Literature And Nature Four Centuries Of Nature Writing:

Literature and Nature Bridget Keegan, James C. McKusick, 2001 *Literature and Nature* exposes students to the tremendous diversity of literacy responses to the physical environment The selections cover four centuries of the best nature writing produced in Britain and America from the Renaissance through the twentieth century The book includes contributions by writers from all walks of life men and women of different races classes and nationalities each of whom adds a unique perspective to our understanding of the literary representation of the natural world Contents include a variety of literary forms including poems short stories non fiction essays travel narratives and excerpts from novels These varied selections reveal how concern for the environment cuts across differences of gender social class education religion race and ethnicity *Literature and Nature* provides a wide range of texts from both well known and less familiar writers and it offers students a broad base of knowledge from which to reflect and respond

German-Language Nature Writing from Eighteenth Century to the Present Gabriele Dürbeck, Christine Kanz, 2024-05-11 This volume examines the topic of German language nature writing in a broad historical context spanning more than two centuries It brings together contributions on the debates of the category Nature Writing by numerous renowned international scholars It discusses literary texts of natural history nature exploration nature poetry perception and reflection by German speaking authors since the 18th century including texts by Ulrike Draesner and on Esther Kinsky's writing The book asks whether the here discussed texts can should or may also be labeled as Nature Writing and how this new perspective on German literary history might change traditional classifications such as Naturlyrik nature poetry in German literary history

The Oxford Handbook of American Literary Naturalism Keith Newlin, 2011-03-01 After its heyday in the late nineteenth and early twentieth century naturalism a genre that typically depicts human beings as the product of biological and environmental forces over which they have little control was supplanted by modernism a genre in which writers experimented with innovations in form and content In the last decade the movement is again attracting spirited scholarly debate The Oxford Handbook of American Literary Naturalism takes stock of the best new research in the field through collecting twenty eight original essays drawing upon recent scholarship in literary and cultural studies The contributors offer an authoritative and in depth reassessment of writers from Stephen Crane Frank Norris Theodore Dreiser and Jack London to Kate Chopin Edith Wharton Ernest Hemingway Richard Wright John Steinbeck Joyce Carol Oates and Cormac McCarthy One set of essays focus on the genre itself exploring the historical contexts that gave birth to it the problem of definition its interconnections with other genres the scientific and philosophical ideas that motivate naturalist authors and the continuing presence of naturalism in twenty first century fiction Others examine the tensions within the genre the role of women and African American writers depictions of sexuality the problem of race and the critique of commodity culture and class A final set of essays looks beyond the works to consider the role of the marketplace in the development of naturalism the popular and critical response to the

works and the influence of naturalism in the other arts Literature and Science, 1660-1834, Part II vol 5 Judith Hawley, 2024-10-28 This volume reproduces primary texts which embody the polymathic nature of the literature of science and provides editorial overviews and extensive references to provide a resource for specialized academics and researchers with a broad cultural interest in the long 18th century

The Oxford Handbook of Samuel Taylor Coleridge Frederick Burwick, 2012-02-23 A practical and comprehensive reference work the Oxford Handbook provides the best single volume source of original scholarship on all aspects of Coleridge's diverse writings Thirty seven chapters bringing together the wisdom of experts from across the world present an authoritative in depth and up to date assessment of a major author of British Romanticism The book is divided into sections on Biography Prose Works Poetic Works Sources and Influences and Reception The Coleridge scholar today has ready access to a range of materials previously available only in library archives on both sides of the Atlantic The Bollingen edition of the Collected Works of Samuel Taylor Coleridge forty years in production was completed in 2002 The Coleridge Notebooks 1957 2002 were also produced during this same period five volumes of text with an additional five companion volumes of notes The Clarendon Press of Oxford published the letters in six volumes 1956 1971 To take full advantage of the convenient access and new insight provided by these volumes the Oxford Handbook examines the entire range and complexity of Coleridge's career It analyzes the many aspects of Coleridge's literary critical philosophical and theological pursuits and it furnishes both students and advanced scholars with the proper tools for assimilating and illuminating Coleridge's rich and varied accomplishments as well as offering an authoritative guide to the most up to date thinking about his achievements *The Cambridge Companion to English Literature, 1740-1830*

