In Search Of National Morality:

In Search of a National Morality William Bentley Ball, 1992-08 *Bioethics and Moral Content: National Traditions of Health Care Morality* H. Tristram Engelhardt Jr., L.M. Rasmussen, 2013-11-11 This volume explores the plurality of moral perspectives shaping bioethics It is inspired by Kazumasa Hoshino's critical reflections on the differences in moral perspectives separating Japanese and American bioethics It offers a rich perspective of the range of approaches to bioethics and brings into question whether there is unambiguously one ethics for bioethics to apply **The American Search for Peace** George Weigel, John Langan, 1991 Revolutions and aborted revolutions and bitter civil and local wars in the 1980s and since have raised new questions about national security its definition and its implementation Nevertheless a number of basic philosophical and political issues remain constant at a level deeper than tactical considerations These are what eight accomplished philosophers political scientists Christian ethicists and policymakers came together to discuss They ask the fundamental and perduring questions of pacifism war intervention and political negotiation They focus on such problems as ascertaining the role of the churches in the quest for peace defining national interest and national purpose and construing intervention in other than strictly unilateral terms **National Identity as an Issue of Knowledge and Morality** N. Z. Chavchavadze, N. V. Chavchavadze, Gia Nodia, Paul Peachey, 1994 *Making a Moral Society* Richard M Reitan, 2009-11-03 This innovative study of ethics in Meiji Japan 1868-1912 explores the intense struggle to define a common morality for the emerging nation state In the Social Darwinist atmosphere of the time the Japanese state sought to quell uprisings and overcome social disruptions so as to produce national unity and defend its sovereignty against Western encroachment Morality became a crucial means to attain these aims Moral prescriptions for re-ordering the population came from all segments of society including Buddhist Christian and Confucian apologists literary figures and artists advocates of natural rights anarchists and women defending nontraditional gender roles Each envisioned a unity grounded in its own moral perspective It was in this tumultuous atmosphere that the academic discipline of ethics *rinrigaku* emerged not as a value neutral objective form of inquiry as its practitioners claimed but as a state sponsored program with its own agenda After examining the broad moral space of civilization Richard Reitan turns to the dominant moral theories of early Meiji and the underlying epistemology that shaped and authorized them He considers the fluidity of moral subjectivity the constantly shifting nature of norms to which we are subject and how we apprehend resist or practice them by juxtaposing *rinrigaku* texts with moral writings by religious apologists By the beginning of the 1890s moral philosophers in Japan were moving away from the empiricism and utilitarianism of the prior decade and beginning to place spirit at the center of ethical inquiry This shift is explored through the works of two thinkers Inoue Tetsujirō 1856-1918 and Nakashima Rikizo 1858-1918 the first chair of ethics at Tokyo Imperial University Finally Reitan takes a detailed look at the national morality movement *kokumin dotoku* and its close association with the state before concluding with an outline of some conceptual linkages between the

Meiji and later periods With its highly original thesis clear and sound methodology and fluid prose *Making a Moral Society* will be welcomed by scholars and students of both Japanese intellectual history and ethics in general Genders, Sexualities, and Spiritualities in African Pentecostalism Chammah J. Kaunda, 2020-06-22 This book examines the complex and multifaceted nature of African Pentecostal engagements with genders and sexualities In the last three decades African Pentecostalism has emerged as one the most visible and profound aspects of religious change on the continent and is a social force that straddles cultural economic and political spheres Its conventional and selective literal interpretations of the Bible with respect to gender and sexualities are increasingly perceived as exhibiting a strong influence on many aspects of social and public institutions and their moral orientations This collection features articles which examine sexualities and genders in African Pentecostalism using interdisciplinary methodological and theoretical approaches grounded within traditional African thought systems with the goal of enabling a broader understanding of Pentecostalism and sexualities in Africa **The Oxford Textbook of Clinical Research Ethics** Ezekiel J. Emanuel, Christine C. Grady, Robert A. Crouch, Reidar K. Lie, Franklin G. Miller, David D. Wendler, 2011-02 The Oxford Textbook of Clinical Research Ethics is the first comprehensive and systematic reference on clinical research ethics Under the editorship of experts from the U S National Institutes of Health of the United States the book s 73 chapters offer a wide ranging and systematic examination of all aspects of research with human beings Considering the historical triumphs of research as well as its tragedies the textbook provides a framework for analyzing the ethical aspects of research studies with human beings Through both conceptual analysis and systematic reviews of empirical data the contributors examine issues ranging from scientific validity fair subject selection risk benefit ratio independent review and informed consent to focused consideration of international research ethics conflicts of interests and other aspects of responsible conduct of research The editors of The Oxford Textbook of Clinical Research Ethics offer a work that critically assesses and advances scholarship in the field of human subjects research Comprehensive in scope and depth this book will be a crucial resource for researchers in the medical sciences as well as teachers and students

