

In Search Of The Working Class

Ty C. McNamee

In Search Of The Working Class:

In Search of the Working Class Leon Fink, 1994 These nine essays by a prominent scholar in American labor history self consciously evoke the tensions between the worker as historical subject and the historian as outside observer Encompassing studies of labor culture strategy and movement building from the late nineteenth century to the present *In Search of the Working Class* also connects the trials of the early labor economists to the conceptual challenges facing today s academic practitioners Fink places American labor history in the broader context of American political historiography better than any other historian I can think of James R Barrett author of *Work and Community in the Jungle Chicago s Packinghouse Workers 1894 1922*

In Search of the New Working Class Gallie, 1978-04-27 Occupational sociology monograph on social implications of advanced automation for labour relations and working class social structure based on a comparison of capitalist industrial enterprises in the petroleum industry in France and UK covers new forms of social conflict social integration changes in employees attitude to work environment work organization wage rates and management and examines the level of workers participation in decision making and trade union strategies References and statistical tables

In Search of Our Past, 1980 *In Search of Ireland* Brian Graham, 2002-11-01 *In Search of Ireland* argues that Ireland s political problems are created by conflicts and confusions of identity It brings together a number of distinguished contributors each of whom examines a particular aspect of Ireland s diverse cultural geography and history Issues covered include the changing definitions of Irishness the roles of class and gender in constructing traditional alignments of identity the role of ethnicity in Irish society the invention and imagining of Irish place the political implications of a pluralistic Ireland The contributors demonstrate that many people both inside and outside of Ireland continue to define themselves and their conflicts through simple sectarian stereotypes The authors argue that politicians and others must reject these outdated either/or representations and accommodate instead the fluidity of Irish identity James Anderson University of Newcastle Upon Tyne S J Connolly Queens s University Belfast Neville Douglas Queen s University Belfast Brian Graham University of Ulster *In Search of Eurocommunism* Richard Kindersley, 2016-01-12 *Working-Class Americanism* Gary

Gerstle, 2021-04-13 In this classic interpretation of the 1930s rise of industrial unionism Gary Gerstle challenges the popular historical notion that American workers embrace of Americanism and other patriotic sentiments in the post World War I years indicated their fundamental political conservatism He argues that Americanism was a complex even contradictory language of nationalism that lent itself to a wide variety of ideological constructions in the years between World War I and the onset of the Cold War Using the rich and textured material left behind by New England s most powerful textile union the Independent Textile Union of Woonsocket Rhode Island Gerstle uncovers for the first time a more varied and more radical working class discourse *In Search of Our Past: World history student manual*, 1980 ***The Cultural Journeys of***

Rural, Poor and Working-Class College Students Ty C. McNamee, 2025-06-16 With the goal of improving efforts and

initiatives to promote college completion this book offers an engaging in depth analysis of the cultural journeys of rural poor and working class college students By examining select student stories through the lens of cultural flexibility cultural integration and cultural capital and wealth the author derives a collective understanding of how these students navigate their college experiences informing key recommendations for practice and policy This volume will be of interest to higher education researchers and scholars studying rurality social class equity and college success and completion as well as practitioners and policymakers looking to more effectively enroll and retain rural poor and working class college students

In Search of Victorian Values Eric M. Sigsworth, 1988 **IN SEARCH** Daniel Shindler, 2020-05-28 Teachers want more Daniel Shindler's *In Search* Reimagining What it Means to be a Teacher is an optimistic necessary book that invites us to identify our core values as teachers school leaders and policy makers With those values we journey with him through a series of fundamental requisites that we can apply and nurture in our lives and places of work Using his teaching experiences practical examples and storytelling Daniel illustrates the requisites we should strive for honing our expertise creating powerful and memorable teaching experiences enquiring with honesty about ourselves and those we teach building meaningful one to one conversations fostering curiosity and resilience and building a wider school culture of community and pastoral care By asking the biggest questions of what it means to be an educator and not seeking simple answers the book is saying here is what is possible For Daniel teaching is alchemy and craft that goes beyond career intertwining our personal and professional lives Only a holistic approach will do if we are to create longevity which is why Daniel is asking us to reimagine what it means to be a teacher by placing it in the intersection of the private and public self Why else teach if not to live How many of us live in our careers but not our craft In short it speaks to the complexity of the human condition of teaching Our journey is enhanced by Daniel's extensive experience as a teacher of drama wellbeing and project based learning within inner cities and internationally and as lead architect of School21's ground breaking oracy curriculum The book includes a compelling foreword by Jeffrey Boakye teacher and bestselling author of *Black Listed* and *Hold Tight* In a world of constant change and shifting priorities never has the search for craft and meaning been more necessary Teaching is a search It's the effort to walk towards not forward or upwards but inwards towards the self and outwards towards others at the same time We've all got a search in us and trust me *In Search* is 100% a jumping off point for your own journey whatever that may be Jeffrey Boakye Bestselling author of *Black Listed* and *Hold Tight* I loved its scope the depth of thinking the range of references the way public and private school and life cross over It got me thinking differently about things It's also the perfect antidote to all the books around that reduce teaching to chunks or a series of moves and techniques Peter Hyman Co Director of Big Education Co founder of School 21 **In Search Of Elvis** Vernon Chadwick, 2018-02-12 The International Conference on Elvis Presley convened at the University of Mississippi in August transformed a rock and roll icon into a scholarly phenomenon Educators artists and Elvis aficionados from across the world plus over one hundred internationally

