Fdr An Intimate History:

The Roosevelts Geoffrey C. Ward, 2014 An extraordinarily vivid and personal portrait of America's greatest political family and its enormous impact on our nation the tie in volume to the PBS documentary to air in the fall of 2014 FDR, an Intimate History Nathan Miller, 1991 A truly moving Houston Chronicle biography of our 32nd president Roosevelt is brought to life once again in a clear concise and well documented story from beginning to end it is a pleasure Washington Post Book World The definitive popular Roosevelt biography Library Journal Lightning Print On Demand Title **Franklin D. Roosevelt** Sue Vander Hook, 2008 This book describes the life and accomplishments of Franklin D Roosevelt who was reelected to a third term as president of the United States in 1940 and who presided over the United States during most of World War II **The Rise and Fall of Franklin Delano Roosevelt** Robert Underhill, 2012 Meanwhile totalitarian leaders in Germany and Italy encouraged huge rearmaments programs and began encroaching upon neighboring governments Austria Czechoslovakia Hungary Romania and smaller nations were taken over by Nazis thereby adding to a Reich which der Fuhrer the leader and his cohorts claimed would last a thousand years Driven by that zeal the German Wehrmacht armed forces in 1939 invaded Poland and another World War was begun Roosevelt and his interactions with Churchill who was urgently seeking U S assistance while the American population wanted no part in another war *FDR* Jean Edward Smith, 2008-05-13 NATIONAL BESTSELLER A model presidential biography Now at last we have a biography that is right for the man Jonathan Yardley The Washington Post Book World One of today's premier biographers has written a modern comprehensive indeed ultimate book on the epic life of Franklin Delano Roosevelt In this superlative volume Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America's greatest presidents This is a portrait painted in broad strokes and fine details We see how Roosevelt's restless energy fierce intellect personal magnetism and ability to project effortless grace permitted him to master countless challenges throughout his life Smith recounts FDR's battles with polio and physical disability and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism Here also is FDR's private life depicted with unprecedented candor and nuance with close attention paid to the four women who molded his personality and helped to inform his worldview His mother Sara Delano Roosevelt formidable yet ever supportive and tender his wife Eleanor whose counsel and affection were instrumental to FDR's public and individual achievements Lucy Mercer the great romantic love of FDR's life and Missy LeHand FDR's longtime secretary companion and confidante whose adoration of her boss was practically limitless Smith also tackles head on and in depth the numerous failures and miscues of Roosevelt's public career including his disastrous attempt to reconstruct the Judiciary the shameful internment of Japanese Americans and Roosevelt's occasionally self defeating Executive overreach Additionally Smith offers a sensitive and balanced assessment of Roosevelt's response to the Holocaust noting its breakthroughs and

shortcomings Summing up Roosevelt's legacy Jean Smith declares that FDR more than any other individual changed the relationship between the American people and their government It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears But more important Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat a man who never had to depend on a paycheck became the common man's president The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood Written for the general reader and scholars alike FDR is a stunning biography in every way worthy of its subject **A Companion to Franklin D. Roosevelt** William D.

Pederson, 2011-03-21 A Companion to Franklin D Roosevelt presents a collection of historiographical essays by leading scholars that provides a comprehensive review of the scholarship on the president who led the United States through the tumultuous period from the Great Depression to the waning days of World War II Represents a state of the art assessment of current scholarship on FDR the only president elected to four terms of office and the central figure in key events of the first half of the 20th century Covers all aspects of FDR's life and times from his health relationships and Supreme Court packing to New Deal policies institutional issues and international relations Features 35 essays by leading FDR scholars *FDR and Lucy* Resa Willis, 2012-12-06 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

Franklin Delano Roosevelt Conrad Black, 2012-03-13 Franklin Delano Roosevelt stands astride American history like a colossus having pulled the nation out of the Great Depression and led it to victory in the Second World War Elected to four terms as president he transformed an inward looking country into the greatest superpower the world had ever known Only Abraham Lincoln did more to save America from destruction But FDR is such a large figure that historians tend to take him as part of the landscape focusing on smaller aspects of his achievements or carping about where he ought to have done things differently Few have tried to assess the totality of FDR's life and career Conrad Black rises to the challenge In this magisterial biography Black makes the case that FDR was the most important person of the twentieth century transforming his nation and the world through his unparalleled skill as a domestic politician war leader strategist and global visionary all of which he accomplished despite a physical infirmity that could easily have ended his public life at age thirty nine Black also takes on the great critics of FDR especially those who accuse him of betraying the West at Yalta Black opens a new chapter in our understanding of this great man whose example is even more inspiring as a new generation embarks on its own rendezvous with destiny FDR Iwan Morgan, 2022-07-14 One of the greatest American presidents Franklin Delano

