In Search Of Authenticity:

In Search of Authenticity Regina Bendix, 2009-07-30 Authenticity is a notion much debated among discussants as diverse as cultural theorists and art dealers music critics and tour operators The desire to find and somehow capture or protect the authentic narrative art object or ceremonial dance is hardly new In this masterful examination of German and American folklore studies from the eighteenth century to the present Regina Bendix demonstrates that the longing for authenticity remains deeply implicated in scholarly approaches to cultural analysis Searches for authenticity Bendix contends have been a constant companion to the feelings of loss inherent in modernization forever upholding a belief in a pristine yet endangered cultural essence and fueling cultural nationalism worldwide Beginning with precursors of Herder and Emerson and the discovery of the authentic in expressive culture and literature she traces the different albeit intertwined histories of German Volkskunde and American folklore studies A Swiss native educated in American folklore programs Bendix moves effortlessly between the two traditions demonstrating how the notion of authenticity was used not only to foster national causes but also to lay the foundations for categories of documentation and analysis within the nascent field of folklore studies Bendix shows that in an increasingly transcultural world where Zulu singers back up Paul Simon and where indigenous artists seek copyright for their traditional crafts the politics of authenticity mingles with the forces of the market Arguing against the dichotomies implied in the very idea of authenticity she underscores the emptiness of efforts to distinguish between folklore and fakelore between echt and ersatz

In Search of Authenticity Jacob Golomb, 2012-11-12 Great philosophers such as Kierkegaard Nietzsche and Sartre have clearly been preoccupied by the possibility of authenticity In this study Jacob Golomb looks closely at the literature and writings of these philosophers in his analysis of their ethics Golomb's writings shows his passionate commitment to the quest for the authenticity particularly in our climate of post modern scepticism He argues that existentialism is all the more pertinent and relevant today when set against the general disillusionment which characterises the late twentieth century This book is invaluable reading for those who have been fascinated by figures like Camus's Meursault Sartre's Matthieu and Nietzsche's Zarathustra

Inside the Tortilla: A Journey in Search of Authenticity Paul Read, 2012-08-09 Life has a habit of throwing obstacles in your path for a good reason They arise to challenge the undaunted or deter the uncommitted Either way when you stumble into a town that the guide books warn you away from you must choose between quickly moving on or staying to see what the obstacles conceal When one man and his faithful hound turn their backs on the Mediterranean Sea and set out on a journey into the interior of Andalusia they go in search of a town that still cooks its food rather than shops for it Tired of the disposable nature of modern living and its embrace of microwaved food this search for authentic recipes unveils not just a series of gastronomic secrets but the rich history culture politics and diet of a charismatic country as it struggles out of the shadow of its past and into the searing light of its future A Journey deep Inside the Tortilla

Searching for Authenticity S. Gayle Baugh, Sherry E. Sullivan, 2015-05-01 Volume 2 of the

Research in Careers series focuses on the search for authenticity in one's career. Although there has been growing interest in the topic within the popular press, relatively little academic research has been completed on authenticity and careers. Researchers are still refining the concept of authenticity and are just beginning to investigate how it influences the enactment of careers in today's turbulent career landscape. This volume offers the first organized effort on the topic. This volume contains seven chapters which examine the search for authenticity derived from the Kaleidoscope Career Model. Mainiero and Sullivan (2006). Chapters 1 and 2 present a review of the literature and an in-depth analysis of the construct of authenticity. Chapter 1 offers a new lens to view career authenticity based on two dimensions of self-awareness and adaptability. Chapter 2 uses two case studies to define how individuals are authentic in their career. Chapters 3 and 4 examine the authenticity of individuals in different career stages, with Chapter 3 examining recent college graduates and Chapter 4 examining mid to late stage careerists. Chapters 5, 6, and 7 focus on the interplay between social interactions and career authenticity. Chapter 5 offers a process model that traces how, through negotiation, a person's identities shape and are shaped by relationships with others, leading to the enactment of an authentic career. Chapter 6 explores how individuals remain authentic in their career while negotiating the conflicting expectations of multiple interest groups. Chapter 7 examines the complex relationships among career authenticity, political behaviors, and strain.

Authenticity James H. Gilmore, B. Joseph Pine, 2007. The authors list the five factors that most directly influence customer perceptions: the operational essence of the enterprise, the nature of its offerings, the effects of the organization's heritage, its sense of purpose, and its demonstrable body of values.

Ireland and Cultural Theory Colin Graham, Richard Kirkland, 1999-03-15. Ireland and Cultural Theory is a unique and timely collection offering the first major assessment of how theoretical readings of Ireland and Irish culture have begun to question the grounds of debate in Irish studies. Contributions engage with the concept of the authentic in Irish culture through analyses of film, television, and literature, emigration, and institutional critical practice. This lively and challenging volume will be of interest to lecturers and students in the field of cultural studies, Irish studies, and critical theory.

Realizing Our Place Catherine Egle Waggoner, Laura Egle Taylor, 2018-07-12. What does it mean to be from somewhere? Does place seep into one's very being like roots making their way through rich soil, shaping a sense of self? In particular, what does it mean to be from a place with a storied past, one mythologized as the very best and worst of our nation? Such questions inspired Catherine Egle Waggoner and Laura Egle Taylor, sisters and Delta expatriates, to embark on a trail of conversations through the Mississippi Delta. Meeting in evocative settings, from kitchens and beauty parlors to screened-in porches, with fifty-one women—black, Chinese, Lebanese, and white, elderly and young, rich and poor, bisexual and straight—the authors trace the extent to which the historical dimensions of southern womanhood, like submissiveness, purity, piety, and domesticity, are visible in contemporary Delta women's everyday enactments. Waggoner and Taylor argue that these women do not simply embrace or reject such dimensions but instead creatively tweak stereotypes in such a way that skillfully

legitimizes their authenticity Blending academic analysis with colorful excerpts of Delta women s words and including over one hundred striking photographs Waggoner and Taylor provide an insightful peek into the lives of real southern women living in a deeply mythologized land *Authentic Leadership Effectiveness for Individuals and Teams* Tineke Wulffers,2017-10-31 True leadership has always been more difficult to maintain in challenging times but the unique stressors facing organisations throughout the world today call for renewed attention to what constitutes truly positive leadership In AUTHENTIC LEADERSHIP EFFECTIVENESS for Individuals and Teams Tineke Wulffers combines the best of academic research with years of personal experience working with leaders and teams to offer a practical guide on how to develop this type of leadership effectiveness in real life This book is divided up as follows Part I Definition and impact of authentic leadership considers the need for authentic leadership gives an overview of what is generally understood by Authentic Leadership It also focuses on the impact of leadership authenticity on inter relational trust on individual and team authentic leadership effectiveness Part II Development of authentic leadership forms the crux of this book As the development of authentic leadership requires different considerations to what is mostly espoused in the field of leadership development considerations and criteria for AL development and AL programmes are discussed This is followed by a high level and detailed overview of this specific individual and team ALE programme which might well be a first Finally part II concludes with a detailed followed by two high level case studies of the effects of the ALE programme under discussion Part III Well known examples of leaders through the lens of AL even though AL programmes have not really been available before such leadership can be developed by means of introspection and commitment to further development during a lifetime of life experiences and work episodes **Authentically Jewish** Stuart Z.
