Its My Turn:

Now It's My Turn Mary Cheney, 2006-05-12 Who is Mary Cheney In the most eagerly awaited political memoir of the season Mary Cheney who served as a top campaign aide to her father the vice president presents a behind the scenes look at the high intensity world of presidential politics and talks for the first time about her life her family and her role in the campaigns of 2000 and 2004 As a senior adviser to her father she was in the middle of every major event of the 2000 and 2004 presidential contests at the conventions the debates and on the trail Both elections made history and so did Mary And for the first time ever she writes about what it was like to be at the center of her father s campaigns as his daughter as a member of the senior staff and though she never intended it as a political target for the other side Mary her experiences and her opinions have been the subject of intense debate in the media and from activists on both ends of the political spectrum but she has never spoken publicly about herself her life or her political views until now In Now It s My Turn a frank funny and down to earth memoir Mary Cheney describes life inside the bubble of a national campaign She talks about her close relationship with her parents how it feels to be pursued by the press and what it was like when John Edwards and John Kerry made her sexual orientation an issue in live debates televised to millions of Americans As she describes it life inside a presidential campaign can be uplifting frustrating and heartbreaking but no matter what else it may be it s always entertaining