Roosevelt built a coalition of labour ethnic urban low income and African American voters that underwrote the Democratic Party's national ascendancy from the 1930s to the 1980s Over his four terms he promoted the New Deal the greatest reform programme in US history to meet the challenges of the Great Depression led the United States to the brink of victory in the Second World War and established the modern presidency as the driving force of American politics and government Iwan

Morgan takes a fresh look at FDR showing how his leadership enabled the United States of America to become the most successful country of the twentieth century This astute and original assessment of a highly consequential presidency explains how Roosevelt enhanced the governing capacity of his office promoted a constitutional revolution through his dealings with the Supreme Court and forged a new intimacy between the president and the American people through his genius for political communication It also demonstrates the significance of his organizational and strategic leadership as commander in chief in America s greatest foreign war his role in holding together the US British Soviet Grand Alliance against the Axis powers and his pioneering development of the national security presidency that sought to promote a lasting post war peace for the world In fluid immensely readable prose Morgan focuses on the ways in which FDR transformed the presidency into an institution of domestic and international leadership to establish the modern ideal of the office as an assertive democratic executive charged with meeting the challenges facing the US at home and abroad FDR's Good Neighbor Policy Fredrick B. Pike,2010-07-22 A study of how and why US Latin American relations changed in the 1930s Brilliant A charming and perceptive work Foreign Affairs During the 1930s the United States began to look more favorably on its southern neighbors Latin America offered expanded markets to an economy crippled by the Great Depression while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations One of these Americans was Franklin Delano Roosevelt the primary author of America s Good Neighbor Policy In this thought provoking book Bolton Prize winner Fredrick Pike takes a wide ranging look at FDR s motives for pursuing the Good Neighbor Policy how he implemented it and how its themes played out up to the mid 1990s Pike s investigation goes far beyond standard studies of foreign and economic policy He explores how FDR s personality and Eleanor Roosevelt s social activism made them uniquely simp tico to Latin Americans He also demonstrates how Latin culture flowed north to influence U S literature film and opera This book is essential reading for everyone interested in hemispheric relations **Electing FDR** Donald A. Ritchie,2007-11-08 With the landmark election of Franklin Delano Roosevelt in 1932 decades of Republican ascendancy gave way to a half century of Democratic dominance It was nothing less than a major political realignment as the direction of federal policy shifted from conservative to liberal and liberalism itself was redefined in the process Electing FDR is the first book in seventy years to examine in its entirety the 1932 presidential election that ushered in the New Deal Award winning historian Donald Ritchie looks at how candidates responded to the nation s economic crisis and how voters evaluated their performance More important he explains how the Democratic Party rebuilt itself after three successive Republican landslides where the major shifts in party affiliation took place what contingencies contributed to FDR s victory and why the new coalition persisted as long as it did Ritchie challenges prevailing assumptions that the Depression made Roosevelt s election inevitable He shows that FDR came close to losing the nomination to contenders who might have run to the right of Hoover and discusses the role of newspapers and radio in presenting the candidates to voters He also analyzes Roosevelt s campaign

strategies recounting his attempts to appeal to disaffected voters of all ideological stripes often by altering his positions to broaden his popularity With the advent of the New Deal Americans came to enjoy a wide federal safety net that provided everything from old age pensions to rural electricity government innovations so embraced by voters that even later conservative presidents recognized their importance Ritchie traces this legacy through the Reagan and Bush years but he relates how FDR in 1932 was often vague about the specifics of his program and questions whether voters really knew what they were in for with the New Deal As pundits politicians and citizens eye the upcoming 2008 campaign Electing FDR reminds incumbents not to take their party support for granted or to underestimate their opponents and reminds students of history that understanding the New Deal begins with the 1932 s transformative election *Franklin Delano Roosevelt* ,1994

