In Search Of Talmudic Biography:

In Search of Talmud Biography Jacob Neusner, 1984 **Christobiography** Craig S. Keener, 2019-08-27 Are the canonical Gospels historically reliable The four canonical Gospels are ancient biographies narratives of Jesus's life The authors of these Gospels were intentional in how they handled historical information and sources Building on recent work in the study of ancient biographies Craig Keener argues that the writers of the canonical Gospels followed the literary practices of other biographers in their day In *Christobiography* he explores the character of ancient biography and urges students and scholars to appreciate the Gospel writers method and degree of accuracy in recounting the life and ministry of Jesus Keener's *Christobiography* has far reaching implications for the study of the canonical Gospels and historical Jesus research He concludes that the four canonical Gospels are historically reliable ancient biographies The Talmud - A Biography Harry Freedman, 2014-10-14 The story of the Talmud is the story of the Jewish people a thrilling insight into Jewish culture and a devastating account of the history of anti-Semitism *Introduction to the Talmud and Midrash* Hermann Leberecht Strack, 1996 Gunter Stemberger's revision of H L Strack's classic introduction to rabbinic literature which appeared in its first English edition in 1991 was widely acclaimed Gunter Stemberger and Markus Bockmuehl have now produced this updated edition which is a significant revision completed in 1996 of the 1991 volume Following Strack's original outline Stemberger discusses first the historical framework the basic principles of rabbinic literature and hermeneutics and the most important Rabbis The main part of the book is devoted to the Talmudic and Midrashic literature in the light of contemporary rabbinic research The appendix includes a new section on electronic resources for the study of the Talmud and Midrash The result is a comprehensive work of reference that no student of rabbinics can afford to be without The Limits of Ancient Biography Brian McGing, Judith Mossman, 2007-12-31 The genre of biography in the ancient world is interestingly diverse and permeable and deserves intensive study bearing as it does on ideas of characterization and the individual This volume considers both the form and the content of biography across the ancient world and is particularly interested in the frontiers with other related genres such as history The papers range from the Old Testament to the Arab world from the New Testament to the Lives of Saints from the classic Greek and Roman biographers to less well known practitioners of the art

The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for

the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis

A History of the Quests for the Historical Jesus, Volume 1 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates

Holy Men and Hunger Artists Eliezer Diamond, 2004 The existence of ascetic elements within rabbinic Judaism has generally been either overlooked or actually denied Diamond shows that rabbinic asceticism does indeed exist This asceticism is mainly secondary rather than primary in that the rabbis place no value on self denial in and of itself

The New Testament in Its Literary Environment David Edward Aune, 1988 A study of the relationship between the New Testament writings and other literature of late antiquity This comprehensive introduction identifies and describes the major literary genres and forms found in the New Testament and Early Christian non canonical literature Comparing them with those prevalent in Judaism and Hellenism it sheds light on the conventions that the New

Testament writers chose to follow **What Are the Gospels?** Richard A. Burridge, 2004-08-09 The publication of Richard Burridge's *What Are the Gospels* in 1992 inaugurated a transformation in Gospel studies by overturning the previous consensus about Gospel uniqueness. Burridge argued convincingly for an understanding of the Gospels as biographies, a ubiquitous genre in the Graeco-Roman world. To establish this claim, Burridge compared each of the four canonical Gospels to the many extant Graeco-Roman biographies. Drawing on insights from literary theory, he demonstrated that the previously widespread view of the Gospels as unique compositions was false. Burridge went on to discuss what a properly biographical perspective might mean for Gospel interpretation, which was amply demonstrated in the revised second edition reflecting on how his view had become the new consensus. This third, twenty-fifth anniversary edition not only celebrates the continuing influence of *What Are the Gospels* but also features a major new contribution in which Burridge analyzes recent debates and scholarship about the Gospels. Burridge both answers his critics and reflects upon the new directions now being taken by those who accept the biographical approach. This new edition also features as an appendix a significant article in which he tackles the related problem of the genre of Acts. A proven book with lasting staying power, *What Are the Gospels* is not only still as relevant and instructive as it was when first published but will also doubtlessly inspire new research and scholarship in the years ahead. Provided by publisher.

