## **In Search Of Unity:**

Africanity Redefined Ali Al'Amin Mazrui, Ricardo René Laremont, 2002 The first in a three volume set of Mazrui's most important essays this volume redefines the meaning of Africanity across geographical space time and cultures The resulting definition forces us to reject neo imperialist paradigms and ontologies of what it means to be African By encouraging us to think about Africanity as an idea rather than as point of origin the ideas contained in these essays force us to reposition ourselves in the debate of our place in global cultures and civilisations and prepare us to take an active role in social and political affairs

The Community of Believers Lucinda Mosher, David Marshall, 2015-05-06 The Community of Believers offers the proceedings of the 2013 Building Bridges seminar a dialogue between leading Christian and Muslim scholars under the stewardship of Georgetown University These essays consider such themes as the Church as mystical body of Christ versus the Church as proclamation the roots and uses of the term ummah and its development over time Christian desires for communion experiences of division and approaches to unity the history of Muslim disunity twentieth century Christian ecclesiology and its responses to a post Christendom and post Christian world and the Arab Spring as a case study for contemplating accommodationism conservatism reformism and fundamentalism as Muslim strategies to address the pressures of modernism The volume also includes texts and commentaries used in the seminar's discussions of each topic and a concluding essay summarizing the tone content and style of participant exchanges throughout the seminar

**The Church Event** Vitor Westhelle, Is the church dying Noted theologian Vitor Westhelle urges an emphatic no and traces the church crisis to an ecclesiological deficit a lack of serious reflection on the real role of church as an ideal community and an institutional reality He finds real consensus among the Reformers on what church should mean and he traces the competing historical notions of church their relations to the sources of Protestant religious conviction and the gradual erosion of a sense for what it is the church actually represents

**Constructing International Relations in the Arab World** Fred Lawson, 2006 This book explores the emergence of an anarchic states system in the twentieth century Arab world Following the collapse of the Ottoman Empire Arab nationalist movements first considered establishing a unified regional arrangement to take the empire's place and present a common front to outside powers But over time different Arab leaderships abandoned this project and instead adopted policies characteristic of self interested territorially limited states In his explanation of this phenomenon the author shifts attention away from older debates about the origins and development of Arab nationalism and analyzes instead how different nationalist leaderships changed the ways that they carried on diplomatic and strategic relations He situates this shift in the context of influential sociological theories of state formation while showing how labor movements and other forms of popular mobilization shaped the origins of the regional states system

**The Cambridge Companion to Gandhi** Judith Brown, Anthony Parel, 2011-02-21 Even today six decades after his assassination in January 1948 Mahatma Gandhi is still revered as the father of the Indian nation His intellectual and moral legacy and the example of his life and politics serve as an inspiration to human rights and peace movements political activists and students This book comprised of essays by renowned experts in the fields of Indian history and philosophy traces Gandhi's extraordinary story The first part of the book explores his transformation from a small town lawyer during his early life in South Africa into a skilled political activist and leader of civil resistance in India The second part is devoted to Gandhi's key writings and his thinking on a broad range of topics including religion conflict politics and social relations The final part reflects on Gandhi's image and on his legacy in India the West and beyond

*Encyclopædia metropolitana; or, System of universal knowledge* Encyclopaedia, 1850 *Husserl and Leibniz* Iulian Apostolescu, Mohammad Shafiei, 2025-01-27 This text explores how phenomenology might lead to monadological metaphysics and conversely how monadology might be helpful to nonmetaphysical thinking Little has been published

especially in English on the connections between these two fields and this edited volume is an invitation to assess the similarities and differences between Husserl's philosophical projects and Leibniz's metaphysics. Many Leibniz scholars have contributed to this volume. Phenomenologists covered include Stumpf, Brentano, Heidegger, Reinach, and Gurwitsch. This book appeals to scholars and advanced students working in the field. Living in Christian Community Art Gish, 1998-09-29. This book is a description of what the church ought to be. Gish purposes to deal with the concrete issues of what it really means to be a Christian community, the body of Christ.

