Its Your Choice:

It's Your Choice Peter E. Shanaghan,1987 **It's Your Choice** Dan Harsh,2019-08-29 Every day we make choices These choices impact our lives our careers our families our health our successes and our failures Often we make choices without considering the impact or consequences that may result We make choices every day in the workplace and in our personal lives that mold and craft our future and we are not even aware of it Where we are today is a direct result of the choices we have made Where we will be tomorrow is directly related to the choices we are going to make Each of us has been dealt a hand of cards The cards we have been dealt may have been outside our control However how we respond to these cards is 100 percent within our control The best poker players don t win because they always have the best cards they win because they know how to play the cards they are dealt They know when to fold when to stay in the game how to read the other players at the table and when to bluff They win because of choices they make with the cards they were dealt It s Your Choice will help bring clarity and perspective to the choices you are faced with each day in the workplace and in your personal life It will bring reason and logic to things that you may not have considered before It s Your Choice is designed to challenge you to think differently more clearly and with a larger perspective of the choices you make each day There will be things in It s Your Choice you don t want to hear There will be things shared that will challenge you to think deeper than you have in the past What you do with what you read in It s Your Choice is indeed your choice It's Your Choice Ronnie Jerome Dufael,2011-09-28 This book can change your life In this book you will discover a number of things for your happy amazing prosperity You will experience a complete change of attitude What you discover will amaze you See life as youve never seen life before Your self esteem will dramatically increase You like me will discover that your positive emotional feelings are a protective shield around you The natural laws and principles presented here will help you easily solve your problems They will instill in you the energy of self motivation You will come to the awareness that what we do we do for the Experience of it Your life is a reflection of your thoughts You will attract people and things of your predominant thoughts your strongest thoughts You will realize that you can easily feel proud to own the person you are Yes you can be proud of the person that is you You will discover that it is much easier to do things when you are happy Yes you can easily solve any problem you may have by discovering and applying these natural laws and principles The book will help you so you could help yourself The book will program new thoughts in you Your new thoughts will enable you to do and have things you never thought possible for you I ask of you two things as you start this journey I ask that you read with an open mind and be honest and true to yourself Have the courage to admit certain lack or shortcomings of yours to you When you do you put yourself in a position to change you You may not understand or agree with everything in these pages but certain things will ring true To believe someone or something is special you just have to continue to think they are special People do just that in everyday life without being quite aware of it As long as you continue to think they are special you will believe they are special If you

believe they are special you will treat them in special ways The Breath Method takes away the pain As you use the Breath Method you will come to later you will notice that it takes away emotional pain There is a saying amongst teachers Teachers said that repetition is the mother of retention The repetition methods I have used in my books have proven to be very successful for retention of knowledge As you go through the material you will discover this to be true These laws and principles will make it easier for you to do and have anything you want including money **It's Your Life It's Your Choice - Create Tomorrow's Successes Today** Chris Demetriou,2012-02 The choices you make today frame your tomorrows The ability to make the right choices is one of the most important skills you can learn It is a critical factor that enables you to take command of every situation and use it to your benefit The good news is you can learn to make the right choices You can be taught how to set a course and direction in life that moves you toward success and happiness Choices are building blocks for every future accomplishment Every advance you make begins with a single idea a single thought It is the fresh ideas you generate daily that will help you to solve problems overcome obstacles and achieve your goals Ideas are keys to what lies ahead so expect your mind to be flooded with new ideas as you read this inspirational book *Life - It's a Choice!* Bernie M. Espero,2025-03-31 As an author Bernie brings a wealth of practical knowledge and personal insight to his writing His book *Life It s a Choice* reflects his deep understanding of human nature and the intricate dynamics of interpersonal relationships Bernie s profound observations are not merely theoretical they are drawn from decades of real world experience and heartfelt interactions with diverse individuals In July 2023 Bernie took a year long career break to focus on completing his book a project that has been 14 years in the making He seamlessly integrates the wisdom gained from his extensive professional background with his personal philosophy offering readers a distinctive perspective on making conscious choices to lead a fulfilling life His work is not just a reflection of his professional achievements but also a testament to his enduring passion for understanding and connecting with others Bernie Espero s writing is characterized by its engaging and thought provoking style making complex ideas accessible and captivating His ability to distill profound truths into practical advice ensures that his readers come away with not only new insights but also actionable strategies for achieving their own potential Through his book Bernie continues to inspire and guide embodying the principles of empathy curiosity and excellence that he aspires to live by *Resources in Education* ,1991-10 **It's Your Move** Nick Savoy,2013-02-05 In his popular Love Systems dating bootcamps famed pickup artist and dating coach Nick Savoy has taught tens of thousands of men how to attract and seduce the women they desire Now after watching countless interactions between the sexes and hearing what men really think about women dating and playing the game Savoy is sharing his best kept secrets and proven pickup tips with today s single women HERE S WHAT MEN WILL NEVER TELL YOU UNTIL NOW Why he won t return your calls Why it s too soon to send a text Why you never seem to meet the right guy What he really thinks about you and your BFFs You ll learn all this and more in this indispensable guide to the other side of dating Discover how to Attract any man

