Americans at War James R. Arnold, 2018-05-18 This unprecedented compilation of eyewitness accounts records the thoughts and emotions of American soldiers spanning nearly 250 years of national history from the American Revolution to the Afghanistan War Understanding primary sources is essential to understanding warfare This outstanding collection provides a diverse set of eyewitness accounts of Americans in combat throughout U S history Offering riveting true stories it includes accounts from participants in the American Revolution the War of 1812 the Indian Wars the Mexican American War the Civil War the Spanish American War and Philippine Insurrection World War I World War II the Korean War the Vietnam War The Persian Gulf War the Afghanistan War and the Iraq War Most eyewitness accounts of war currently available to the public are those of writers who enjoy higher military rank Americans at War addresses this imbalance between officers accounts and enlisted

men's accounts by invoking oral history archives Contextual essays and timelines allow the reader to place the accounts in time and place while the entries themselves allow the reader to experience the thoughts and emotions of Americans who engaged in combat Eyewitness to the Fetterman Fight John H. Monnett, 2017-03-16 The Fetterman Fight ranks among the most crushing defeats suffered by the U S Army in the nineteenth century West On December 21 1866 during Red Cloud's War 1866-1868 a well organized force of 1 500 to 2 000 Oglala Lakota Northern Cheyenne and Arapaho warriors annihilated a detachment of seventy nine infantry and cavalry soldiers among them Captain William Judd Fetterman and two civilian contractors With no survivors on the U S side the only eyewitness accounts of the battle came from Lakota and Cheyenne participants In Eyewitness to the Fetterman Fight award winning historian John H Monnett presents these Native views drawn from previously published sources as well as newly discovered interviews with Oglala and Cheyenne warriors and leaders Supplemented with archaeological evidence these narratives flesh out historical understanding of Red Cloud's War Climate change in the mid nineteenth century made the resource rich Powder River Country in today's Wyoming increasingly important to Plains Indians At the same time the discovery of gold in Montana encouraged prospectors to pass through the Powder River region on their way north and so the U S Army began to construct new forts along the Bozeman Trail In the resulting conflict the Lakotas and Cheyennes defended their hunting ranges and trade routes Traditional histories have laid the blame for Fetterman's 1866 defeat and death on his incompetent leadership and thus implied that the Indian alliance succeeded only because of Fetterman's personal failings Monnett's sources paint another picture Narratives like those of Miniconjou Lakota warrior White Bull suggest that Fetterman's actions were not seen as rash or reprehensible until after the fact Nor did his men flee the field in panic Rather they fought bravely to the end The Indians for their part used their knowledge of the terrain to carefully plan and execute an ambush ensuring them victory Critical to understanding the nuances of Plains Indian strategy and tactics the firsthand narratives in Eyewitness to the Fetterman Fight reveal the true nature of this Native victory against regular army forces Eyewitness Gettysburg Rod Gragg, 2016-06-27 One hundred and fifty years after the Battle of Gettysburg the words of the soldiers and onlookers present for those three fateful days still reverberate with the power of their courage and sacrifice Eyewitness Gettysburg gathers letters journals articles and speeches from the people who lived through those legendary three days Tied together with narrative by historian Rod Gragg and illustrated with a wealth of photographs and images Eyewitness Gettysburg will transport you to the battlefield immersing you in the emotional intensity of the struggle of brother against brother for the future of the United States of America Eyewitness Testimony Elizabeth F. Loftus, 1996 Every year hundreds of defendants are convicted on little more than the say so of a fellow citizen Although psychologists have suspected for decades that an eyewitness can be highly unreliable new evidence leaves no doubt that juries vastly overestimate the credibility of eyewitness accounts It is a problem that the courts have yet to solve or face squarely In Eyewitness Testimony Elizabeth Loftus makes the psychological case

against the eyewitness Beginning with the basics of eyewitness fallibility such as poor viewing conditions brief exposure and stress Loftus moves to more subtle factors such as expectations biases and personal stereotypes all of which can intervene to create erroneous reports Loftus also shows that eyewitness memory is chronically inaccurate in surprising ways An ingenious series of experiments reveals that memory can be radically altered by the way an eyewitness is questioned after the fact New memories can be implanted and old ones unconsciously altered under interrogation These results have important implications for court reform police interrogation methods defense strategy and many other aspects of criminal and civil procedure *Eyewitness Testimony* is a powerful book that should be required reading for trial lawyers social psychologists and anyone who considers the chilling prospect of confronting an eyewitness accusation in a court of law **Eyewitness to the Alamo** Bill Groneman, 2017-02-15 Contains over one hundred descriptions of the Battle of the Alamo by people who were witnesses or who claimed to have witnessed the event These accounts are the basis for all of the histories traditions myths and legends of this famous battle Many are conflicting some are highly suspect as to authenticity but all are intriguing

