Literature And Tolerance View From Prague:

The Dissident Politics in Václav Havel's Vanek Plays Carol Strong, 2023-09-05 The Dissident Politics in Václav Havel's Vanek Plays Who Is Ferdinand Vanek Anyway focuses on Ferdinand Vanek a semi autobiographical character created by Václav Havel and featured in a series of nine plays written by Havel himself and three other dissident writers Pavel Kohout Pavel Landovský and Jir Dienstbier By exploring the Vanek experience Carol Strong details a multi episodic absurdist journey that provides an insider's view of the challenges facing those daring enough to question the status quo a view that remains relevant today Strong's contention is that the lines found in these plays served as a secret language of dissent in Cold War Czechoslovakia which called the citizenry to contemplate the need for societal reform As the plays were written at a time when the work of Havel and other dissidents were banned the plays were never performed publicly but through clandestine living room performances and the sharing of samizdat scripts the plays found an audience Select phrases were indeed whispered throughout underground networks and helped forge a sense of oppositional solidarity among potential activists Strong's argument is that the Vanek experience metaphorically highlights how official power mechanisms are among the least insidious forms of societal power as the state must follow predictable patterns of legal jurisprudence By contrast non governmental forms of power as exercised by one's fellow citizens through informal social channels can challenge oppositional actors more because of the personal tone they adopt Using this approach Strong presents a timelessly relevant critique of modern society with its consumerist conformist tendencies *Encyclopedia of Life Writing* Margaretta Jolly, 2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important autobiographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms **Writing and Responsibility** Carl Tighe, 2005-07-12 In a world where literary scandals often end up in court the issue of responsibility in writing has never been more important In this groundbreaking study Carl Tighe asks the questions every writer needs to consider What is it that writers do Are they responsible for all the uses to which their writing might be put Or no more responsible than their readers How are a writer's responsibilities compromised or defined by commercial or political pressures or by notions of tradition or originality How does a writer's audience affect their responsibilities Are these the same for writers in all parts of the world under all political and social systems The first part of this book defines responsibility and looks at its relation to ideas such as power accuracy kitsch and political correctness The second part examines how particular writers have dealt with these issues through a series of often controversial case studies including American Psycho Crash and The Tin Drum Writing and Responsibility

encourages its readers to interrogate the choices they make as writers A fascinating look at the public consequences of the private act of writing Carl Tighe's book is a must read for everyone who writes or studies writing **Censorship** Derek Jones, 2001-12-01 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Czech Republic** Vladka Edmondson, David Short, 1999 Most entries of this revised edition are new as so much has been recently published on Czech affairs All aspects of the country are covered in selective critical annotations of pre eminently English language publications making this an invaluable reference work for scholars students and the general reader alike **Eastern Europe** Richard Frucht, 2004-12-22 A contemporary analysis of the people cultures and society within the regions that make up Eastern Europe Eastern Europe An Introduction to the People Lands and Culture sheds light on modern day life in the 16 nations comprising Eastern Europe Going beyond the history and politics already well documented in other works this unique three volume series explores the social and cultural aspects of a region often ignored in books and curricula on Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country Cosmos and Materiality in Early Modern Prague Suzanna Ivanič, 2021 In the seventeenth century Prague was the setting for a complex and shifting spiritual world By studying the city's material culture this book presents a bold alternative understanding of early modern religion in central Europe The Salisbury Review, 1994 A quarterly magazine of conservative thought **Literature and Tolerance** Václav Havel, Karel Capek, Ivan Klíma, 1994 Essays by important Czech writers on literature and tolerance **Rites and Passages** Jay R. Berkovitz, 2010-08-03 In September 1791 two years after the Revolution French Jews were granted full rights of citizenship Scholarship has traditionally focused on this turning point of emancipation while often overlooking much of what came before In Rites and Passages Jay R Berkovitz argues that no serious treatment of Jewish emancipation can ignore the cultural history of the Jews during the ancien régime It was during the late seventeenth and eighteenth centuries that several lasting paradigms emerged within the Jewish community including the distinction between rural and urban communities the formation of a strong lay leadership heightened divisions between popular and elite religion and the strain between local and regional identities Each of these developments reflected the growing tension between tradition and modernity before the tumultuous events of the French Revolution Rites and Passages emphasizes the resilience of religious tradition during periods of social and political turbulence Viewing French Jewish history through the lens of ritual Berkovitz describes the struggles of the French Jewish minority to maintain its cultural distinctiveness while also participating in the larger social and economic matrix In the ancien régime ritual systems were a

formative element in the traditional worldview and served as a crucial repository of memories and values After the Revolution ritual signaled changes in the way Jews related to the state French society and French culture In the cities especially ritual assumed a performative function that dramatized the epoch making changes of the day The terms and concepts of the Jewish religious tradition thus remained central to the discourse of modernization and played a powerful role in helping French Jews interpret the diverse meanings and implications of emancipation Introducing new and previously unused primary sources *Rites and Passages* offers a fresh perspective on the dynamic relationship between tradition and modernity

CURRENT CONTENTS ,1996 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1928 **World Literature Today** ,1995 **The Saturday Review of Politics, Literature, Science and Art** ,1902 **The Publishers Weekly** ,1995 **Renaissance** Václav Klaus,1997 A collection of twenty nine essays and speeches originally given in English by Czech Republic prime minister V clav Klaus on economic reform ecological policy the future of Europe the relationship between art and toleration and more Nineteen of the essays and speeches were previously published in the author s *Rebirth of a Nation Five Years After* 1994 p xiv [Formulating Responses in an Egalitarian Age](#) Marc D. Stern,2005-08-31 At first glance Orthodox Judaism is not compatible with the prevailing world view of equal treatment for all people regardless of their race gender or religion But modern Orthodox Jews share the sense that egalitarianism is a positive moral value so they cannot simply dismiss this contemporary ethos as incompatible with their faith In a range of ways and variety of perspectives from the leading Orthodox scholars in the field this collection of essays explores the affinities and disaffinities between egalitarianism and Jewish tradition *Jewish Thought and Scientific Discovery in Early Modern Europe* David B. Ruderman,2001 A study on the scientific dimension of Jewish intellectual history in the early modern world **CCAR Journal** ,2007 **The Jewish Encyclopedia: a Descriptive Record of the History, Religion, Literature, and Customs of the Jewish People from the Earliest Times to the Present Day** ,1906
