In the Sanctuary of the Soul Paramhansa Yogananda, 1998 Beautifully rendered this guide presents Yogananda's insights on how people can experience God's presence directly in their lives and clearly sets forth principles of effective prayer for receiving God's response A remarkable blending of East and West the teachings offered here embrace universal spiritual laws that will inspire people of all faiths to deepen their spiritual practice The brief reflections and accessible formats make this an ideal devotional guide **Archangel Raphael** Mary LaSota, **Touched by the Light** Yvonne Kason, 2019-08-03 How Peak Spiritual Experiences Transform Lives Today Dr Yvonne Kason's life was touched by five Near Death experiences NDEs the most recent in 2003 Her dramatic Near Death Experience in a 1979 plane crash propelled her as a young medical doctor to research and counsel people with diverse types of peak spiritual experiences In 1994 she coined the now widely used phrase Spiritually Transformative Experiences STEs These include Near Death Experiences mystical experiences spiritual energy or kundalini awakenings diverse psychic experiences and inspired creativity Touched by the Light is a synthesis of forty years of Dr Kason's research on STEs and their profound after effects on body mind and spirit Filled with fascinating case studies Touched By the Light is inspiring to all as well as a practical guide for those experiencing STEs and their counsellors *Quantum God* Michelle Langenberg, 2013-07 If Quantum God were a Who God would not be the judgmental biased and sometimes malicious Old Man in the Sky many of us grew up with but rather the All where everything is possible and pulsating with potential If Quantum God were a What God might be the fabric that connects every idea every desire every personality and everything in a pulsating energetic ever Becoming Whole If Quantum God were a Where God could be the Higgs Boson God Particle upon which angels dance or an everywhere with ever burgeoning dimensions well beyond our comprehension of the universe as we know it If Quantum God were a Why God would exist because creativity cannot be contained or restrained but seeks free flowing expression expanding in waves and ripples of idea become event Yet Quantum God may be most like a How the how behind everything we know and laws we can only guess at the how that lays the groundwork for miracles as commonplace occurrences and composes a theme from the frequency or vibration of joy Quantum God How Life Really Works sheds light on the misconceptions that limit us and offers insights that can free us to be the true powers we really are seemingly magical beings who create with godlike abilities When we understand the invisible workings of the universe we stop being victims of creative laws we don't understand These laws rule our lives whether we comprehend them or not What could we do if we understood them Is there anything we could not do Miracles are the way life is meant to work Quantum God tells about how we shortchange ourselves our true creative potential how our hopes and dreams fears and feelings of inadequacy create our experiences how to rise out of depression victimhood and blame to find joy and peace how to believe in ourselves and live with confidence and optimism You are now what you think you are but you're actually so much more You can become whatever you believe is possible Learn how to redefine yourself **Recovery**

Five-Second Prayer Dr. Ella L. Gates-Mahmoud, 2024-11-08 Receiving a death notice is a surreal experience and I've had that bitter taste twice in my life Never did I fathom that I'd be walking through the valley of the shadow of death once more After all I'd endured since birth I believed I'd already carried my fair share of suffering So when the doctor delivered the shattering news of a life threatening cancerous tumor it rattled me to the core in a way I never thought I would encounter What I have come to understand more so now than ever before is that prayer has always found a way to bring my troubled spirit a form of peace that I can't understand and a sense of calm and resolution even now as Jews of Israel and Muslims of Palestine continue to fight for what they believe in the Holy Land of Jerusalem Prayer is human communication with the sacred God gods the transcendent realm or supernatural powers But to label prayer solely as a form of communication is akin to describing a grand symphony as mere notes on a page Prayer is a tapestry woven with threads of human history spirituality and the very essence of our existence In reality prayer is a mosaic of multidimensional practices as old as humanity God Forgive me Cleanse me Make me whole again Amen **The British National Bibliography** Arthur James Wells, 2006 **Worlds of Jewish Prayer** Shohama Harris Wiener, Jonathan Omer-Man, 1993-11 Essays written in honor of Rabbi Zalman Schachter Shalomi by 45 of his disciples and admirers all dealing with some aspect of prayer
