Bartlett, 2013-01-01 Award winning lecturer Kenneth R Bartlett applies his decades of experience teaching the Italian Renaissance to this beautifully illustrated overview In his introductory Note to the Reader Bartlett first explains why he chose Jacob Burckhardt's classic narrative to guide students through the complex history of the Renaissance and then provides his own contemporary interpretation of that narrative Over seventy color illustrations genealogies of important Renaissance families eight maps a list of popes a timeline of events a bibliography and an index are included **House & Garden**, 1921 *Planning and Place in the City* Marichela Sepe, 2013-03-05 Under the influence of globalization the centres of many cities in the industrialised world are losing their place identity the set of cultural markers that define a city's uniqueness and make it instantly recognisable A key task for planners and residents working together is to preserve that unique sense of place without making the city a parody of itself In *Planning and Place in the City* Marichela Sepe explores the preservation reconstruction and enhancement of cultural heritage and place identity She outlines the history of the concept of placemaking and sets out the range of different methods of analysis and assessment that are used to help pin down the nature of place identity This book also uses the author's own survey based method called PlaceMaker to detect elements that do not feature in traditional mapping and identifies appropriate planning interventions Case studies investigate cities in Europe North America and Asia which demonstrate how surveys and interviews can be used to draw up an analytical map of place identity This investigative work is a crucial step in identifying cultural elements which will influence what planning decisions should be taken in the future The maps aim to establish a dialogue with local residents and support planners and administrators in making sustainable changes The case studies are amply illustrated with survey data sheets photos and coloured maps Innovative and broad based *Planning and Place in the City* lays out an approach to the identification and preservation of place and cultural heritage suitable for students academics and professionals alike

Furnishing Fascism Ignacio G. Galán, 2025-05-16 The role of modernist interior design in the construction of Italian nationalism Along with the rise of Mussolini's fascist regime the interwar years in Italy also saw the widespread development of its modernist interior design and furnishing practices While the regime's politics were overtly manifest in monumental

government architecture *Furnishing Fascism* examines the subtler yet effective role of household goods and decor in the cultivation of Italy's exclusionary sense of national identity Presenting a fresh look at the work of various architects and designers including iconic figures such as Gio Ponti and Carlo Enrico Rava Ignacio G. Galán explores how seemingly neutral products of everyday life contributed to the propagation of fascist ideology Through extensive promotion in popular magazines and department stores on the film sets of Cinecitt Studios and throughout the country's colonial territories Italy's modernist design practices were part of a larger political project that aimed to produce a totalizing image of cultural hegemony Interweaving design theory architectural history and media scholarship *Furnishing Fascism* reexamines the period's so-called minor arts to reveal the political entanglement of modernism in early twentieth-century Italy and offers valuable insight into the complications of cultural production under the auspices of authoritarian power Retail e-book files for this title are screen-reader friendly with images accompanied by short alt text and/or extended descriptions [The Nautical Magazine and Naval Chronicle for 1868](#) Various, 2013-03-28 The 1868 Nautical Magazine includes coverage of the Pacific region a tsunami and possible climate impacts of deforestation and pollution **Intimacy and Italian Migration** Loretta Baldassar, Donna R. Eric Martone, 2016-12-12 The entire Italian American experience from America's earliest days through the present is now available in a single volume. This wide-ranging work relates the entire saga of the Italian American experience from immigration through assimilation to achievement. The book highlights the enormous contributions that Italian Americans, the fourth largest European ethnic group in the United States, have made to the professions, politics, academy, arts, and popular culture of America. Going beyond familiar names and stories, it also captures the essence of everyday life for Italian Americans as they established communities and interacted with other ethnic groups. In this single volume, readers will be able to explore why Italians came to America, where they settled, and how their distinctive identity was formed. A diverse array of entries that highlight the breadth of this experience, as well as the multitude of ways in which Italian Americans have influenced U.S. history and culture, are presented in five thematic sections. Featured primary documents range from a 1493 letter from Christopher Columbus announcing his discovery to excerpts from President Barack Obama's 2011 speech to the National Italian American Foundation. Readers will come away from this book with a broader understanding of and greater appreciation for Italian Americans' contributions to the United States.