Mine and Yours Are Hers Tal Ilán, This book suggests several methods with which rabbinic sources can be approached in order to obtain information about women's history. It is the first feminist book about rabbinic literature which treats the latter as a historical source. It contains many examples and discusses for the first time many sources relevant for the issue of women in rabbinics.

Mine and Yours are Hers Ilan, 2018-12-10 This book discusses the interaction between history, rabbinic literature, and feminist studies. Recent approaches to rabbinic literature have overturned the traditional view of these writings, and new literary methods were suggested, mostly denying them all historical value. But rabbinic literature constitutes the main source for the lives of Jews in Palestine and Babylonia during the late Roman period and thus should not be totally rejected. This study suggests a new post-literary approach, i.e. it discusses the residue of the texts after these have been analyzed and dissected by literary critics. But mainly this is a book about women's history, adopting many assumptions of feminist criticism about the androcentric nature of all ancient texts and approaches them with due suspicion. The Rabbis treated women differently from the way they treated men. This resulted in the former's marginalization and manipulation by the texts. On the other hand, however, it created an ironic situation whereby principles useful for the recovery of historical information on women are useless when applied to men. This study describes such principles and demonstrates them with the help of many examples.

Peter in the Gospels Timothy Wiarda, 2000 Originally presented as the author's thesis, Ph.D. Brunel University, London Bible College, 1999.

Nomination of John Agresto United States. Congress. Senate. Committee on Governmental Affairs, 1987.

Religion, Ethnicity, and Identity in Ancient Galilee Jürgen Zangenberg, Harold W. Attridge, Dale B. Martin, 2007 What is a Galilean? What were the criteria of

defining a person as a Galilean archaeologically or with respect to literary sources such as Josephus or the rabbis What role did religion play in the process of identity formation Twenty two articles based on papers read at conferences at Cambridge Wuppertal and Yale by experts from 7 countries shed light on a complex region the pivotal geographic and cultural context of both earliest Christianity and rabbinic Judaism In these papers ancient Galilee emerges as a dynamic region of continuous change in which religion ethnicity and identity were not static monoliths but had to be negotiated in the context of a multiform environment subject to different influences

Naming the Witch Kimberly B. Stratton, 2022-05-03 Kimberly B Stratton investigates the cultural and ideological motivations behind early imaginings of the magician the sorceress and the witch in the ancient world Accusations of magic could carry the death penalty or at the very least marginalize the person or group they targeted But Stratton moves beyond the popular view of these accusations as mere slander In her view representations and accusations of sorcery mirror the complex struggle of ancient societies to define authority legitimacy and Otherness Stratton argues that the concept magic first emerged as a discourse in ancient Athens where it operated part and parcel of the struggle to define Greek identity in opposition to the uncivilized barbarian following the Persian Wars The idea of magic then spread throughout the Hellenized world and Rome reflecting and adapting to political forces values and social concerns in each society Stratton considers the portrayal of witches and magicians in the literature of four related periods and cultures classical Athens early imperial Rome pre Constantine Christianity and rabbinic Judaism She compares patterns in their representations of magic and analyzes the relationship between these stereotypes and the social factors that shaped them Stratton s comparative approach illuminates the degree to which magic was and still is a cultural construct that depended upon and reflected particular social contexts Unlike most previous studies of magic which treated the classical world separately from antique Judaism **Naming the Witch** highlights the degree to which these ancient cultures shared ideas about power and legitimate authority even while constructing and deploying those ideas in different ways The book also interrogates the common association of women with magic denaturalizing the gendered stereotype in the process Drawing on Michel Foucault s notion of discourse as well as the work of other contemporary theorists such as Homi K Bhabha and Bruce Lincoln Stratton s bewitching study presents a more nuanced ideologically sensitive approach to understanding the witch in Western history