The Mortal Presidency Robert E. Gilbert,2024-10-22 Available in a new digital edition with reflowable text suitable for e readers The presidency is hazardous to your health Fully two thirds of our presidents have died before reaching their life expectancy despite being wealthier better educated and better cared for than most Americans In *Mortal Presidency* the first complete account of death and illness in the White House Robert E Gilbert looks at modern presidents including Coolidge FDR Eisenhower Kennedy and Reagan He shows in some cases for the first time that all suffered from debilitating medical problems physical and or psychological which they frequently managed to conceal from the public but which in important ways affected their political lives This edition is updated to include a brief look at Presidents Clinton and Bush both of whom suffered sudden and unpleasant indispositions while in office which to some degree affected their presidencies **FDR's**

Deadly Secret Steven Lomazow,Eric Fettmann,2011-01-04 The authors re examine the final years of President Franklin D Roosevelt and reveal that the president and his staff covered up a stunning secret that at the time of his death FDR suffered from a skin cancer that had spread to his brain and abdomen and could have affected his mental function and ability to make decisions during World War II Reprint *First the Black Horse* , *Prologue* ,2000 *FDR's Mentors* Michael J.

Gerhardt,2024-04-23 A unique and illuminating exploration of the key relationships that shaped Franklin Delano Roosevelt into one of America s most definitive leaders and impacted his influence on the world stage from presidential historian Michael J Gerhardt the acclaimed author of *Lincoln s Mentors* and principal adviser in the official annotation of the Constitution at the Library of Congress Franklin Delano Roosevelt wasn t a born leader He became one As a boy he was in poor health was insecure and an average student at best Growing into manhood the lessons he learned came not from books but from influencers of his lifetime beginning with Endicott Peabody the most renowned US headmaster of the twentieth century He instilled in Roosevelt a confidence and strength that empowered the young student and propelled him to greatness as one of the most revered presidents of the United States For Roosevelt Peabody was only one of a small number of people who helped him develop the skills and temperament that enabled him to overcome the devastating effects of polio to lead the nation through two crises and to secure America s leadership in the world In *FDR s Mentors* Michael Gerhardt

tells the extraordinary stories of the men and women who had a vital impact on Roosevelt's life, career and pragmatic personality: his distant cousin Teddy, his wife Eleanor, President Woodrow Wilson, journalist Lewis Howe, Winston Churchill and New York Democratic Party leader Al Smith. From the creation of the New Deal through Roosevelt's war with the Supreme Court to the attack on Pearl Harbor, Roosevelt persevered with never-ending grit, grace, limitless optimism and patience. It is thanks to the invaluable personal connections, inspiration and wisdom of those who shaped and informed FDR's historic presidency, one that has become a model of resilience and in turn an influence on every president who has followed in his path.

Franklin Delano Roosevelt Russell Freedman, 1990 The author of a splendid Newbery Award-winning Lincoln 1987 uses a similar approach to another monumental figure. The result is a carefully researched biography extended by a wealth of well-chosen b ALA Notable Children's Book YASD Best Book for Young Adults Booklist Editors' Choice Notable Children's Trade Book in the Field of Social Studies IRA Teachers' Choice School Library Journal Best Book of the Year Booklist Editors' Choice

Paul V. McNutt and the Age of FDR Dean J. Kotlowski, 2015-01-02 This definitive biography of Indiana Gov Paul V McNutt shows the politician's importance on the national stage through the Great Depression and WWII. Indianapolis Star The 34th Governor of Indiana, head of the WWII Federal Security Agency and ambassador to the Philippines, Paul V McNutt was a major figure in mid-twentieth century American politics whose White House ambitions were effectively blocked by his friend and rival Franklin Delano Roosevelt. This historical biography explores McNutt's life, his era and his relationship with FDR. McNutt's life underscores the challenges and changes Americans faced during an age of economic depression, global conflict and decolonialization. With extensive research and detail, biographer Dean J Kotlowski sheds light on the expansion of executive power at the state level during the Great Depression, the theory and practice of liberalism as federal administrators understood it in the 1930s and 1940s, the mobilization of the American home front during World War II and the internal dynamics of the Roosevelt and Truman administrations.

FDR's Ambassadors and the Diplomacy of Crisis David Mayers, 2013 A fascinating history of American diplomacy in the Second World War and the ways US ambassadors shaped formal foreign policy.
