners changes in language proficiency and attitude towards reading Since both intensive and extensive approaches are necessary in order to prepare students for college tasks the senior high school period is an ideal moment to start introducing extensive language programs as a means of achieving and not substituting the communicative competence Furthermore the reading habit will outlast and accompany students as a lifelong second nature

**Extensive Reading in the Second Language Classroom** Richard R. Day,Julian Bamford,1998-01-13 This comprehensive examination of extensive reading shows how reading large quantities of books and other materials can provide students with essential practice in learning to read and help them develop a positive attitude towards reading which is sometimes missed in second language classes The authors first examine the cognitive and affective nature of reading and then offer a wealth of practical advice for implementing extensive reading with second language learners Suggestions are provided for integrating extensive reading into the curriculum establishing a library selecting reading materials and keeping records for purposes of evaluation The text also describes a wide variety of classroom activities to supplement individualized silent reading The information will be useful both for pre service teachers and for teachers and administrators who want to improve the teaching of reading in their second language programs

**Teaching and Assessing EIL in Local Contexts Around the World** Sandra Lee McKay,James Dean Brown,2015-07-24 English today is a global language embedded in a great variety of social contexts resulting in linguistic and pedagogical variation Taking a new look at the teaching and assessing of English as an international language EIL this text highlights overarching principles and provides specific strategies for responding to questions and challenges posed by the changing demographics of English

language learners and users around the world Teaching and Assessment in EIL Classrooms introduces an original coherent framework in which needs analysis pedagogical principles and assessment are integrated describes variables that influence effective teaching and assessment and the characteristics of various EIL teachers and learners emphasizes that pedagogical and assessment decisions need to be based on the learning and teaching needs of each specific EIL context includes specific principles and strategies for teaching and assessing grammar oral language and literacy skills in EIL classrooms provides strategies for integrating computer mediated language into EIL classrooms in ways that promote cross cultural awareness language development and individualized learning Timely accessible and practical this text for graduate and pre and in service courses on language teaching and assessment is at the forefront in providing valuable information and guidance for enabling principled and context sensitive praxis in EIL classrooms worldwide

*La comprensión lectora en la enseñanza del español LE/L2* Victoria Rodrigo, 2018-10-09 *La comprensión lectora en la enseñanza del español LE/L2 de la teoría a la práctica* presents state of the art theory and teaching practices for integrating reading skills into the teaching of Spanish The book bridges a conspicuous gap between research supporting reading as a key component of language acquisition and actual practice by discussing how to implement reading successfully in and out of the classroom Written entirely in Spanish the book focuses on the needs of Spanish language learners with the goal of motivating students to read in the target language and work with diverse types of texts and genres Written in a clear and accessible manner *La comprensión lectora en la enseñanza del español LE/L2 de la teoría a la práctica* is an essential resource for teachers of Spanish at all levels It is an excellent reference book for language teachers who wish to integrate reading into the teaching of the Spanish language

Teaching Readers of English John Hedgcock, Dana R. Ferris, 2009-09-10 A comprehensive manual for pre and in service ESL and EFL educators this frontline text balances insights from current reading theory and research with highly practical field tested strategies for teaching and assessing L2 reading in secondary and post secondary contexts Teaching Readers of English provides a thorough yet accessible survey of L2 reading theory and research addresses the unique cognitive and socioeducational challenges encountered by L2 readers covers the features of L2 texts that teachers of reading must understand acquaints readers with methods for designing reading courses selecting curricular materials and planning instruction explores the essential role of systematic vocabulary development in teaching L2 literacy includes practical methods for assessing L2 students proficiency achievement and progress in the classroom Pedagogical features in each chapter include questions for reflection further reading and resources reflection and review questions and application activities

Teaching in Challenging Circumstances Chris Sowton, 2021 This book is an essential resource for teachers who work in challenging circumstances which might include formal education systems in the developing or developed world and informal or non formal teaching in areas with growing numbers of refugees or displaced people It draws on academic and professional research to provide practical advice that will help teachers address concerns including teaching large classes

working with limited resources and supporting learners who have experienced interrupted education and who may be suffering from trauma It offers suggestions for creating a positive learning environment and implementing effective teaching practice and discusses the importance of resilience and wellbeing Each chapter contains key takeaways relevant case studies and classroom ready teaching tips and the book also includes opportunities for teachers to reflect on their own knowledge and experience and develop their resilience and ability

