**Mahler** Stephen Downes,2013-09-19 The music of Gustav Mahler repeatedly engages with Romantic notions of redemption This is expressed in a range of gestures and procedures shifting between affirmative fulfilment and pessimistic negation In this groundbreaking study Stephen Downes explores the relationship of this aspect of Mahler's music to the output of Benjamin Britten Kurt Weill and Hans Werner Henze Their initial admiration was notably dissonant with the prevailing Zeitgeist Britten in 1930s England Weill in 1920s Germany and Henze in 1950s Germany and Italy Downes argues that Mahler's music struck a profound chord with them because of the powerful manner in which it raises and intensifies dystopian and utopian complexes and probes the question of fulfilment or redemption an ambition manifest in ambiguous tonal temporal and formal processes Comparisons of the ways in which this topic is evoked facilitate new interpretative insights into the music of these four major composers      **Yvan Goll and Bilingual Poetry** James Phillips,1984      Proof

**Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000 Redefining Modernism and Postmodernism Sebnem Toplu,Şebnem Toplu,2010-06-09 Literary and cultural studies in the later twentieth century were very much shaped by debates about modernism and postmodernism as labels for successive periods but also for different competing interpretations of recent cultural history In the twenty first century the shock waves that were sent through the global system on political cultural economic and ecological levels by terrorist attacks regional conflicts poverty the financial crisis and the threat of environmental disaster raise anew the question of how and to what extent the tradition of modernity can be newly defined in a situation where the problematic aspects of these ideas have rightly been exposed but where they nevertheless appear to be crucial for any responsible assessment of contemporary world culture and its future perspectives Redefining Modernism and Postmodernism offers a collection of critical articles that resulted from the International Cultural Studies Symposium at Ege University Izmir Turkey in 2009 Scholars from around the world have contributed to this volume reflecting the current perspective on modernism and postmodernism shedding new light on literature literary theory philosophy politics religion film and art Providing an account of this field this book enables readers to navigate the subject by introducing essays on transformations of modernism and postmodernism in the twenty first century and the debates beyond the modernism postmodernism dichotomy

**Ivan Goll** Margaret A. Parmée,1981 **Memoirs** Hans Jonas,2021-04 Jonas was a veritable intellectual celebrity in Germany owing to the runaway success of his 1979 book The Imperative of Responsibility an extra ordinarily timely work that mediates between humankind s enormous technological capacities and its diminished moral sensibilities The book became something of a cultural shibboleth Jonas himself became a celebrated public intellectual For Jonas this development must have been enormously gratifying In the 1920s Jonas studied philosophy with Edmund Husserl and Martin Heidegger at universities in Marburgh and Freiburg but the Nazi regime s early attempts to Aryanize the universities forced Jonas to leave Germany for London He emigrated to Palestine in 1935 and eventually enlisted in the British Army s Jewish Brigade to fight against Hitlerism Following the Israeli War of Independence in which he also fought he emigrated to the US and took a position at the New School for Social Research in New York He became part of a circle of friends around Hannah Arendt and Heinrich Blucher which included Adolph Lowe and Paul Tillich Because Jonas s life spanned nearly the entire twentieth century this memoir provides nuanced pictures of a host of important historical moments of German Jewry during the Weimar Republic of German Zionism of the Jewish emigrants in Palestine during the 1930s and 1940s and of German Jewish emigre intellectuals in New York In addition Jonas outlines the development of his work beginning with his studies under Husserl and Heidegger and extending through his later metaphysical speculations about God after Auschwitz

**Exclusion, Exile, and the Wandering Jew in Jewish Literature** Regine Rosenthal,2024-02-06 Based on a medieval extrabiblical Christian legend the figure of the Wandering Jew has long served as

a negative representation of all Jews Condemned by Christ to endless wandering and everlasting life the Wandering Jew has lived on ever since in literature and criticism as a legendary and symbolic paradigm ranging from anti Jewish stereotype to the generalized cultural Other While Romanticism took him outside of the Jewish context nineteenth century antisemitic racism again adopted the figure in an evolving discourse that culminated in his image in Nazi propaganda as the despicable racialized cultural Other who needed to be exterminated The present work takes up this trope in all its complex intersecting facets and shifts the focus of the inquiry from the perspective of the dominant culture to that of the Jewish Other Starting with nineteenth century American popular and mainstream writers it explores the responses to and the subversions and reinventions of the paradigmatic figure in works by a variety of European Canadian and American Jewish writers and thinkers It also opens the discussion to the broader issues of contemporary society and politics such as pervasive uprootedness transborder migration the plight of refugees and states rights versus human rights