based reporters collected on Oxford Mississippi soil to analyze and celebrate Elvis impact on the world stage From this conference which became front page New York Times Magazine news springs this book the best and brightest essays and artwork swirling around the cultural social political and iconographic figure of Elvis Presley Discussed within are such topics as Elvis as Southerner Elvis as sign system Elvis multicultural audiences Elvis and rockabilly Elvis as redneck the Elvis oeuvre and Elvis religious roots Taken together *In Search of Elvis* represents a daring and groundbreaking academic analysis Richly illustrated with original Elvis inspired artwork this book captures the subterranean essence of one of the most phenomenal artists to have ever lived The International Conference on Elvis Presley convened at the University of Mississippi in August transformed a rock and roll icon into a scholarly phenomenon Educators artists and Elvis aficionados from across the world plus over one hundred internationally based reporters collected on Oxford Mississippi soil to analyze and celebrate Elvis impact on the world stage From this conference which became front page New York Times Magazine news springs this book the best and brightest essays and artwork swirling around the cultural social political and iconographic figure of Elvis Presley Discussed within are such topics as Elvis as Southerner Elvis as sign system Elvis multicultural audiences Elvis and rockabilly Elvis as redneck the Elvis oeuvre and Elvis religious roots Taken together *In Search of Elvis* represents a daring and groundbreaking academic analysis Richly illustrated with original Elvis inspired artwork this book captures the subterranean essence of one of the most phenomenal artists to have ever lived *In Search of the Sublime* Stephan P. Dinkgreve, *In Search of Technological Excellence* John Heywood, 2025-09-04 The notion that Britain was losing its international industrial competitiveness has preoccupied governments since the Second World War Policymakers have sought to address this over the years and yet Britain's relative industrial decline has appeared to continue raising questions about its root causes *In Search of Technological Excellence* analyses the policymaking and policy implementation in the education of engineers and technologists from the 1945 report of the Percy Committee on Higher Technological Education to the conclusion of the Thatcher government's Enterprise in Higher Education Initiative Using a plethora of previously unpublished sources this book focuses on the untold story of what the reports of the three key committees in this fifty year period Percy 1945 Fielden 1963 and Finniston 1980 actually achieved in secondary and higher technological education The core themes of this volume include industrial training and its assessment the controversy over the structure of industrial sandwich courses the perceived requirements for qualified specialists the manpower controversy curriculum development creativity and innovation in engineering engineers as managers and engineering in schools Thought provoking and comprehensive *In Search of Technological Excellence* reflects on perennial problems to help clarify how this history can inform policymaking today and will be of interest to policymakers practitioners and students in engineering education and public administration *In Search of Paradise* Li Zhang, 2012-09-15 A new revolution in homeownership and living has been sweeping the booming cities of China This time the main actors on the social stage are not peasants migrants or working

class proletariats but middle class professionals and entrepreneurs in search of a private paradise in a society now dominated by consumerism No longer seeking happiness and fulfillment through collective sacrifice and socialist ideals they hope to find material comfort and social distinction in newly constructed gated communities This quest for the good life is profoundly transforming the physical and social landscapes of urban China Li Zhang who is from Kunming the capital of Yunnan province turns a keen ethnographic eye on her hometown She combines her analysis of larger political and social issues with fine grained details about the profound spatial cultural and political effects of the shift in the way Chinese urban residents live their lives and think about themselves In Search of Paradise is a deeply informed account of how the rise of private homeownership is reconfiguring urban space class subjects gender selfhood and ways of life in the reform era New seemingly individualistic lifestyles mark a dramatic move away from yearning for a social utopia under Maoist socialism Yet the privatization of property and urban living have engendered a simultaneous movement of public engagement among homeowners as they confront the encroaching power of the developers This double movement of privatized living and public sphere activism Zhang finds is a distinctive feature of the cultural politics of the middle classes in contemporary China Theoretically sophisticated and highly accessible Zhang s account will appeal not only to those interested in China but also to anyone interested in spatial politics middle class culture and postsocialist governing in a globalizing world