Encyclopedia of Educational Reform and Dissent Thomas C. Hunt, 2010-01-20 The history of American education is replete with educational reform and to a lesser extent educational dissent Consider the present you have various forms of privatization school choice the No Child Left Behind act home schooling value added accountability alternative teacher preparation programs on line instruction etc This range of activity is not exceptional For instance consider the past progressive education open education the junior high school the middle school Life Adjustment education career education vocational education the comprehensive high school school to work year round schooling behavioral objectives proficiency exams high stakes testing whole language learning packages and self paced instruction modular scheduling site based management all presented as the way to reform American schools at least in part Then you have the reformers themselves such as John Dewey George Counts Herbert Kohl John Holt Charles Silberman Admiral Hyman Rickover James Bryant Conant

all the way back to Horace Mann himself Dissenters and dissenting movements while not as numerous and certainly not as well known in educational circles count the various faith based schools and individuals such as Archbishop Hughes of New York Clearly this is an area rich in ideas rife with controversy and vital in its outcome for individuals and the nation as a whole And yet strangely enough there exists no major encyclopedia bringing the varied strands together in one place as a ready reference for scholars teachers school administrators and students studying to enter the educational profession This two volume work is intended to be that authoritative resource Key themes and topics include biographies of reformers and dissenters theoretical and ideological perspectives key programs and legislation judicial verdicts impacting educational change in America the politics and processes of educational reform and policy making dissent and resistance to reform technology s impact on educational reform A Reader s Guide in the front matter groups entries around such themes to help readers find related entries more easily *The National Magazine* ,1853 **Bioethics Yearbook** B.A. Lustig,2013-03-14 As the field of bioethics has matured increasing attention is being paid to how bioethical issues are treated in different moral and religious traditions and in different regions of the world It is often difficult however to obtain timely information about these matters The Bioethics Yearbook series analyzes how such issues as new reproductive techniques abortion maternal fetal conflicts care of seriously ill newborns consent confidentiality equitable access cost containment withholding and withdrawing treatment euthanasia the definition of death and organ transplantation are being discussed in different religions and regions Volume 5 discusses theological developments from 1992 to 1994 in Anglican Baptist Catholic Hindu Jehovah s Witness Jewish Latter Day Saint Lutheran Methodist Muslim Pentecostal and Presbyterian traditions **Handbook of Bioethical Decisions. Volume II** Erick Valdés,Juan Alberto Lecaros,2023-06-28 The Handbook of Bioethical Decisions Volume II addresses and analyzes the most important ethical concerns and moral quandaries related to scientific integrity and institutional ethics It counts on two parts Part One Research Ethics which addresses issues related to Scientific Integrity Research Misconduct and Conducting Ethical Research and Part Two Institutional Ethics and Bioethics Committees which explores Institutional Ethics issues Ethics and Bioethics Committees roles and scopes and Bioethical Issues in Institutional Ethics Consequently the Handbook Vol II offers a remarkable collection of works by outstanding international experts on institutional and research ethics in order for bioethics practitioners to obtain better elements to address key issues related to integrity in research as well as to decision making processes In this fashion this volume is a valuable resource for professionals working on different bioethical and biomedical fields such as ethics and bioethics committees health care institutions biomedical and pharmacological companies and academic settings among others Chapter 26 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) **Readers' Guide to Periodical Literature** ,1919 [History Education and the Construction of National Identities](#) Mario Carretero,Mikel Asensio,María Rodríguez-Moneo,2013-01-01 How is history represented As just a record of the past as a part of a present

identity or as future goals This book explores how historical contents and narratives are presented in school textbooks and other cultural productions museums monuments etc and also how they are understood by students in the context of increasing globalization In these contemporary conditions the relation between history learning processes in and out of school and the construction of national identities presents an ever more important topic It is being studied by looking at the appropriation of historical narratives which are frequently based on the official history of a nation state Most of the chapters in this volume are educational studies about how the learning of history takes place in school settings of different countries such as Canada France Germany Latin America Spain the Netherlands the United Kingdom and the United States Covering such a broad sample of cultural and national contexts they provide a rich reflection on history as a subject related to patriotism cosmopolitanism both or neither