**International Perspectives of Distance Learning in Higher Education** Joi L. Moore,Angela Benson,2012-03-16 This book written by authors representing 12 countries and five continents is a collection of international perspectives on distance learning and distance learning implementations in higher education The perspectives are presented in the form of practical case studies of distance learning implementations research studies on teaching and learning in distance learning environments and conceptual and theoretical frameworks for designing and developing distance learning tools courses and programs The book will appeal to distance learning practitioners researchers and higher education administrators To address the different needs and interests of audience members the book is organized into five sections Distance Education Management Distance Education and Teacher Development Distance Learning Pedagogy Distance Learning Students and Distance Learning Educational Tools

Teaching Reading to English Language Learners Thomas S. C. Farrell,2009 Truly a pleasure to read with much helpful information Deb Bible Literacy TeacherCUSD 300 West Dundee IL The author models a program of success and helps the educator become better qualified in teaching the EL learner Lucia deSombre Malo Former InstructorUtah Valley State College Practical easy to implement methods for helping English language learners succeed in reading Successfully teaching reading to English language learners ELLs requires an in depth understanding of the unique processes by which they learn to read as well as proven strategies that teachers can use to support reading development This resource focuses on helping students read to learn instead of learn to read In clear accessible language this resource demystifies the research and clarifies the process for teaching reading to ELLs The author introduces the key principles of reading instruction for ELLs and offers a wealth of action oriented strategies for use before during and after reading to adapt for individual student needs Each chapter includes reflection questions to help educators examine their own reading practices and better understand what it means to be a reader Teachers will discover how to Increase students fluency and comprehension Teach vocabulary and text structure Prepare reading lessons Assess reading proficiency Teaching Reading to English Language Learners is an ideal primer for educators who may or may not have had experience working with ELLs

*Pictures for Language Learning* Andrew Wright,1989-11-16 This richly illustrated book provides a valuable guide to the role of pictures and other visual materials in language teaching It brings together a wealth of ideas on how to use pictures in a wide range of language learning situations The first section discusses the contribution visuals can make to all the classroom settings in providing real opportunities for students to communicate whether they are working as a class in groups or in pairs Sections B and C contain over 200

practical suggestions for picture generated language work These make use of visual materials which are readily available to teachers anywhere or illustrations which have been kept simple so that they can be copied easily The activities can be integrated into all stages of the language teaching process and advice is given on how to adapt the ideas to suit different teaching environments The final section describes the process of setting up a picture library and offers guidance on where to begin looking for visuals how to categorise pictures and different methods of storage *Proceedings of IAC in Vienna 2023* Group of Authors,2023-12-07 Conferences Management Economics Business and Marketing IAC MEBM Global Education Teaching and Learning IAC GETL Transport Logistics Tourism and Sport Science IAC TLTS Creativity and Innovations in ELT Materials Development Dat Bao,2018-03-13 This book brings together renowned scholars and new voices to challenge current practices in ELT materials design in order to work towards optimal learning conditions It proposes ideas and principles to improve second language task design through novel resources such as drama poetry literature and online resources and it maps out a number of unusual connections between theory and practice in the field of ELT materials development The first section of the book discusses how innovative task writing ideas can stretch materials beyond the current quality to make them more original and inspiring the second part examines how different arts and technologies can drive innovation in coursebooks the third section describes how teachers and learners can participate in materials writing and negotiate ways to personalize learning **Essential Competencies for English-medium University Teaching** Ruth Breeze,Carmen Sancho Guinda,2016-10-06 As English gains prominence as the language of higher education across the world many institutions and lecturers are becoming increasingly concerned with the implications of this trend for the quality of university teaching and learning With an innovative approach in both theme and scope this book addresses four major competencies that are essential to ensure the effectiveness of English medium higher education creativity critical thinking autonomy and motivation It offers an integrated perspective both theoretical and practical which defines these competences from different angles within ELT and Applied Linguistics while also exploring their points of contact and applications to classroom routines This approach is intended to provide practical guidance and inspiration in the form of pedagogical proposals examples of teaching practice and cutting edge research by scholars and university teachers from all over the world To that end a leading specialist in the field introduces each of the four competencies explaining concepts accessibly and synthetically exposing false myths presenting an updated state of the art and opening windows for future studies These introductions are followed by practitioner chapters written by teachers and scholars from different cultures and university contexts who reflect on their experience and or research and share effective procedures and suggestions for the university class with English as a vehicle for instruction