The Labor History Reader Daniel J. Leab, 1985 The Labor History Reader celebrates the first quarter century of the premier journal in its field and provides the richest available source of contemporary thought on American labor history The result is not only a revealing look at the history of American labor but also a better understanding of our changing attitudes toward that history The list of authors in The Labor History Reader reads like an honor roll of the most distinguished labor historians in the United States The volume itself is excellent in chronological scope wide ranging in subjects treated and representative of the main currents of thought which stimulate the writing of American working class history today Maurice F Neufeld professor of labor and industrial relations Cornell University

In Search of Brightest Africa Jeannette Eileen Jones, 2011-11-01 In the decades between the Berlin Conference that partitioned Africa and the opening of the African Hall at the American Museum of Natural History Americans in several fields and from many backgrounds argued that Africa had something to teach them Jeannette Eileen Jones traces the history of the idea of Africa with an eye to recovering the emergence of a belief in Brightest Africa a tradition that runs through American cultural and intellectual history with equal force to its Dark Continent counterpart Jones skillfully weaves disparate strands of turn of the century society and culture to expose a vivid trend of cultural engagement that involved both critique and activism Filmmakers spoke out against the depiction of savage Africa in the mass media while also initiating a countertradition of ethnographic documentaries Early environmentalists celebrated Africa as a pristine continent while lamenting that its unsullied landscape was vanishing New Negro political thinkers also wanted to save Africa but saw its fragility in terms of imperiled human promise Jones illuminates both the optimism about

Africa underlying these concerns and the racist and colonial interests these agents often nevertheless served The book contributes to a growing literature on the ongoing role of global exchange in shaping the African American experience as well as debates about the cultural place of Africa in American thought

In Search of the Mexican Beverly Hills Jerry González, 2017-11-15 Residential and industrial sprawl changed more than the political landscape of postwar Los Angeles It expanded the employment and living opportunities for millions of Angelinos into new suburbs In Search of the Mexican Beverly Hills examines the struggle for inclusion into this exclusive world a multilayered process by which Mexican Americans moved out of the barrios and emerged as a majority population in the San Gabriel Valley and the impact that movement had on collective racial and class identity Contrary to the assimilation processes experienced by most Euro Americans Mexican Americans did not graduate to whiteness on the basis of their suburban residence Rather In Search of the Mexican Beverly Hills illuminates how Mexican American racial and class identity were both reinforced by and took on added metropolitan and transnational dimensions in the city during the second half of the twentieth century

In Search of American Jewish Culture Stephen J. Whitfield, 1999 A leading cultural historian explores the complex interactions of Jewish and American cultures

In Search of Middle Indonesia, 2014-01-16 The middle classes of Indonesia's provincial towns are not particularly rich yet nationally influential This book examines them ethnographically Rather than a market friendly liberal middle class it finds a conservative petty bourgeoisie just out of poverty and skilled at politics Please note that Sylvia Tiede's article pp 89-110 will only be available in the print edition of this book 9789004263000

New Working-Class Studies John Russo, Sherry Lee Linkon, 2018-08-06 We put the working class in all its varieties at the center of our work The new working class studies is not only about the labor movement or about workers of any particular kind or workers in any particular place even in the workplace Instead we ask questions about how class works for people at work at home and in the community We explore how class both unites and divides working class people which highlights the importance of understanding how class shapes and is shaped by race gender ethnicity and place We reflect on the common interests as well as the divisions between the most commonly imagined version of the working class industrial blue collar workers and workers in the new economy whose work and personal lives seem at first glance to place them solidly in the middle class from the Introduction In John Russo and Sherry Lee Linkon's book contributors trace the origins of the new working class studies explore how it is being developed both within and across fields and identify key themes and issues Historians economists geographers sociologists and scholars of literature and cultural studies introduce many and varied aspects of this emerging field Throughout they consider how the study of working class life transforms traditional disciplines and stress the importance of popular and artistic representations of working class life