The Gagging of God D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism A great majority of social commentators attempting to define modern Western culture land on a common characteristic pluralism This isn't unique to secular culture Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness It's no secret that the contemporary challenges to Christianity are complex and serious Yet far from simple fear mongering or cultural warmongering *The Gagging of God* takes a hard look at the background and intricacy of pluralism postmodernity and hermeneutics and equips thoughtful Christians to have intelligent culturally sensitive and passionate fidelity to the gospel of Jesus Christ In his contemplative even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface It invites Christians to grapple responsibly with urgent questions of biblically grounded theology spirituality and the defining lines of Christianity along with its range of challenges from without and within *The Gagging of God* offers an in depth look at the big picture shows how the many ramifications of pluralism are all parts of a whole and provides a systematic Christian response

The Palgrave Handbook of African Social Ethics Nimi Wariboko, Toyin Falola, 2020-03-30 This Handbook provides a robust collection of vibrant discourses on African social ethics and ethical practices It focuses on how the ethical thoughts of Africans are forged within the context of everyday life and how in turn ethical and philosophical thoughts inform day to day living The essays frame ethics as a historical phenomenon best examined as a historical movement the dynamic ethos of a people rather than as a theoretical construct It thereby offers a bold incisive and fresh interpretation of Africa's ethical life and thought

The Mortality and Morality of Nations Uriel Abulof, 2015-07-24 This book answers how mortality and morality figure and intertwine in the life and death of nations both in theory and in practice

Beastly Morality Jonathan K. Crane, 2015-12-01 We have come to regard nonhuman animals as beings of concern and we even grant them some legal

protections But until we understand animals as moral agents in and of themselves they will be nothing more than distant recipients of our largesse Featuring original essays by philosophers ethicists religionists and ethologists including Marc Bekoff Frans de Waal and Elisabetta Palagi this collection demonstrates the ability of animals to operate morally process ideas of good and bad and think seriously about sociality and virtue Envisioning nonhuman animals as distinct moral agents marks a paradigm shift in animal studies as well as philosophy itself Drawing not only on ethics and religion but also on law sociology and cognitive science the essays in this collection test long held certainties about moral boundaries and behaviors and prove that nonhuman animals possess complex reasoning capacities sophisticated empathic sociality and dynamic and enduring self conceptions Rather than claim animal morality is the same as human morality this book builds an appreciation of the variety and character of animal sensitivities and perceptions across multiple disciplines moving animal welfarism in promising new directions

Life and Moral Education in Greater China John Chi-Kin Lee, Stephen Yam-wing Yip, Raymond Ho-Man Kong, 2021-03-29 Arguing for life moral and values education as a bedrock for the original goals of school education this monograph explores how life and values education is conceptualised and imparted in Greater China Under a globalized transnational and technological world where there has been an increase in people s mobility in information and cultural exchanges there is also a growing emphasis on personal and professional ethics Against this context life moral and values education has gained attention for its impact on shaping students characters as future citizens However the cultivation of these values is made deeply diversified and complex by varying interpretations of life education and values education across societies given that different societies are influenced by different socio cultural traditions educational ideologies and religious beliefs The means and approaches towards life education also vary vastly from formal school subjects school based programmes as well as teachers and peers role modelling community services extra curricular activities school discipline charity work pastoral care and school ethos Recognising this inherent diversity and complexity in the approach to and the dissemination of life education the contributors to this volume survey the practice of life education in Greater China so far suggesting that life education is most effective when it is diversified dynamic and developmental across contexts This book will provide the opportunity for engaging in important and serious debates about the future and the values that will underpin it and will prove of special interest to scholars and practitioners working on education policies curriculum development and teacher education in Greater China

Bioethics Yearbook B.