**Writing Between the Lines** Eric Robertson, 2023-12-11 This book is the first major study in English of Ren Schickele's work Hailed by his contemporaries as one of the foremost German language novelists of the inter war period and celebrated for his Expressionist poetry and his controversial First World War drama *Hans im Schnakenloch* Schickele also produced socio critical essays and pioneering editorial work for the pacifist journal *Die Wei ße Blätter* From his literary debuts in France from Strasbourg to the French and German prose fiction of his anti Nazi exile Schickele's work reflects his bilingual bicultural upbringing his vision of Alsace as a symbolic broker of Franco German peace finds its clearest expression in the trilogy of novels *Das Erbe am Rhein* Schickele remains a paradoxical figure in his own words a citizen of France and German poet Through readings of all the major texts Eric Robertson's study situates Schickele's work within its socio political and historical context Particular attention is paid to the personal and political implications of his adoption of German as literary idiom and his reversion to the French mother tongue during the 1930s Schickele's copious diaries and his correspondence with fellow writers including Thomas Mann Heinrich Mann and Stefan Zweig are shown to be especially revealing Schickele's oeuvre holds a unique and hitherto underrated place in the European writing of his era

**German Expressionism in the United Kingdom and Ireland** Brian Keith-Smith, 1986

*YVAN GOLL ED IL CROLLO DEL MITO D'EUROPA* Elisabetta Terigi, 2013 The objective of this work is to investigate the meaning of myth in the work of Yvan Goll 1891-1950 a Franco German bilingual and Jewish poet In his poems characters of the classical tradition alternate with biblical and historical figures among all stands out the topic of the myth of Europe understood as a geographical space and universal homeland for all those who were born in a

borderland like Goll feel heimatlos that is stateless The aim of the thesis is to demonstrate how the artist's dialogue with the myth follows precise and constant rules with a clear goal to send a strong message to the contemporary world Taking into consideration the works dedicated to the mythical heritage it is observed how after the Mythisierung mythisation of the old continent the author deconstructs his own creation through a systematic Entmythisierung demythisation Between Two Worlds Lothar Kahn, Donald D. Hook, 1993 Well known writers such as Kafka and Heine are discussed but it is the scores of lesser lights also included that give this book its comprehensiveness These are the people that give us a more representative picture of the contribution made by writers of Jewish origin to the German literary experience *Nouveaux regards sur Ivan Goll en exil avec un choix de ses lettres des Amériques* Stephen Steele, 2010-10-06 Cet ouvrage vient combler une lacune dans l'historiographie récente de l'exil américain durant la Deuxième Guerre mondiale car le nom d'Ivan Goll est souvent absent ou réduit à une simple mention Il arrive Goll d'être rattaché par les travaux de l'Exilforschung à la migration de langue allemande un moment qui le voit pourtant délaissé par l'allemand au profit du français et même de l'anglais Puisant dans une vingtaine de fonds d'archives des deux côtés de l'Atlantique la recherche menée a permis de placer Goll auprès de poètes américains et des surréalistes réfugiés New York dans ses tentatives d'établir des connexions avec les appareils de publication et la vie littéraire newyorkaise Parmi les lettres inédites retenues pour reproduction la fin de l'étude figurent celles écrites lors du séjour de Goll à La Havane en 1940 William Carlos Williams et Louise Bogan ont la poésie de Goll Parmenia Jean sans Terre et sa correspondance se complètent au contact de fruits pleins de surprise et de femmes succulentes non sans suggérer l'existence d'un tourisme sexuel sur l'île **Art mondial** Heike Schmidt, 1999 **Yvan Golls Gedicht "Paris brennt"** Johannes Ullmaier, 2014-05-14 Die Zagreber Erstfassung von Yvan Golls 1891/1950 Gedicht Paris brennt einem der längsten und zugleich vielschichtigsten Gedichte innerhalb der deutschsprachigen literarischen Avantgarde ist bislang in der Forschung weitgehend unberücksichtigt geblieben wohl nicht zuletzt deshalb weil sie 1921 als Sonderdruck der Zagreber Literaturzeitschrift Zenit und damit auch als programmatisches Werk des kurzlebigen Zenitismus erschienen der allgemeinen Aufmerksamkeit entzogen und schwer zugänglich war Diese ursprüngliche Version enthielt im Vergleich zu den späteren bekannteren Fassungen Paris 1923 französisch Berlin 1924 deutsch nicht nur deutlich mehr Text sondern z.B. auch einmontierte Postkartenmotive und collagenartige Fremdsprachenzitate anderer Dichter was den avantgardistischen Impetus bei weitem deutlicher hervortreten lässt Bei genauerer Betrachtung erweist sich Golls Gedicht welches in Hinblick auf seine Anbindung an die romantische Avantgardetradition insbesondere etwa Apollinaires Zitate oder Huidobros Ecuatorial in der deutschsprachigen Literatur einzigartig dasteht als eklektizistischer Versuch die seit dem Startschuß der Avantgardebewegungen durch den italienischen Futurismus herausgebildeten Errungenschaften modernistischen Schreibens in einem Text zu vereinen Unabhängig davon für wie überzeugend man das Ergebnis halten mag bildet Paris brennt in seiner Vielschichtigkeit einen nahezu idealen Ausgangspunkt zur weitergehenden Erläuterung einiger der entscheidendsten

avantgardistischen Verfahren So wird es möglich verschiedene Arten von Montage Collage und Simultanismus sowie deren Anbindung an die vitalistisch grundierte Idee der Simultaneität systematisch zu analysieren **Monatshefte** ,1946