Demons in the Details Sara Ronis, 2025-04-15 The Babylonian Talmud is full of stories of demonic encounters and it also includes many laws that attempt to regulate such encounters In this book Sara Ronis takes the reader on a journey across the rabbinic canon exploring how late antique rabbis imagined feared and controlled demons Ronis contextualizes the Talmud s thought within the rich cultural matrix of Sasanian Babylonia placing rabbinic thinking in conversation with Sumerian Akkadian Ugaritic Syriac Christian Zoroastrian and Second Temple Jewish texts about demons to delve into the interactive communal context in which the rabbis created boundaries between the human and the supernatural and between themselves and other religious communities **Demons in the Details** explores the wide range of ways that the

rabbis participated in broader discussions about beliefs and practices with their neighbors out of which they created a profoundly Jewish demonology *Dictionary of Biblical Criticism and Interpretation* , Dictionary of Jesus and the Gospels (2nd edn) J B GREEN,J BROWN,N PERRIN,2020-05-21 The Dictionary of Jesus and the Gospels is unique among reference books on the Bible the first volume of its kind since James Hastings published his Dictionary of Christ and the Gospels in 1909 In the more than eight decades since Hastings our understanding of Jesus the Evangelists and their world has grown remarkably New interpretive methods illumined the text the ever changing profile of modern culture has put new questions to the Gospels and our understanding of the Judaism of Jesus s day has advanced in ways that could not have been predicted in Hastings s day But for many readers of the Gospels the new outlook on the Gospels remains hidden within technical journals and academic monographs The Dictionary of Jesus and the Gospels bridges the gap between scholars and those pastors teachers students and lay people desiring in depth treatment of select topics in an accessible and summary format The topics range from cross sectional themes such as faith law Sabbath to methods of interpretation such as form criticism redaction criticism sociological approaches from key events such as the birth temptation and death of Jesus to each of the four Gospels as a whole Some articles such as the Dead Sea Scrolls rabbinic traditions and revolutionary movements at the time of Jesus provide significant background information to the Gospels Others reflect recent and less familiar issues in Jesus and Gospel studies such as divine man ancient rhetoric and the chreiai Contemporary concerns of general interest are discusses in articles covering such topics as healing the demonic and the historical reliability of the Gospels And for those entrusted with communicating the message of the Gospels there is an extensive article on preaching from the Gospels The Dictionary of Jesus and the Gospels presents the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialog with contemporary scholarship and challenges facing the church **Midrashic Women** Judith R. Baskin,2015-05-01 While most gender based analyses of rabbinic Judaism concentrate on the status of women in the halakhah the rabbinic legal tradition Judith R Baskin turns her attention to the construction of women in the aggadic midrash a collection of expansions of the biblical text rabbinic ruminations and homiletical discourses that constitutes the non legal component of rabbinic literature Examining rabbinic convictions of female alterity competing narratives of creation and justifications of female disadvantages as well as aggadic understandings of the ideal wife the dilemma of infertility and women among women and as individuals she shows that rabbinic Judaism a tradition formed by men for a male community deeply valued the essential contributions of wives and mothers while also consciously constructing women as other and lesser than men Recent feminist scholarship has illuminated many aspects of the significance of gender in biblical and halakhic texts but there has been little previous study of how aggadic literature portrays females and the feminine Such representations Baskin argues often offer a more nuanced and complex view of women and their actual lives than the rigorous proscriptions of legal discourse

Eventually, you will certainly discover a new experience and attainment by spending more cash. nevertheless when? reach you admit that you require to get those every needs bearing in mind having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to understand even more approaching the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your enormously own epoch to put it on reviewing habit. in the middle of guides you could enjoy now is **In Search Of Talmudic Biography** below.
