The Irrelevant Leader Phil Jewell,2025-07-03
Somewhere along the way we embraced the idea that good leaders should always know everything that s going on and have all the answers That staying in the loop means staying in charge Yet what if the real measure of leadership isn t how involved we are but how well the teams we lead can keep moving forward when we re not there After years in the military and then moving into civilian leadership roles Author Phil Jewell saw leaders struggling with the belief that they had to be involved in every process every decision to be successful Yet Phil had already learned a truth they hadn t yet discovered the team is the centre not the leader *The Irrelevant Leader The Art of Leading by Letting Go* challenges the traditional leadership model and provides today s leaders with a new way to lead one that is sustainable impactful and fulfilling Based on the author s years in military and civilian leadership roles this guide offers eight principles for leaders to rethink their leadership styles and move from relevance to irrelevance creating stronger teams with less overwhelm and greater results Direct and honest *The Irrelevant Leader* is a must have for leaders who want to build strong independent teams that are able to operate while they re not there After all leadership isn t about being the hero but about developing people so they don t need one

Destiny. Have you taken a leap of faith in life only to discover that you have crossed an invisible threshold that seems to have launched you into an unfamiliar place where nothing looks or works the way it used to? Do you feel stranded on strange seas without a map or a compass? Does it feel as if you are drifting through life without a rudder or as if you are rowing hard but getting nowhere fast, hitting stronger, more contrary winds than you anticipated? Do you feel stuck between a former somewhere to which you cannot return and a new somewhere that you cannot seem to reach? Welcome to the gap. You are living in a messy but miraculous patch of real estate, albeit in the unstable element of life's transitions that lies between your current reality and the location of your desired destiny. Traversing this gap is a vital step in the journey of all human beings, regardless of their race, gender, or creed. The assumption that God is in control of absolutely everything in our life will be challenged as we enter the gap to find that this notion isn't necessarily so. Rather, the choices we make determine the outcomes we receive. When you arrived on this planet, you weren't handed a script to memorize and follow. You have had to walk by faith from the moment you learned to put one foot in front of the other. You were surely created with a grand design in mind, one that includes your capacity to invoke, evoke, and provoke personal destiny. Calling your destiny into being requires your intentional participation and cooperation. Through *LifeQuest*, seasoned people helper, semiotician, professional certified coach, and master consultant Dr. Mark Chironna will guide you in charting a course for your life's journey. He will help you to ask the right questions, encourage you to explore the mysterious gap between your current reality and your future destiny.