**Resilience of Regionalism in Latin America and the Caribbean** Andrés Rivarola Puntigliano, J. Briceño-Ruiz, 2013-03-05. As regionalisation becomes an increasingly hot topic, the authors explain why regionalism has been most successful in Latin America and analyse current processes and opinions of possible future developments in the region, including the Caribbean, Central America, Brazil, and Mexico.

**The American Journal of Sociology** Albion W. Small, Ellsworth Faris, Ernest Watson Burgess, Herbert Blumer, 1897. Established in 1895 as the first US scholarly journal in its field, *AJS* remains a leading voice for analysis and research in the social sciences, presenting work on the theory, methods, practice, and history of sociology. *AJS* also seeks the application of perspectives from other social sciences and publishes papers by psychologists, anthropologists, statisticians, economists, educators, historians, and political scientists.

The Oxford Dictionary of the Christian Church Frank Leslie Cross, Elizabeth A. Livingstone, 2005. Uniquely authoritative and wide-ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable one-volume reference work on all aspects of the Christian Church. It contains over 6,000 cross-referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject, including theology, churches and denominations, patristic scholarship, the Bible, the church calendar, and its organization, popes, archbishops, saints, and mystics. In this revision, innumerable small changes have been made to take into account shifts in scholarly opinion, recent developments such as the Church of England's new prayer book, Common Worship, RC canonizations, ecumenical advances, and mergers, and where possible, statistics. A number of existing articles have been rewritten to reflect new evidence or understanding, for example, the Holy Sepulchre entry, and there are a few new articles. Perhaps most significantly, a great number of the bibliographies have been updated. Established since its first appearance in 1957 as an essential resource for ordinands, clergy, and members of religious orders, *ODCC* is an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

**The Encyclopedia of the Stone-Campbell Movement** Douglas A. Foster, 2004. Over ten years in the making, *The Encyclopedia of the Stone-Campbell Movement* offers for the first time a sweeping historical and theological treatment of this complex, vibrant global communion. Written by more than 300 contributors, this major reference work contains over 700 original articles covering all of the significant individuals, events, places, and theological tenets that have shaped the Movement. Much more than simply a historical dictionary, this volume also constitutes an interpretive work reflecting historical consensus among Stone-Campbell scholars, even as it attempts to present a fair representative picture of the rich heritage that is the

Stone Campbell Movement BOOK JACKET      In Search of the Republic Richard Vetterli, Gary C. Bryner, 1996 When In Search of the Republic was originally published in 1987 scholarly interpretations of the concept of virtue in the American founding were considered peripheral to mainstream political theory Since then the authors arguments that public virtue civic responsibility and private morality were at the heart of the Founding Fathers political thought is now accepted by a growing number of contemporary political theorists This revised edition includes a new preface that places In Search of the Republic within the context of contemporary debates over the role of virtue and religion in early American political discourse This is a superb introduction for students and scholars interested in learning about the moral political and constitutional theories of the Founding Fathers      God's Action in the World Marek Slomka, 2021-04-22 The problem of God s action in the world is at the heart of debates today on the relationship between science and religion By analysing the issue through the lens of analytic philosophy Marek Slomka reveals how philosophy can successfully bridge science and theology to bring greater clarity to divine action This book identifies essential aspects from various branches of theism starting with traditional Thomistic approaches through to their modified forms such as Molinism and contemporary varieties such as free will theism and probabilistic theism Analysing crucial elements of God s nature including omnipotence omniscience his relation to time and the tension between immanence and transcendence Slomka reveals the difficulties in proposing a single conception of God through one theistic tradition Instead of simplistically juxtaposing particular theistic trends he highlights the value of pluralistic insights that also draw on important scientific theories including Darwin s evolution quantum mechanics and cosmology By taking a renewed stance on theism that takes into account modern scientific knowledge Slomka argues for a new presentation of the problem of God s action in the world      Mind , 1900 A quarterly review of philosophy
