In Step With God:

In Step With God Charles F. Stanley, 2010-09-12 What is God like Can I trust Him Does He know me and can He help me tackle the challenges I face Most people know a little something about God but their knowledge of who He is and how He works stops just past the point of an initial introduction Why is it so important to know the One who knows all about you The answer is simple when you come to a point where you understand His ways your life takes on new meaning You stop looking at old problems and feeling defeat fear and anxiety Suddenly you realize that the Person who gave you life has set an amazing course for you to follow In Step with God offers simple clear teaching that encourages and challenges you to approach life and its decisions both big and small by first knowing and considering God's character The nearer I draw to the Lord writes Dr Stanley the more I will know about Him His love for me and His good plans and desires for my life Plus the more intimate I become with God the better I understand His way and this understanding leads to a deeper longing to know God better I learn how to discern His will for my life and the situations I encounter **In Step with God** Charles F. distant and distracted It is an invitation into the experience God intends for His people In Step with God. [With Illustrations.]. Victor Raymond Edman,1965 **Constructing Moral Concepts of God in a Global Age** Myriam Renaud,2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God s existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today s pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World s Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others