Voices from Yorktown Jack Darrell Crowder, 2020-10-09 In 1781 the Colonies Britain and France had grown tired of the Revolution It was clear that one side needed to score a knockout blow and seize the victory Both Cornwallis and Washington saw that this victory might come in Virginia in 1781 In October of 1781 nearly 30 000 American French British and German troops faced each other in a winner take all battle This story is a day by day account of the Siege of Yorktown as told by the participants in their journals diaries memoirs pension applications letters and in newspapers The soldiers write of their fears hopes and impressions of this great event as well as the destruction that took place They describe the fortifications the artillery life on the battlefield and the death of friends the firing was so constant that they could not see the sun and could not tell whether it was clear or cloudy Militiaman John Saunders The column marched in silence with guns unloaded and in good order I had a chance to whisper to several of my men whom I doubted and told them that I had full confidence that they would act the part of brave soldiers let what would come and if their guns should be shot away not to retreat but take the first man's gun that might be killed Captain Stephen Olney leading his men as they attacked the British redoubt number 10

"I was There", 1998 **The French at Waterloo—Eyewitness Accounts** Andrew W. Field, 2020-12-30 This invaluable record presents newly translated firsthand accounts of Waterloo from French soldiers who fought on the frontline With this volume Andrew Field completes his pioneering work on the French experience in this decisive battle Readers can now engage with these vivid ground level accounts and compare them to the narratives based largely on the British perspective They will also gain new insight into the trauma that the French experienced on the battlefield and afterward This volume follows *The French at Waterloo Eyewitness Accounts* Napoleon Imperial Headquarters and 1st Corps It features graphic descriptions of the battle as remembered by men of the 2nd and 6th corps cavalry artillery and Imperial Guard and medical services of Napoleon's army Their words give us not only an inside view their actions but they also record in graphic detail

what they saw and how they reacted to Napoleon's historic defeat

Russian Eyewitness Accounts of the Campaign of 1807 Alexander Mikaberidze, 2015-02-20 After his crushing defeat of Prussia in 1806 Napoleon marched into Poland to forestall any Russian attempts to come to the aid of their ally. There then followed the bloody battle in a blizzard at Eylau on 8 February 1807 which decimated both armies. Operations resumed in the spring and on 14 June Napoleon wrecked the Russian field army at Friedland. Napoleon and Emperor Alexander met at Tilsit and French mastery of north west Europe was confirmed. This is the first book to bring together dozens of Russian letters, memoirs and diaries with authors ranging from the commander in chief Benningsen to NCOs. We see the brutal conditions of the winter campaign at first hand and gain fresh insight into the infamous Treaty of Tilsit and the diplomatic manoeuvring that followed it.

Eyewitness Accounts Battles of The Crimean War William H. Russell, 2014-06-15 Amberley's new series of Eyewitness Accounts bring history warfare, disaster, travel and exploration to life, written by the people who could say 'I was there'.

Gettysburg Frank Haskell, 2010-11-24 In this unique series the Civil War comes vividly to life. Here an eyewitness accounts many available for the first time in decades by generals, journalists and ordinary foot soldiers, both blue and gray, who relive the conflict in all its terrible glory. Each volume brings you a human perspective on the war, its most decisive battles, its most remarkable personalities. Gettysburg Two Eyewitness Accounts is American history at its finest and a reading experience you will never forget. In some ways it epitomized the entire war: three hot days in July filled with missed opportunities, great courage, inconsistent leadership and horrific, relentless carnage. In rare volume we see the battle from both sides as experienced by two very different combatants: one Union and the other Confederate. From Little Round Top to Devil's Den to Pickett's Charge. Lt Frank A. Haskell and Col William C. Oates, one in a meticulous hindsight and the other still feverish with war, re-create three days that changed American history. Here are the momentous decisions of Lee, Longstreet and Meade. Here are the fatal maneuverings of the forces in the field. And here, in descriptions unmatched in Civil War literature, is all the heartbreak and triumph of Gettysburg.

Eyewitness on the Somme 1916 Matthew Richardson, 2016-06-30 What was the soldiers' experience of the Battle of the Somme? How did the men who were there record their part in the fighting or remember it afterwards? How can we 100 years later gain an insight into one of the most famous and contentious episodes of the Great War? Matthew Richardson's graphic account, which is based on the vivid personal testimony of those who took part, offers us a direct impression of the reality of the battle from the perspective of the ordinary soldiers and junior officers on the front line. He draws heavily on previously unpublished personal accounts, letters, diaries and memoirs, some never before translated into English, to build up a multifaceted picture of the Somme offensive from the first disastrous day of the attack through the subsequent operations between July and November 1916. In their own words, the soldiers who were caught up in the conflict recall in unflinching detail the fighting across the entire Somme battlefield. The narrative features the recollections of British, Commonwealth, French and American soldiers and interweaves their testimony with descriptions left by their German

adversaries For the first time in a single volume the reader has the opportunity to explore all facets of this momentous five month long struggle Over 100 black and white contemporary photographs many previously unpublished accompany the text whilst a selection of artifacts recovered from the battlefield is illustrated in colour These striking objects bear silent witness to the ferocity of the battle and often reflect some moment of personal tragedy EYEWITNESS TO WAR Amon Carter Museum of Western Art,Martha A.
