Extremist Shiites:

Extremist Shiites Matti Moosa, 1988-02-01 Little is known in the West about the division of the Islamic world into Shiites and Sunnites and even less about the stratification of these two groups with most of the attention going to the Sunnites Moosa's comprehensive study of the origins and cultural aspects of the different extremist or Ghulat Shiite sects in the Middle East is a ground breaking work These sects whose extremism is essentially religious are generally a peaceful people and except for the Nusayris of Syria are not political activists

My Story with the Shiites Khalid Amayreh, 2017-08-07 Journalist Khalid M Amayreh points out the Major Contradictions in the Shiite Imami Religion in his book *My Story with the Shiites* He says the real contentious issue between Muslims and Shiites is not Yazid or Mu'awiya Hassan or Hussein Fadak or al-Zahraa's limb the Karbulaa tragedy or the so called Raziyaatul Khamis Thursday's calamity Hadithul Manzela or the Saqifa of Bani Sa'ada or the Ghadeer Khom event In fact these issues can be reduced to mere red herrings used by the Shiites to discredit Islam and undermine the entire Muhammadan message This timely and eye opening book clears up misconceptions as it tells the truth about Shiites and Shiism

The Shiites of Lebanon under Ottoman Rule, 1516-1788 Stefan Winter, 2010-03-11 The Shiites of Lebanon under Ottoman Rule provides an original perspective on the history of the Shiites as a constituent of Lebanese society Winter presents a history of the community before the 19th century based primarily on Ottoman Turkish documents From these he examines how local Shiites were well integrated in the Ottoman system of rule and that Lebanon as an autonomous entity only developed in the course of the 18th century through the marginalization and then violent elimination of the indigenous Shiite leaderships by an increasingly powerful Druze Maronite emirate As such the book recovers the Ottoman era history of a group which has always been neglected in chronicle based works and in doing so fundamentally calls into question the historic place within Lebanon of what has today become the country's largest and most activist sectarian community

Cycle of Fear Leon Goldsmith, 2015-05-15 In early 2011 an elderly Alawite shaykh lamented the long history of oppression and aggression against his people Against such collective memories the Syrian uprising was viewed by many Alawites and observers as a revanchist Sunni Muslim movement and the gravest threat yet to the unorthodox Shi'a sub sect This explained why the Alawites largely remained loyal to the Ba'athist regime of Bashar al Asad But was Alawite history really a constant tale of oppression and was the Syrian uprising of 2011 really an existential threat to the Alawites This book surveys Alawite history from the sect's inception in Abbasid Iraq up to the start of the uprising in 2011 The book shows how Alawite identity and political behaviour have been shaped by a cycle of insecurity that has prevented the group from achieving either genuine social integration or long term security Rather

than being the gravest threat yet to the sect the Syrian uprising in the context of the Arab Spring was quite possibly a historic opportunity for the Alawites to finally break free from their cycle of fear **Islam in Middle East and North**

essential role the permanent war for God should have in the face of new worldwide anti Islamic paganism and it concludes with extremism of Qu b and more of the Qu bists and with the promising muslim thinking in resistance to it The large Selection of texts of F il l translated by W Shepard is very valuable **The Divine Guide in Early Shi'ism** Mohammad Ali Amir-Moezzi,2016-03-22 The Imam the Divine Guide is the central point around which the Shi ite religion turns The power of Shi ism comes from the actions of the Imam This title is reserved exclusively for the sucessors of the prophets in their mission The author shows that from the beginning of Shi ite Islam until the tenth century the Imam was primarily a master of knowledge with supernatural powers not a jurist theologian The Imam is the threshold through which God and the creatures communicate He is thus a cosmic necessity the key and the center of the universal economy of the sacred The author presents Shi ism as a religion founded on double dimensions where the role of the leader remains constantly central perpetual initiation into divine secrets and continued confrontation with anti initiation forces Without esotericism exotericism loses its meaning Early Imamism is an esoteric doctrine Historically then at the beginning of esotericism in Islam we find an initiatory mystical and occultist doctrine This is the first book to systematically explore the immense literature attributed to the Imams themselves in order to recover the authentic original vision It restores an essential source of esotericism in the world of Islam *Shi'a Minorities in the Contemporary World* Oliver Scharbrodt,2020-06-18 Offers a set of new comparative perspectives on the experiences of Shi a Muslim minorities outside the Muslim heartland Middle East North Africa Central and South Asia and discusses the challenges these communities face as a minority within a minority **The Charismatic Community** Maria Massi Dakake,2008-01-03 Looks at the emergence of Shiism as a distinct communal identity within Islam