The Freedom Model for Addictions Steven Slate ,Mark W. Scheeren,Michelle L. Dunbar,2017-11-20

It's Your Misfortune and None of My Own Richard White,2015-02-16 A centerpiece of the New History of the American West this book embodies the theme that as succeeding groups have occupied the American West and shaped the land they have done so without regard for present inhabitants Like the cowboy herding the dogies they have cared little about the cost their activities

imposed on others what has mattered is the immediate benefit they have derived from their transformation of the land Drawing on a recent flowering of scholarship on the western environment western gender relations minority history and urban and labor history as well as on more traditional western sources It s Your Misfortune and None of My Own is about the creation of the region rather than the vanishing of the frontier Richard White tells how the various parts of the West its distinct environments its metropolitan areas and vast hinterlands the various ethnic and racial groups and classes are held together by a series of historical relationships that are developed over time Widespread aridity and a common geographical location between the Missouri River and the Pacific Ocean would have provided but weak regional ties if other stronger relationships had not been created A common dependence on the deferral government and common roots in a largely extractive and service based economy were formative influences on western states and territories A dual labor system based on race and the existence of minority groups with distinctive legal status have helped further define the region Patterns of political participation and political organization have proved enduring Together these relationships among people and between people and place have made the West a historical creation and a distinctive region From Europeans contact and subsequent Anglo American conquest through the civil rights movement the energy crisis and the current reconstructing of the national and world economies the West has remained a distinctive section in a much larger nation In the American imagination the West still embodies possibilities inherent in the vastness and beauty of the place itself But Richard White explains the possibilities many imagined for themselves have yielded to the possibilities seized by others Many who thought themselves cowboys have in the end turned out to be dogies *Taken Into Time "By the Spirit of God"* Joseph Gartenmayer,2012-10 I am Joseph a friend of Jesus Christ Come go with me as I recount just a few of the steps and wondrous things that the Spirit of God has reveled to me and perhaps to you as well Just allow Your Spirit to give you Re Call as you search into your past dreams You just may find yourself saying I remember now I was there also You can chose to believe me or ignore what I have written in this book That is your choice But either way you should ask the Spirit of God to open your eyes and heart that you yourself can see as I have the other side and that you can then answer the most hardest question in life Is God Real and should I believe Its the hardest or easiest choice you ll ever make in life because its dealing with YOUR eternity and If you don t get to see Jesus as I have Then take it all by Faith as the Bible teaches your time will come to see Jesus as he really is I had to be brought to my knees by life before I was chosen spare yourself of that path because Satan is the keeper of that road and its wide and easy to follow Jesus is real and alive and is just waiting for you to ask him into your heart You should do this now do not wait until your on the death bed or given bad news The noon hour is fast approaching and you may not have another tomorrow Place your hand upon your heart and feel it s life that s how close you are to eternity and its your choice were you will spend it In heaven with Jesus or as Cain The son of Adam Your face hidden from the lord Your decision chose wisely Joseph **Magic...The Simple Truth** Sylvia Bennett,2004-12-16 Alchemy is the art of turning

your trash into treasure The Real Magic Course is a path of transformation Transformation is the magic of which many spiritual writers and teachers have had a great deal to say but about which they have given no practical instructions This book of Real Magic alchemy presents the practical instructions as a simple and sacred technology for todays world Real Magic alchemy is a creative and spiritual art that can help us hone our ability to transmute energy and redefine what it means to be human in todays suffering and challenging world