Thomas Keymer, Jon Mee, 2004-06-17 This 2004 volume offers an introduction to British literature that challenges the traditional divide between eighteenth century and Romantic studies Contributors explore the development of literary genres and modes through a period of rapid change They show how literature was shaped by historical factors including the development of the book trade the rise of literary criticism and the expansion of commercial society and empire The first part of the volume focuses on broad themes including taste and aesthetics national identity and empire and key cultural trends such as sensibility and the gothic The second part pays close attention to the work of individual writers including Sterne Blake Barbauld and Austen and to the role of literary schools such as the Lake and Cockney schools The wide scope of the collection juxtaposing canonical authors with those now gaining new attention from scholars makes it essential reading for students of eighteenth century literature and Romanticism

A History of Western American Literature Susan Kollin, 2015-12-11 The American West is a complex region that has inspired generations of writers and artists Often portrayed as a quintessential landscape that symbolizes promise and progress for a developing nation the American West is also a diverse space that has experienced conflicting and competing hopes and expectations While it is frequently imagined as a place enabling dreams of new beginnings for settler communities it is likewise home to long standing indigenous

populations as well as many other ethnic and racial groups who have often produced different visions of the land This History encompasses the intricacy of Western American literature by exploring myriad genres and cultural movements from ecocriticism settler colonial studies and transnational theory to race ethnic gender and sexuality studies Written by a host of leading historians and literary critics this book offers readers insight into the West as a site that sustains canonical and emerging authors alike and as a region that exceeds national boundaries in addressing long standing global concerns and developments

The Marvels of the World Rebecca Bushnell,2021-03-12 Long before the Romantics embraced nature people in the West saw the human and nonhuman worlds as both intimately interdependent and violently antagonistic With its peerless selection of ninety eight original sources concerned with the natural world and humankind s place within it *The Marvels of the World* offers a corrective to the still prevalent tendency to dismiss premodern attitudes toward nature as simple or univocal Gathering together medical texts herbals and how to books as well as scientific religious philosophical and poetic works dating from antiquity to the dawn of the Enlightenment the anthology explores both mainstream and unconventional thinking about the natural world Its seven parts focus on philosophy and science plants animals weather and climate ways of inhabiting the land gardens and gardening and European encounters with the wider world Each section and each of the book s selections is prefaced with a helpful introduction by volume editor Rebecca Bushnell that weaves connections among these compelling pieces of the past The early writers collected here wrote with extraordinary openness about ways of coexisting with the nonhuman forces that shaped them Bushnell demonstrates even as they sought to control and exploit their environment Taken as a whole *The Marvels of the World* reveals how many of these early writers cared as much about the natural world as we do today

The Cambridge Companion to 'Lyrical Ballads' Sally Bushell,2020-01-09 This accessible collection of essays provides an essential introduction to the volume of poetry that defined British Romanticism

Black Nature Camille T. Dungy,2009 *Black Nature* is the first anthology to focus on nature writing by African American poets a genre that until now has not commonly been counted as one in which African American poets have participated Black poets have a long tradition of incorporating treatments of the natural world into their work but it is often read as political historical or protest poetry anything but nature poetry This is particularly true when the definition of what constitutes nature writing is limited to work about the pastoral or the wild Camille T Dungy has selected 180 poems from 93 poets that provide unique perspectives on American social and literary history to broaden our concept of nature poetry and African American poetics This collection features major writers such as Phillis Wheatley Rita Dove Yusef Komunyakaa Gwendolyn Brooks Sterling Brown Robert Hayden Wanda Coleman Natasha Trethewey and Melvin B Tolson as well as newer talents such as Douglas Kearney Major Jackson and Janice Harrington Included are poets writing out of slavery Reconstruction the Harlem Renaissance the Black Arts Movement and late twentieth and early twenty first century African American poetic movements *Black Nature* brings to the fore a neglected and vital means of considering poetry by African
